Spector, *The Balkans and the West* Andrew Hammond,2017-03-02 This collection of essays locates investigates and challenges the manner in which the Balkans and the West have constructed each other since 1945 Scholars from the two sections of the continent explore a wide range of fiction film journalism travel writing and diplomatic records both to analyse Western European balkanism and to study Balkan representations of the West over the last fifty years The first section looks back to the Cold War examining the divergent often favourable images of the Balkans that existed in Western culture as well as the variety of responses that appeared in South East European writings on the West The second section analyses the transitions that took place in representation during the 1990s Here contributors explore both the harsh denigration of the Balkans which came to dominate western discourse after the initial euphoria of 1989 and the emerging tradition of contesting Western balkanism in South East European cultural production Through this dual emphasis the volume exposes the representational practices that help to maintain a deeply divided Europe and challenges the economic and political injustices that result Despite the rise to prominence of postcolonial theory with its awareness of global inequality the current crises in many parts of South East Europe have received scant attention in literary and cultural studies The Balkans and the West addresses this deficiency Ranging in focus from Serbian cinema to Romanian travel literature from Western economic writings to Yugoslav fiction and from public discourse in Albania to NATO s vast propaganda machine the essays offer wide insight into representation and

power in the contemporary European context *Making and Remaking the Balkans* Robert C. Austin, 2019-01-01 With more than 25 years since the collapse of communism the end of the wars and billions of dollars in aid the Balkans are still characterized by corruption state capture and decidedly unmodern states that are often either weak or authoritarian Taking the contemporary Balkans as a starting point *Making and Remaking the Balkans* studies the region's history combined with observations based on more than twenty years of field experience Primarily concerned with current issues in the Balkans since 1989 this book explains why the region has endured such a prolonged and fraught transition to democracy and eventual membership in the European Union The young and educated have largely left Governmental crisis and economic stagnation is the norm and much needed regional cooperation has been suppressed by renewed nationalism Wars on corruption have proved to be largely rhetorical *Making and Remaking the Balkans* offers a systematic study of the issues the entire region faces as it struggles to complete the European integration process at a time when the European Union faces bigger problems elsewhere **The Balkans** D. Hupchick, 2002-01-11 The tragedies of Bosnia and Kosovo are often explained away as the unchangeable legacy of centuries old hatreds In this richly detailed expertly balanced chronicle of the Balkans across fifteen centuries Hupchick sets a complicated record straight Organized around the three great civilizations of the region Western European Orthodox Christian and Muslim this is a much needed guide to the political social cultural and religious threads of Balkan history with a clear convincing account of the reasons for nationalist violence and terror
