The Attack and Other Papers R. H. Tawney, 1981      The Official and Other Papers of the Late Major-General Alexander Hamilton Alexander Hamilton, 1842      *The Teaching of Scientific Method and Other Papers on Education* Henry Edward Armstrong, 1903      **Socialism and the Challenge of War (RLE The First World War)** Jay M. Winter, 2014-04-24 The First World War marks a crucial period in the history of the socialist wing of the British labour movement This book is an account of the development of the political ideas and activities of some of the most influential British socialist thinkers of that time Beatrice and Sidney Webb R H Tawney and G D H Cole The first part of the book examines the state of the Labour movement and of socialist ideas on the eve of the conflict then turns to the central question of the impact of the War on the dissemination of British socialist ideas      The Life of R. H. Tawney Lawrence Goldman, 2013-09-12 R H Tawney was the most influential theorist and exponent of socialism in Britain in the 20th century and also a leading historian Based on papers deposited at the London School of Economics including a collection of personal material previously held by his family this book provides the first detailed biography Lawrence Goldman shows that to understand Tawney s work it is necessary to understand his life This biography takes a broadly chronological approach and uses this framework to examine major themes including Tawney s political thought and historical writings Tawney was the most representative of Labour s intellectuals as well as the most influential and the contradictions he embodied are evident in the general history of British socialism      *The Attack* Richard Henry Tawney, 1953      **Markets and Ideology in the City of London** David Lazar, 2016-07-27 Markets and Ideology in the City of London is the first fieldwork based sociological study of how participants in City of London financial markets view the markets in which they work and the market mechanism in general But it is more than a narrow study of financial market participants because it is also an empirical investigation into how ideologies function and it develops a critique of pro market ideologies such as Thatcherism Finally it is one of a small number of sociological studies into the privileged world of high earners and the wealthy sociologists too frequently study the powerless and the deviant or marginal groups      **Calendar of Virginia State Papers and Other Manuscripts** Virginia, 1892      *Pearl Harbor Attack* United States. Congress, United States. Congress. Joint Committee on the Investigation of the Pearl Harbor Attack, 1946      NASA Technical Paper , 1997      **Social Democracy in the Making** Gary Dorrien, 2019-04-23 An expansive and ambitious intellectual history of democratic socialism from one of the world s leading intellectual historians and social ethicists The fallout from twenty years of neoliberal economic globalism has sparked a surge of interest in the old idea of democratic socialism a democracy in which the people control the economy and government no group dominates any other and every citizen is free equal and included With a focus on the intertwined legacies of Christian socialism and Social Democratic politics in Britain and Germany this book traces the story of democratic socialism from its birth in the nineteenth century through the mid 1960s Examining the tenets on which the movement was founded and how it adapted to different cultural

religious and economic contexts from its beginnings through the social and political traumas of the twentieth century Gary Dorrien reminds us that Christian socialism paved the way for all liberation theologies that make the struggles of oppressed peoples the subject of redemption He argues for a decentralized economic democracy and anti imperial internationalism
