Field, 2015-07-03 Excerpt from The Barbary Coast Many years ago I met in the heart of India a German missionary who had not seen his native country in forty years At last the way was opened and he hasted across the sea to look upon the Fatherland once more before his eyes should close in death But the visit was a disappointment and he returned saying with true German simplicity Europe is too narrow for me We smile at this but might we not ask in all soberness Why Europe only Why indeed when at Gibraltar we are in sight of an older continent and even from Marseilles it is but a day s sail to Algiers where we are in another world under other skies and among other races of men a quarter of the globe that is old and yet new as it is still a field of discovery so that it has at once the charm of the known and the unknown of history and of mystery I have been four times in Africa twice in Egypt once up the Nile and twice

on the Barbary Coast and each visit increases the fascination In the perfect winter climate one lives in the open air and I sit under the palms and see the world pass by The picturesque life of the people is a study for an artist About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Barbary Coast Arthur Bullard,1913 **BARBARY COAST** HENRY M. FIELD,2019 *The Barbary Coast* Herbert Asbury,2022-08-17 The history of the Barbary Coast properly begins with the gold rush to California in 1849 Owing almost entirely to the influx of gold seekers and the horde of gamblers thieves harlots politicians and other felonious parasites who battered upon them there arose a unique criminal district that for almost seventy years was the scene of more viciousness and depravity but which at the same time possessed more glamour than any other area of vice and iniquity on the American continent The Barbary Coast is the chronicle of the birth of San Francisco From all over the world practitioners of every vice stampeded for the blood and money of the gold fields Gambling dens ran all day including Sundays From noon to noon houses of prostitution offered girls of every age and race This is the story of the banditry opium bouts tong wars and corruption from the eureka at Sutter s Mill until the last bagnio closed its doors seventy years later *The Barbary Pirates 15th-17th Centuries* Angus Konstam,2016-08-25 For the best part of three centuries the corsairs or pirates from the Barbary coasts of North Africa dominated the Western and Central Mediterranean They made forays far into the Atlantic preying on the shipping and coastal settlements across Christian Europe ranging from Greece to West Africa and the British Isles In the absence of organized European navies they seldom faced serious opposition and the scope of their raiding was remarkable As well as piracy and slave raiding they fought as privateers sharing their spoils with the rulers of the port cities that provided them with ships men and a ready market This book examines their development and their style of fighting chronicles their achievements and failures and illustrates their appearance and that of their ships explaining why they were so feared and effective *The Barbary Coast* Albert Edwards,2018-08-10 The region French North Africa was a group of territories in the upper portion of Africa It emerged after the decline of the Ottoman Empire which lost control of the region in 1830 when French forces captured Algiers Algiers became the site of power for France until the powerful Algerian independence movement fought for free rule in 1962 Morocco overthrew the French protectorate in 1955 and Tunisia in 1956 Albert Edwards work illustrates a xenophobic look at the people culture and customs he encountered in North Africa Despite his biased critiques of his encounters he offers insight on the architecture markets and other aspects of the region at the time
