The Authentic Armageddon:

Book of the Authentic Darrilyn M Wilson, 2014-02-07 The user friendly authentic God for the independent believer Book of the Authentic is a self improvement self validating spiritual book for the independent believer If you are a person who values honesty and is willing to apply that trait to knowing the real deal about God then you will love this read Let s face it today most folks no longer view spiritual matters the same way their parents or grandparents did Spirituality and what God means to people and how they identify with him has changed Millions also no longer actively take part in the religion they were raised in The question is why What happened Are people running from something or to something I found it to be the latter Most people are in their own way running to something It is something that by instinct they perceive to be better That better is a kinder more user friendly God than what they were raised to have The ramification of such an action through the years by millions of people has been powerful enough to begin changing how the world believes and how they envision God personally and that phenomenon keeps evolving As I wrote this book I began to call this new sought after kinder more user friendly God the Authentic God Digging for the full disclosure of this God spanned several years of my life and challenged me to the core In the end my questions were answered I found true peace and I have fully embraced becoming a free and independent believer It is my wish you will find this writing deeply inspiring spiritually liberating and perhaps even life changing Thanks for reading it

The Authentic Armageddon Crystal Corn, 2001 The Silent War Frank Furedi, 1998 Racial identity is one of the defining characteristics of the 20th century In this study Frank Furedi traces the history of Western colonial racist ideology and its role in the subjugation of the peoples of the non West His central theme is the changing perception of racism in the West and how the use of race has altered during the course of the 20th century Focusing on World War II as the crucial turning point in racist ideology Furedi argues that the defeat of Nazism left the West uneasy with its own racist past He assesses how this was redefined in the postwar period especially during the Cold War and demonstrates that although white supremacist views became obsolete in international affairs Western nations sought to portray racism as a natural part of the human condition As a result the West continued to adopt the moral high ground well into the postwar period to the ultimate detriment of the nations of the non West

In Armageddon's Shadow Greg Marquis, 2000 The United States had important ties with Canada s Maritime Provinces that were profoundly shaken by the American Civil War Drawing extensively on newspaper reports personal papers and local histories Greg Marquis captures the drama of the times effectively putting the reader into the thick of the action In Armageddon s Shadow highlights Maritime support for the beleaguered Confederacy and the grave implications this had on race relations in Canada Marquis details the involvement of maritimers in running blockades and recounts the experiences of some of the thousands of men from Nova Scotia New Brunswick and Prince Edward Island who served in America s bloodiest conflict Book jacket *Armageddon's Glorious End* David R. Manzano, 2017-12-12 This latest contribution to the understanding of the Bible s final book will be a

welcomed addition to anyone's personal library. The author is quick to admit that Revelation has many strange images and perplexing elements. However, he is just as quick to stress that these images and elements are not the focus. The Apostle John, in writing this apocalyptic volume, centers the attention on Jesus Christ, the only hope for those who have accepted Him as Lord and Savior, as well as those who still need to. Many people know Revelation for its striking, confusing symbolism. Many of these people would experience less confusion if they realized that most of these symbols are borrowed by the beloved disciple from other parts of the Bible. Manzano is faithful and responsible in allowing the Bible to interpret itself and establishing the Old Testament, especially the book of Daniel, as the foundation for decoding Revelation's mysteries. As Bible prophecy continues to unfold and this world continues to unravel like a cheap sweater, the frustration and turmoil that ensues will dissipate by the encouraging tone of this book. Readers are subsequently prompted to dive into Revelation and study afresh to reconnect with the Lamb King around whom its messages revolve.

Imperial History and the Global Politics of Exclusion Amanda Behm, 2017-10-24. Examining the rise of the field of imperial history in Britain and wider webs of advocacy, this book demonstrates how intellectuals and politicians promoted settler colonialism, excluded the subject empire, and laid a precarious framework for decolonization. History was politics in late nineteenth-century Britain. But the means by which influential thinkers sought to steer democracy and state development also consigned vast populations to the margins of imperial debate and policy. From the 1880s onward, politicians, intellectuals, and journalists erected a school of thought based on exclusion and deferral that segregated past and future, backwardness and civilization, validating racial discrimination in empire all while disavowing racism. These efforts, however, engendered powerful anticolonial backlash and cast a long shadow over the closing decades of imperial rule. Bringing to life the forgotten struggles which have in effect defined our times, *Imperial History and the Global Politics of Exclusion* is an important reinterpretation of the intellectual history of the British Empire.

Apocalypse Secrets John Able, 2022-06-21. *Apocalypse Secrets: Baha'i Interpretation of the Book of Revelation* with 60 illustrations is a fresh, provocative, parallel interpretation of the Apocalypse or Book of Revelation. The author, John Able, MD, is a retired intensive care physician. He uses Baha'i Writings that interpret parts of the Apocalypse to decode it as a global tale of three millennia now passing through four centuries of the events of religious end times. It is a tale of the struggles of seven Empires and seven Faiths of their materialism and militarism and the resulting mess into which the world is now crescendoing furiously and fast. These events center on the apocalyptic war waging between the Revelation beast of Muslim Militarism that drives the Middle East and the Revelation Babylon of Malignant Materialism that drives the Christian West. The fall of both is inevitable with economic crises spiraling the globe into a paralytic depression now triggered by the COVID-19 pandemic and its aftermath. The good news is that spiritual economics will arise and our painful end times into wonderful beginning times. *Apocalypse Secrets* is a profound and astonishing work in biblical exegesis, a real tour de force as a strikingly original, scholarly, remarkably holistic, comprehensive, and rationally consistent interpretation of

the Book of Revelation Able intelligently probes and penetrates many of the great religious mysteries and cogently argues that Revelation extends far beyond its strictly Middle East Christic origin It transcends religious dogma bridges religious faiths and explains nineteen hundred years of troubling events in Christianity and Islam with amazing clarity and prescience It is amazingly detailed and thorough The author s stylish rhetoric is colorful and alive and his book beautifully crafted and researched making for an engaging enlightening and thought provoking read In the end a scholarly Translation Section decodes original Greek and Hebrew sources Its strikingly lively translation sticks to the intention of the Greek original It provides an authoritative base for his distinctive Parallel Interpretation For anyone striving to penetrate the hidden secrets of the Apocalypse Apocalypse Secrets is a must reading This exceedingly interesting book will influence many future works about the subject and become a template of understanding and peace for all After they read it people who are interested in prophecy will never look at the Book of Revelation the same again Visit www.apocalypseinfo.com for more Chambers's
