

# 4 Levels Of Consciousness

Your emotional state of being

## 4. Life happens as me

You know you are (all) with Spirit, and at that is, that there is no separation between you, your Higher Self/God and others. You operate from a place of deep compassion. God focus is primarily on being in the present moment, doing what others do you would have others done unto you while you are inspired by Spirit to take aligned action.

## 3. Life happens through me

You believe you are here for a reason, a bigger purpose in touch with your Higher Power and grateful with your intuition, trusting that it will guide you and faith that you will have all your needs met.

## 2. Life happens by me

You believe you have control of everything, that you make things happen because you are causing them to happen. You are ambitious and driven.

## 1. Life happens to me

You feel victimized, helpless, and belief that you have no power. Blaming outside circumstances, people, things, events for reasons why you cannot make change.

## **The Attainment Of Spiritual Consciousness:**

*The Attainment of Spiritual Consciousness* Geoffrey Hodson, 2005-12-01      *Helps Along the Way* Louise Catherine Vallet Anderson, 2013-10 This is a new release of the original 1934 edition      *Mysticism: A Study in Nature and Development of Spiritual Consciousness* Evelyn Underhill, 2017-02-15 Remaining a classic in its field this book explains first how mysticism relates to such things as vitalism theology psychology symbolism and magic This treatment may seem unusual for Christian mysticism but it relates widely to the world as we know it and the different practices therein Part Two explores the awakening purification and illumination of yourself and gives solid groundwork for such things as voices visions dreams and other mystical experience      *The Theosophist* , 1899      *Cosmic Consciousness* Ali Nomad, 2018-02-10 Man is essentially a spiritual being The source of this spiritual Omniscience we may not in our finite intelligence fully cognize because full cognition would preclude the possibility of finite expression The destiny of man is perfection      *Science of Love with Key to Immortality* Ida Mingle, 1926      *Mind* , 1899      *Cosmic Consciousness* Alexander J. McIvor-Tyndall, 2022-08-01 In *Cosmic Consciousness* Alexander J McIvor Tyndall explores the intersection of spirituality and the human experience presenting a profound exploration of consciousness from a metaphysical perspective The text is characterized by its lyrical prose and philosophical depth weaving together elements of mysticism psychology and science McIvor Tyndall examines various states of awareness drawing upon both historical and contemporary thought and offers insights into the nature of reality that resonate with both the individual quest for understanding and the collective search for meaning Alexander J McIvor Tyndall an esteemed figure in the realms of philosophy and spirituality has dedicated his life to the study of consciousness His extensive background in psychology and theology coupled with a deep engagement with various spiritual traditions has informed his unique approach to the subject As a thinker deeply committed to the integration of empirical knowledge with spiritual insight McIvor Tyndall s work serves as a bridge between the scientific and the esoteric providing readers with a comprehensive framework to consider their own experiences and existential questions *Cosmic Consciousness* is highly recommended for those seeking to delve into the depths of their own consciousness and explore the uncharted territories of spirituality Its rich reflective style invites readers to engage in their personal journeys towards awareness and enlightenment making it an essential addition to the libraries of both scholars and laypersons alike interested in the vast possibilities of human existence      ***The Book of Revelation - The Revelation of Christ, to John*** Franciny Beatriz Abreu, 2025-02-05 Mankind still cannot hear the call of their hearts Mankind is blind to the Light Mankind is living in the shadows because of their actions in the world Yes mankind s actions have triggered this fatal war of today As long as they cannot hear God within in the depths of their heart mankind will act like an unreasonable creature unable to understand the purpose of their own life which is to create in their consciousness the feeling of being part of the Unity of the entire Universe and to understand God s plan behind every human life which is sacred just because of this      *Sarvodaya* Chandan Sengupta, All publication rights

reserved Published by Chandan Sengupta This book is prepared for highlighting the doctrines of a political philosophy which had a deepest root in the context of Indian Society duly inflicted with the socialisation process having opportunity for all the individuals in a balanced socio economic format of government and management It has also a uniqueness with which a nation state can work out a comprehensive way of prosperity for all remaining free from any kind of biased apprehension This philosophy was also a part of the core of all initiatives adopted by freedom fighters during Indian and African freedom struggles It has also gained a momentum after attainment of independence to address people s will in a perfect way possible This philosophy has a deeper alignment in the realm of Vedic Culture The Word SARVODAYA addresses similar kind of doctrine through which progress and prosperity of all the segments of a society can be advanced in a perfectly planned way Author is working in the field of Science Technology Informatics and Philosophy since 1995 onwards and published more than 500 titles on different subjects There are different titles on The Bhagavadgita Peace and Nonviolence and several other similar themes related to applied Philosophy and Religion

**Essays on The Bhagavadgita Part VII** Chandan Sengupta, Essays on The Bhagavadgita are a series of publication having a principal objective of reflecting some of the distinct part of the Holy Scripture Some of the references are also incorporated at different places as per need to elaborate the relevance of teachings of the Holy Scripture in modern context Teachings of Veda Upanishad Vedantas and Gita provide valuable instructions which always remain free from the alterations duly observed in and around the context Because of that reason every minute parts of this Holy Scripture are equally important if aspirants prefer following all such teachings in daily life It is also an established fact that teachings of Gita is relevant for aspirants from all walks of life it is not necessary that any aspirant can have any previous knowledge of any other scripture before starting to move through the Holy Scripture and other relevant compilations duly prepared on the basis of the comprehensive teachings of the Holy Scripture

**The Twelve Holy Nights and the Spiritual Hierarchies** Sergei O. Prokofieff, 2004-11-05 Prokofieff draws on the whole extent of Rudolf Steiner s work and combines it with his own original spiritual research to form an intricate picture of the cosmic forces at play between Christmas and Epiphany We are led on a tour through the circle of the zodiac and spiritual hierarchies and shown how they form a path from Jesus to Christ The author further explains that the Starry Script is a key to anthroposophical Christology and shows how it relates to the conception of the First Goetheanum Prokofieff guides us imaginatively through the interior of Steiner s architectural masterpiece destroyed by fire at the end of 1922 whose structure and decorations are seen to constitute a coherent esoteric map Our task now he suggests is to rebuild the First Goetheanum within ourselves and through a new form of self development work toward a truly modern path of initiation Supplementary essays focus on the cosmic aspects of Sophia as well as the being of Michael Prokofieff s seminal study offers a rich source of inspiration for those wishing to penetrate the mysteries of the Twelve Holy Nights and their relation to spiritual beings

**The Month** ,1917 Beyond the Ego David Mutchler, 2012-01-25 We live in a marketplace filled with valuable ideas for

how to be happy yet people continue to suffer We are just now awakening to the principal source of our unhappiness and suffering which is ego Ego wreaks havoc in our daily lives from the pain that individuals couples and families experience all the way up to global tensions and international conflict Most people think of ego as an inflated sense of self importance but this is only a fraction of what it really is Ego is the misidentification of who we are as beings It drives us to think and behave in ways that are inconsistent and incongruent with whom we really are leading always to dissatisfaction and suffering The secret to finding happiness is to loosen ourselves from egos painful grip by going beyond ego and entering the world of Spirit the source of true joy and peace To do so we must first travel through the ego Without proper guidance this trip can be perilous because ego to ensure its own survival makes every attempt to derail us along the way Beyond the Ego is an easy to follow step by step guide to help you make this journey safely The seeds of happiness joy and peace of mind will take root at the outset of your journey and continue to grow every step of your way

**The Sacred Universe** Thomas Berry, 2009-09-16

Dedicated readers of ecology theology or religious philosophy will want to savor each one of these essays from the renowned environmental thinker Library Journal A leading scholar cultural historian and Catholic priest who spent more than fifty years writing about our engagement with the Earth Thomas Berry possessed prophetic insight into the rampant destruction of ecosystems and the extinction of species In this book he makes a persuasive case for an interreligious dialogue that can better confront the environmental problems of the twenty first century These erudite and keenly sympathetic essays represent Berry s best work covering such issues as human beings modern alienation from nature and the possibilities of future regenerative forms of religious experience Asking that we create a new story of the universe and the emergence of the Earth within it Berry resituates the human spirit within a sacred totality This book addresses how the history and diversity of world religions offer ways to engage with Earth how it is necessary to connect with a spirituality that is Earth derived how science can be in conversation with the religious sensibilities of wonder and awe and how our relationship to the natural world is crucial to our spirituality In the earliest essays Berry sounds most optimistic and urges readers to reconcile modern impulses and technology with religious traditions Publishers Weekly Thomas Berry demonstrates in these papers the qualities he calls for humanist vision and imagination Resurgence

The Prospectus of Life in The University of Hard Knocks ... Thomas Parker Boyd, 1920 *Bible Review* ,1920

**The Path** ,1911 **The Yoga of Delight, Wonder, and Astonishment** Jaideva Singh, 1991-08-13 This book offers 112 dh ra s 112 meditations or techniques for experiencing the extraordinary and paradoxical reality of unbounded consciousness called Bhairava In her initial question to Bhairava the Goddess asks him to reveal his own essential nature to her Bhairava praises her question as pertaining to the very essence of the Tantra and he praises the transcendent aspect of the Supreme The Goddess then beseeches Bhairava to teach her the method by which she may gain an understanding of this blissful nondual reality The methods offered here hint at a profound secret only a subtle shift of attention is required in order to bring this astonishing reality into view The shift will open a chink

in the apparently impregnable smoothness of the ordinary world Here are 112 secret gestures of attention that will reveal infinity True to its tantric provenance the Vij na bhairava discovers Supreme Reality in unexpected and bizarre places As one scans the great variety of methods it offers one is struck by the contrast in tone between this text and the classical expositions of Yoga While equally serious the Vij na bhairava has a playful approach anchored in the confidence that one can really never stray from the reality of Shiva Because it is grounded in the tantric realization the text has a freedom to explore meditational domains puritanically disdained by classical Yoga All things all experiences all moments are bathed in the unassailable purity of the absolute consciousness Only a shift of attention a subtle refocusing is required for that extraordinary reality to come into view The Vij na bhairava contains no sustained philosophical position Rather it is an instructional guide that continuously invites the practitioner to look more deeply and more subtly at her own experience The blissful and shattering realizations that she will undergo as a result of its method serves as the only form of proof or justification This is an initiatory manual that instructs in the intricacies of the advanced sport of Shiva      **The Inner Teaching and Yoga** Charles Wase,1921
