Odyssey**

GORDON BROOK-SHEPHERD

The Austrians A Thousand Year Odyssey

D. C. B. Lieven

The Austrians A Thousand Year Odyssey:

The Austrians Gordon Brook-Shepherd, 1996 A thousand years of European history are passed through the prism of the Austrian experience The chief factors which have smothered national development throughout loyalty to a supranational dynasty and confusion over their Germanic roots are traced right down to modern times **The Austrians** Gordon Brook-Shepherd, 2003-01-27 This is a masterful survey of Austria's controversial place at the heart of European history From the Reformation through the Napoleonic and Cold Wars to European Union a superb history of Austria's central role in uniting Western civilization is covered 24 pages of photographs and maps are included Connoisseurs of Austria and its delightful and infuriating inhabitants will agree that Mr Brook Shepherd has got it just about right The Wall Street Journal Engrossing elegantly written history Publishers Weekly **Mises: The Last Knight of Liberalism** Jörg Guido Hülsmann, 2007 *Judicial Review in International Perspective* Gordon Slynn Baron Slynn of Hadley, Mads Tønnesson Andenæs, Duncan Fairgrieve, 2000-01-01 Lord Slynn of Hadley is one of the outstanding judges of his time He has served as a High Court Judge as an Advocate General and a Judge of the European Court of Justice and he has been a Lord of Appeal for ten years This Liber Amicorum bears testimony to the international reputation that he has achieved for his judgments and for his scholarship In the many distinguished contributions judges from international courts and from Supreme Courts and Constitutional Courts together with academics from leading universities around the world have taken the opportunity to celebrate the accomplishments of Lord Slynn's legal career thus far and also to discuss areas of law where Lord Slynn can be expected to give important impulses to further development Mr Gordon Slynn was outstanding The best I have ever known He will go far Lord Denning Master of the Rolls 1980 **Empire** D. C. B. Lieven, 2002-01-01 Focusing on the Tsarist and Soviet empires of Russia Lieven reveals the nature and meaning of all empires throughout history He examines factors that mold the shape of the empires including geography and culture and compares the Russian empires with other imperial states from ancient China and Rome to the present day United States Illustrations Imagology Manfred Beller, Joseph Theodoor Leerssen, 2007 How do national stereotypes emerge To which extent are they determined by historical or ideological circumstances or else by cultural literary or discursive conventions This first inclusive critical compendium on national characterizations and national cultural or ethnic stereotypes contains 120 articles by 73 contributors Its three parts offer 1 a number of in depth survey articles on ethnic and national images in European literatures and cultures over many centuries 2 an encyclopedic survey of the stereotypes and characterizations traditionally ascribed to various ethnicities and nationalities and 3 a conspectus of relevant concepts in various cultural fields and scholarly disciplines The volume as a whole as well as each of the articles has extensive bibliographies for further critical reading Imagology is intended both for students and for senior scholars facilitating not only a first acquaintance with the historical development typology and poetics of national stereotypes but also a deepening of our understanding and analytical perspective by interdisciplinary and comparative

contextualization and extensive cross referencing

The Statesman's Yearbook 2000 B. Turner, 2016-12-28 For the last 136 years The Statesman's Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The appointment of the new editor only the seventh in 136 years brought enhancements to the 1998-99 edition and these are continued in the 2000 edition Internet usage figures are included Specially commissioned essays from major political and academic figures supplement country entries in areas of major upheaval and change A fold out colour section provides a political world map and flags for the 191 countries of the world The task of monitoring the pattern or flow of world change is never ending However the annual publication of The

Statesman's Yearbook gives all the information needed in one easily digestible single volume. It will save hours of research and cross referencing between different sources. A prestigious and popular book, The Statesman's Yearbook is updated every 12 months. In a world of continual change, The Statesman's Yearbook is a necessary annual purchase. A People's History of the European Court of Human Rights Michael Goldhaber, 2008-12-31 The exceptionality of America's Supreme Court has long been conventional wisdom. But the United States Supreme Court is no longer the only one changing the landscape of public rights and values. Over the past thirty years, the European Court of Human Rights has developed an ambitious American style body of law. Unheralded by the mass press, this obscure tribunal in Strasbourg, France, has become in many ways the Supreme Court of Europe. Michael Goldhaber introduces American audiences to the judicial arm of the Council of Europe, a group distinct from the European Union and much larger, whose mission is centered on interpreting the European Convention on Human Rights. The Council routinely confronts nations over their most culturally sensitive hot button issues. It has stared down France on the issue of Muslim immigration, Ireland on abortion, Greece on Greek Orthodoxy, Turkey on Kurdish separatism, Austria on Nazism, and Britain on gay rights and corporal punishment. And what is most extraordinary is that nations commonly comply. In the battle for the world's conscience, Goldhaber shows how the court in Strasbourg may be pulling ahead. Remembering and Forgetting Nazism Peter Utgaard, 2003-11-01 The Myth of Austrian victimization at the hands of both Nazi Germany and the Allies became the unifying theme of Austrian official memory and a key component of national identity as a new Austria emerged from the ruins. In the 1980s, Austria's myth of victimization came under intense scrutiny in the wake of the Waldheim scandal that marked the beginning of its erosion. The fiftieth anniversary of the Anschluss in 1988 accelerated this process and resulted in a collective shift away from the victim myth. Important themes examined include the rebirth of Austria, the Anschluss, the war, and the Holocaust, the Austrian resistance, and the Allied occupation. The fragmentation of Austrian official memory since the late 1980s coincided with the dismantling of the Conservative and Social Democratic coalition, which had defined Austrian politics in the postwar period. Through the eyes of the Austrian school system, this book examines how postwar Austria came to terms with the Second World War. *Rick Steves Vienna, Salzburg & Tirol* Rick Steves, 2014-12-02 You can count on Rick Steves to tell you what you really need to know when traveling in Vienna. With this guide, you'll explore elegant Vienna, the epicenter of opera, coffee, Art Nouveau, and waltz music. Meander through Habsburg palaces and nibble a Sacher torte in a velvet-lined café. In the evening, catch a classical concert or sip wine with the locals in a traditional Heuriger garden. Beyond Vienna, stroll the Baroque street of Salzburg, home to Mozart and *The Sound of Music*. For a taste of the Alpine living, head to the snowy peaks and green valleys of Tirol. Rick's candid, humorous advice will guide you to good value hotels and restaurants. He'll help you plan where to go and what to see, depending on the length of your trip. You'll get up-to-date recommendations about what is worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket. Vienna Voices Jill Knight Weinberger, 2006-04-19 A

work of creative nonfiction VIENNA VOICES A TRAVELER LISTE01 General trade TO THE CITY OF DREAMS offers a nuanced portrait of the enigmatic City of Dreams whose intellectual and artistic culture reached its height at the end of the nineteenth century only to be eclipsed in the twentieth by the collapse of the Habsburg empire and the rise of National Socialism

The Grand Strategy of the Habsburg Empire A. Wess Mitchell, 2019-10 The Habsburg Empire's grand strategy for outmaneuvering and outlasting stronger rivals in a complicated geopolitical world The Empire of Habsburg Austria faced more enemies than any other European great power Flanked on four sides by rivals it possessed few of the advantages that explain successful empires Yet somehow Austria endured outlasting Ottoman sieges Frederick the Great and Napoleon A Wess Mitchell tells the story of how this cash strapped polyglot empire survived for centuries in Europe's most dangerous neighborhood without succumbing to the pressures of multisided warfare He shows how the Habsburgs played the long game in geopolitics corralling friend and foe alike into voluntarily managing the empire's lengthy frontiers and extending a benign hegemony across the turbulent lands of middle Europe The Grand Strategy of the Habsburg Empire offers lessons on how to navigate a messy geopolitical map stand firm without the advantage of military predominance and prevail against multiple rivals

The Emperor and the Peasant Kenneth Janda, 2018-01-12 There was more to World War I than the Western Front This history juxtaposes the experiences of a monarch and a peasant on the Eastern Front Franz Josef I emperor of Austria Hungary was the first European leader to declare war in 1914 and was the first to commence firing Samuel Mozolak was a Slovak laborer who sailed to New York and fathered twins taken as babies and U S citizens to his home village before being drafted into the Austro Hungarian army and killed in combat The author interprets the views of the war of Franz Josef and his contemporaries Kaiser Wilhelm II and Tsar Nicholas II Mozolak's story depicts the life of a peasant in an army staffed by aristocrats and also illustrates the pattern of East European immigration to America

The European Union , Nationalism Revisited Christian Karner, 2019-12-03 Focused on the German speaking parts of the former Habsburg Empire and on present day Austria in particular this book offers a series of highly innovative analyses of the interplay of nationalism's discursive and institutional facets Here Christian Karner develops a distinctive perspective on Austrian nationalism over the longue dur e tracing nationalistic ways of thinking and mobilizing from the late eighteenth century to the present Through close analyses of key texts representing diverse settings and historical episodes this book traces the connections continuities and ruptures that have characterized the varieties of Austrian nationalism

Hayek: A Collaborative Biography Robert Leeson, 2018-05-15 Funded by the tobacco and fossil fuel industries the Mises and Hayek inspired free market has adopted The Slogan of Liberty but should their faith based assertions be accorded the same epistemological status as a science If Austrian economics is a branch of divinely revealed knowledge as the epigone Godfather Hans Sennholz insists what validity do its policy recommendations have Should those who falsely claim to have PhDs be tax funded as Post Doctoral Fellows and Professors This volume examines the consequences of the free market

colonisation of economics climate change financial crises and the corruption of academic discourse **Hayek: A Collaborative Biography** R. Leeson, 2014-10-23 A group of leading scholars from around the world use archival material alongside Hayek's published work to bring a new perspective on the life and times of one of the 20th Century's most influential economists This much awaited second volume details the life of Hayek from 1899 to 1933 covering Hayek's time in Austria and the USA *The Birth of the Soviet Secret Police* Boris Volodarsky, 2023-05-31 This book is new in every aspect and not only because neither the official history nor an unofficial history of the KGB and its many predecessors and successors exists in any language In this volume the author deals with the origins of the KGB from the Tsarist Okhrana the first Russian secret political police to the OGPU Joint State Political Directorate one of the KGB predecessors between 1923 and 1934 Based on documents from the Russian archives the author clearly demonstrates that the Cheka and GPU OGPU were initially created to defend the revolution and not for espionage The Okhrana operated in both the Russian Empire and abroad against the revolutionaries and most of its operations presented in this book are little known The same is the case with regards to the period after the Cheka was established in December 1917 until ten years later when Trotsky was expelled from the Communist Party and exiled and Stalin rose to power For the long period after the Revolution and up to the Second World War and indeed beyond until the death of Stalin the Cheka's main weapon was terror to create a general climate of fear in a population In the book the work of the Cheka and its successors against the enemies of the revolution is paralleled with British and American operations against the Soviets inside and outside of Russia For the first time the creation of the Communist International Comintern is shown as an alternative Soviet espionage organization for wide scale foreign propaganda and subversion operations based on the new revelations from the Soviet archives Here the early Soviet intelligence operations in several countries are presented and analyzed for the first time as are raids on the Soviet missions abroad The Bolshevik smuggling of the Russian imperial treasures is shown based on the latest available archival sources with misinterpretations and sometimes false interpretations in existing literature revised After the Bolshevik revolution Mansfield Smith Cumming the first chief of SIS undertook to set up an entirely new Secret Service organization in Russia During those first ten years events would develop as a non stop struggle between British intelligence within Russia and abroad and the Cheka later GPU OGPU Before several show spy trials in 1927 British intelligence networks successfully operated in Russia later moving to the Baltic capitals Finland and Sweden while young Soviet intelligence officers moved to London Paris Berlin and Constantinople Many of those operations from both sides are presented in the book for the first time in this ground breaking study of the dark world of the KGB **Teaching the Empire** Scott O. Moore, 2020-05-15 Teaching the Empire explores how Habsburg Austria utilized education to cultivate the patriotism of its people Public schools have been a tool for patriotic development in Europe and the United States since their creation in the nineteenth century On a basic level this civic education taught children about their state while also articulating the common myths heroes and ideas

that could bind society together For the most part historians have focused on the development of civic education in nation states like Germany France and the United Kingdom There has been an assumption that the multinational Habsburg Monarchy did not or could not use their public schools for this purpose Teaching the Empire proves this was not the case Through a robust examination of the civic education curriculum used in the schools of Habsburg from 1867 1914 Moore demonstrates that Austrian authorities attempted to forge a layered identity rooted in loyalties to an individual s home province national group and the empire itself Far from seeing nationalism as a zero sum game where increased nationalism decreased loyalty to the state officials felt that patriotism could only be strong if regional and national identities were equally strong The hope was that this layered identity would create a shared sense of belonging among populations that may not share the same cultural or linguistic background Austrian civic education was part of every aspect of school life from classroom lessons to school events This research revises long standing historical notions regarding civic education within Habsburg and exposes the complexity of Austrian identity and civil society deservedly integrating the Habsburg Monarchy into the broader discussion of the role of education in modern society
