The Baltic Lithuania:

The Baltic States Thomas Lane, Artis Pabriks, Aldis Purs, David J. Smith, 2013-11-05 Since the end of the Cold War there has been an increased interest in the Baltics The Baltic States brings together three titles Estonia Latvia and Lithuania to provide a comprehensive and analytical guide integrating history political science economic development and contemporary events into one account Since gaining their independence each country has developed at its own pace with its own agenda and facing its own obstacles The authors examine the tensions accompanying a post communist return to Europe after the long years of separation and how each country has responded to the demands of becoming a modern European state Estonia was the first of the former Soviet republics to enter membership negotiations with the European Union in 1988 and is a potential candidate for the next round of EU expansion in 2004 Lithuania and Latvia have also expressed their desire for future membership of NATO and the EU

Understanding the Baltic States Charles Clarke, 2023-02-16 This book addresses a crucial question the contribution of Estonia Latvia and Lithuania to the historic dissolution of the USSR in 1991 which in turn led to regained independence for the Baltic States in that year This is an important history relating to the interplay between divisions and tensions at the heart of the USSR and the growing Baltic independence movements It also has great contemporary significance as a result of Russia's February 2022 invasion of the Ukraine To justify this act Vladimir Putin has explicitly promoted a Greater Russian version of history including a dangerously inaccurate narrative of what occurred in the Baltics in 1991 He also continues to threaten military action against the Baltic states all of which are members of NATO The contributors who include Brendan Simms Vladislav Zubok Andrew Wilson Mart Kuldkepp Bridget Kendall Kristina Spohr Kaarel Piirimäe and Neil Taylor analyse the struggles of Estonia Latvia and Lithuania to secure their independence and set out how Moscow is propagating fake history as well as engaging in destabilising measures and cyber attacks to undermine these countries hard won freedom This indispensable volume addresses head on the biggest geopolitical challenge facing the world today responding to Russian military adventurism
