Rappaport, 2023-02-14 A sea captain s beautifully written tour of our planet our oceans and our ever changing atmosphere An  
extraordinary book by a modern day Melville Mark Vanhoenacker Immensely rewarding and entertaining Lincoln Paine Full  
of history wisdom and hilarious stories from life on the open seas Daniel Stone What s in a cloud Did you know that water  
vapor is invisible and actually lighter than dry air What separates a tropical storm from a winter blizzard And what exactly is  
El Ni o Elliot Rappaport a professional captain of traditional sailing ships has spent three decades at sea where  
understanding weather is crucial to the safety of vessels and their crews In *Reading the Glass* he offers a sailor s eye view of  
the moving parts of our atmosphere and unveils the larger patterns it holds global winds storms air masses jet streams and  
the longer arc of our climate Told through a series of tall ship voyages Rappaport s narrative takes readers from the icy seas  
of Greenland to the Roaring Forties places where one can experience all four seasons in an hour He navigates the turbulent  
waters of the Strait of Gibraltar en route to storied port cities of the Mediterranean In the vast tropical Pacific he crosses the  
equator where heat moisture and unsettled winds churn out powerful squalls and drops anchor in isolated ports of call He  
explores wide swathes of ocean to explain how the trade winds have carried ships westward for centuries and how ancient  
Polynesian explorers pushed back the other way leveraging their mastery of waves and weather to achieve what may be  
humanity s greatest navigational achievement Written in stunning prose brimming with wisdom curiosity and humor *Reading*  
*the Glass* brilliantly blends science and memoir to reveal how weather has shaped our oceans our history and ourselves

**Like Sex with Gods** Bayla Singer,2003 Human flight is not a simple matter of science and technology It is a continuing epic of dreams and obsession of yearning and striving to harness the intellect in the service of the emotions In Like Sex with Gods An Unorthodox History of Flight Bayla Singer offers a unique approach to humanity s fascination with flying Rather than merely tracing the factual prehistory of flight up to the success of the Wright Brothers Bayla Singer considers the interaction and influence of our dreams fantasies culture and technology on the age old quest to fly This enlightening study begins with the deities and other denizens of the heavens that humanity has created in its religion literature and art At first a monopoly of the gods flight came to interest humanity as a way to free itself from the physical and intellectual bonds of the earth The myth of flight eventually gives way to the pursuit of actual flight Singer shows in compelling detail the many flying machines that have been created including balloons gliders and kites The accomplishment of the Wright Brothers and our successful trips into space are merely stops on a continuing journey as our ancient dream of flight continues to push us to new and loftier places Filled with compelling stories and detailed illustrations this book

provides absorbing reading for aviation experts those fascinated with the intimate relationship between technology and culture and all of us who have even a passing interest in flying
