**Astonished Eye** Tracy Knight, Alan M. Clark, 2001-07-01      **The Astonished Eye** Carla Heffner, 1978      **The Enlightened Eye**, 2015-06-29 Poets painters philosophers and scientists alike debated new ways of thinking about visual culture in the long eighteenth century The essays in *The Enlightened Eye* Goethe and Visual Culture demonstrate the extent to which Goethe advanced this discourse in virtually all disciplines The concept of visuality becomes a constitutive moment in a productive relationship between the verbal and visual arts with far reaching implications for the formation of bourgeois identity pedagogy and culture From a variety of theoretical perspectives the contributors to this volume examine the interconnections between aesthetic and scientific fields of inquiry involved in Goethe's visual identity By locating Goethe's position in the examination of visual culture both established and emerging scholars analyze the degree to which visual aesthetics determined the cultural production of both the German speaking world and the broader European context The contributions analyze the production presentation and consumption of visual culture defined broadly as painting sculpture theater and scientific practice *The Enlightened Eye* promises to invest new energy and insight into the discussion among literary scholars art historians and cultural theorists about many aspects of visual culture in the Age of Goethe      **War and the Cosmos in Picasso's Texts, 1936-1940** Lydia Gasman, 2007-04 War and the cosmos in Picasso's texts 1936-1940 is a study that builds upon the material and ideas discussed in my 1981 Ph D dissertation *Mystery magic and love in Picasso 1925-1938 Picasso and the Surrealist poets*      *The Southern Literary Journal, and Magazine of Arts*, 1837      **The Flame; Il Fuoco** Gabriele D'Annunzio, 2023-09-21 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision      **The Flame** Gabriele D'Annunzio, 2023-08-04 Reproduction of the original      **The Missionary's Legacy to His Friends; Or, Glimpses of the Land of the Blessed** Matthew Baxter, 1868      **Is Paris Still the Capital of the Nineteenth Century?** Hollis Clayson, 2017-07-05 Is Paris Still the Capital of the Nineteenth Century The question that guides this volume stems from Walter Benjamin's studies of nineteenth century Parisian culture as the apex of capitalist aesthetics Thirteen scholars test Benjamin's ideas about the centrality of Paris formulated in the 1930s from a variety of methodological perspectives Many investigate the underpinnings of the French capital's reputation and mythic force which was based largely upon the city's capacity to put itself on display Some of the authors reassess the famed centrality of Paris from the vantage point of our globalized twenty first century by acknowledging its entanglements with South Africa Turkey Japan and the United States The volume equally studies a broader range of media than Benjamin did himself from modernist painting and printmaking photography and illustration to urban planning The essays conclude that Paris did in many ways function as the epicenter of modernity's international reach especially in the years from 1850 to 1900 but did so only as a consequence of the idiosyncratic force of its mythic image Above all the essays affirm that the study of late nineteenth century Paris still requires
