ignorance It is the kind of secrecy which shrouds the work of great scientists such as Bor Curie Einstein Edison and others This secrecy does not result from any deliberate withholding but rather from a mass ignorance and consequent inability to understand the concepts and reasoning required by advanced science The custodians of Ageless Wisdom can no more disclose their knowledge to untrained men and women than great scientists can explain their theories of the universe to children who are still in kindergarten     Character Reading ,1926     **Esoteric Astrology** Ann Davies,2021-01-22 This volume contains two books on Esoteric Astrology with the same name Esoteric Astrology First by Ann Davies with many lessons given to BOTA students and another by Alice Bailey     **Popular Science** ,1909-11 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
