s wealthiest mining magnate and became the Silver Queen of the West Blessed with two daughters Horace and Baby Doe mesmerized the world with their wealth and extravagance But Baby Doe s life was also a morality play Almost overnight the Tabors wealth disappeared when depression struck in 1893 Horace died six years later According to the legend one daughter left home never to return the other died horribly For thirty five years Baby Doe who was considered mad lived in solitude high in the Colorado Rockies Baby Doe Tabor left a record of her madness in a set of writings she called her Dreams and Visions These were discovered after her death but never studied in detail until now Author Judy Nolte Temple retells Lizzie s story with greater accuracy than any previous biographer and reveals a story more heartbreaking than the legend giving voice to the woman behind the myth Women in American Operas of the 1950s Monica A. Hershberger,2023 The first feminist analysis of some of the most performed works in the American opera canon emphasizing the voices and perspectives of the sopranos who brought these operas to life In the 1950s composers and librettists in the United States were busy seeking to create an opera repertory that would be deeply responsive to American culture and American concerns They did not break free however of the age old paradigm so typically expressed in European opera that is of women as either saintly and pure or sexually corrupt with no middle ground As a result in American opera of the 1950s women risked becoming once again opera s inevitable victims Yet the sopranos who were tasked with portraying these paragons of virtue and their opposites did not always take them as their composers and librettists made them Sometimes they rewrote through their performances the roles they had been assigned Sometimes they used their lived experiences to invest greater authenticity in the roles With chapters on *The Tender Land* *Susannah* *The Ballad of Baby Doe* and *Lizzie Borden* this book analyzes some of the most performed yet understudied works in the American opera canon It acknowledges Catherine Clement s famous description of opera as the undoing of women while at the same time illuminating how singers like Beverly Sills and Phyllis Curtin worked to resist such undoing years before the official resurgence of the American feminist movement In short they ended up helping to dismantle powerful gendered stereotypes that had often reigned unquestioned in opera houses until then

Dumett,2016-12-05 The years of the late nineteenth and early twentieth centuries aptly described by Mark Twain as the Gilded Age witnessed an unprecedented level of technological change material excess untrammled pursuit of profit and imperial expansion Within this dynamic and often ruthless environment many colorful characters strode across the world stage among them the great mining tycoons who with the thousands of prospectors diggers shift bosses timbermen blastmen and muckers in mining
