## **The Art Of Restraint English Poetry From Hardy To Larkin:**

**The Art of Restraint** Richard Hoffpauir,1991 Richard Hoffpauir argues that the works of the best poets have found ways of not capitulating to contemporary reality and outlines the terms of the debate by setting the weaknesses of Yeats against the strenghts of Hardy Subsequent chapters discuss the nature poetry of Edward thomas the war poetry of Graves Blunden and Gurney the love poetry of Bridges Lawrence and Graves and the political and social verse of Rickword Daryush Betjeman and Larkin

**Reader's Guide to Literature in English** Mark Hawkins-Dady,2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study

*Philip Larkin and His Audiences* G. Steinberg,2010-01-13 Philip Larkin one of England s greatest and most popular twentieth century poets is nonetheless widely regarded as a misanthropic provincial recluse This volume re examines that critical view and argues that Larkin s poetry far from demonstrating his misanthropy highlights his profound awareness of and concern for readers

Englishness and Post-imperial Space Milton Sarkar,2016-02-08 Englishness and Post imperial Space The Poetry of Philip Larkin and Ted Hughes probes into the English mindset immediately after the British withdrawal from the colonies and examines how the loss of power and global prestige affected contemporary poetry particularly that of Philip Larkin and Ted Hughes Frustration and disillusionment even anger characterised the era and many of the literary works the period produced Most writers became insular and were obsessed with the English elements in their writing The great international and cosmopolitan themes of Eliot for instance were replaced by those of narrow domestic importance It is in such a context this book argues that Larkin and Hughes returned to the old England most notably to the themes of gradually vanishing pristine landscape and national myths and legends to the archetypal English customs and conventions It examines their poetry mainly from the perspective of Englishness a burgeoning area of academic interest Intricately connected with the values emanating from England as a geographical and socio cultural space Englishness as a concept is intrinsic to the identity of a people who gradually became globally powerful The loss of empire dealt a severe blow to this sense of the self This book explores the dynamics of the representation of this sense of loss and the frustration it produced in the poems of Larkin and Hughes

**The Poetry of Clare, Hopkins, Thomas, and Gurney** Andrew Hodgson,2019-12-31 This book attends to four poets John Clare Gerard Manley Hopkins Edward Thomas and Ivor Gurney whose poems are remarkable for their personal directness and distinctiveness It shows how their writing conveys a potently individual quality of feeling perception and experience each poet responds with unusual commitment to the Romantic idea of art as personal expression The book looks closely at the vitality and intricacy of the poets language the personal candour of their subject matter and their sense obdurate but persuasive of their own strangeness As it traces the tact and imagination with which each of the four writers

realises the possibilities of individualism in lyric it affirms the vibrancy of their contributions to nineteenth and twentieth century poetry

*The Spectre of Defeat in Post-War British and US Literature* David Owen, Cristina Pividori, 2021-01-22 It is a commonplace belief that history is written by the victorious However less recognised but equally common is the idea that the defeated also write history even if their particular account is rather different This collection looks at these matters from a novel and distinct perspective It essentially presents the idea that victors often perceive themselves as defeated by examining the ways in which the idea of defeat comes to dominate the victors own sense of superiority and achievement thereby undermining the certainties that victory is conventionally thought to create The contributions here discuss fiction mostly UK and US published since the First World War Through the frameworks of experience memory and post memory they examine this subliminal defeat basically as seen in conflict itself in the societies that it affects and in the individual lives of those who it destroys The result is an innovative literary account of the victorious yet somehow defeated

**D H Lawrence: Poet** Keith Sagar, 2008 This new collection of Keith Sagar's writings on the poetry of D H Lawrence includes many new interpretations of well known poems It ends with a year by year checklist of reviews and criticism of Lawrence's poems from 1913 to the present Though much has been written about Lawrence's poetry as revealed by the several hundred entries in the book's checklist of criticism there have been relatively few full length studies This book deals with the whole range of his poetry from his earliest poems such as *To Campions* and *To Guelder Roses* through the poems inspired by his elopement with and subsequent marriage to Frieda Weekley Look We Have Come Through to the mature achievement in free verse forms inspired by Walt Whitman of *Birds Beasts and Flowers Pansies* and *Last Poems* The genesis of the poems in Lawrence's life is explored and there are new interpretations of his most memorable poems such as *The Wild Common Piano Song of a Man Who Has Come Through Tortoises Peach Pomegranate Snake Bavarian Gentians* and *The Ship of Death*

**Battle Lines** Joel Baetz, 2018-05-25 For Canadians the First World War was a dynamic period of literary activity Almost every poet wrote about the war critics made bold predictions about the legacy of the period's poetry and booksellers were told it was their duty to stock shelves with war poetry Readers bought thousands of volumes of poetry Twenty years later by the time Canada went to war again no one remembered any of it *Battle Lines* traces the rise and disappearance of Canadian First World War poetry and offers a striking and comprehensive account of its varied and vexing poetic gestures As eagerly as Canadians took to the streets to express their support for the war poets turned to their notebooks and shared their interpretations of the global conflict repeating and reshaping popular notions of among others national obligation gendered responsibility aesthetic power and deathly presence The book focuses on the poetic interpretations of the Canadian soldier He emerges as a contentious poetic subject a figure of battle romance and an emblem of modernist fragmentation and fractiousness Centring the work of five exemplary Canadian war poets Helena Coleman John McCrae Robert Service Frank Prewett and W W E Ross the book reveals their latent faith in collective action as well as conflicting recognition of modernist subjectivities *Battle Lines*

identifies the Great War as a long overlooked period of poetic ferment experimentation reluctance and challenge *Yeats as Precursor* S. Matthews, 2000-01-27 As both a late Romantic and a modern W B Yeats has proved to be perhaps the most influential poet of the early twentieth century In this original study Steven Matthews traces through close readings of significant poems the flow of Yeatsian influence across time and cultural space By engaging with the formalist criticism of Harold Bloom and Paul de Man in their dialogues with Jacques Derrida he also considers Yeats's significance as the founding presence within the major poetry criticism of the century

**Yeats Annual No. 10** Warwick Gould, 2016-07-27 *Yeats Annual No 10* finds new thresholds and margins in Yeats's thought and work It concentrates upon his plays his occult concerns with spiritualism and the Irish belief in an otherworld and closely examines certain aspects of his textual state and the borders of his canon The admirable *Yeats Annual* a powerful base of biographical and textual knowledge Since 1982 the *vade mecum* of Yeats full of interest Bernard O Donoghue *The Times Literary Supplement*

*Great War Modernism* Nanette Norris, 2015-12-16 *New Modernist Studies* while reviving and revitalizing modernist studies through lively scholarly debate about historicity aesthetics politics and genres is struggling with important questions concerning the delineation that makes discussion fruitful and possible This volume aims to explore and clarify the position of the so called core of literary modernism in its seminal engagement with the Great War In studying the years of the Great War we find ourselves once more studying the giants about whom there is so much more to say as well as adding hitherto marginalized writers and a few visual artists to the canon The contention here is that these war years were seminal to the development of a distinguishable literary practice which is called modernism but perhaps could be further delineated as Great War modernism a practice whose aesthetic merits can be addressed through formal analysis This collection of essays offers new insight into canonical British American European modernism of the Great War period using the critical tools of contemporary expansionist modernist studies By focusing on war and on the experience of the soldier and of those dealing with issues of war and survival these studies link the unique forms of expression found in modernism with the fragmented violent and traumatic experience of the time
