The Author As Hero Self And Tradition In Bulgakov Pasternak And Nabokov:

The Author as Hero Justin Weir, 2002-06-26 An original reading of three famous novels reveals a significant shift in the Russian tradition of psychological prose Justin Weir develops a persuasive analysis of the complex relationship between authorial self reflection and literary tradition in three of the most famous Russian novels of the first half of the twentieth century Mikhail Bulgakov's *The Master and Margarita* Boris Pasternak's *Doctor Zhivago* and Vladimir Nabokov's *The Gift* All three novelists respond to a dual crisis according to Weir the general modernist destabilization of identity and the estrangement from literary tradition that followed the Russian Revolution Using various self reflexive literary devices such as the *mise en abyme* these authors reincorporate literary tradition into their works and in the process generate a distinctive view of identity Character in these novels is neither the outcome of a continuous process of *Bildung* nor a direct function of the individual's relation to larger historical events Rather character is defined in the act of writing itself so that every hero must be a sort of author The outcome is a new novelistic art that focuses on the identity of the artist as revealed through his writing With its innovative interpretation of these novels and its compelling historical cultural and theoretical insights *The Author as Hero* offers a new view of an important moment in the evolution of Russian literature

Philanthropy in Toni Morrison's Oeuvre Rico Hollmach,2018-11-07 This book examines Toni Morrison s highly influential works through the lens of philanthropy The point of departure of this endeavor is the keen observation that philanthropy has always played a leading role in US discourses about the nation itself While doing so time and again philanthropy has also been used as a means of social stratification especially for so called social minorities such as the African American community whose historical experience within the United States is at the very heart of Morrison s novels This book pursues the goal of a twofold understanding on the one hand through offering a rather innovative access to Morrison s works the project allows for new insights into one of today s most influential authors On the other hand this book explores the productivity of the concept of philanthropy for literary and cultural studies a concept hitherto largely neglected by scholars in both academic fields
