**Believing Women in Islam** Asma Barlas,2019-02-28 Does Islam call for the oppression of women The subjugation of women in many Muslim countries is often used as evidence of this while many Muslims read the Qur'an in ways that seem to justify sexual oppression and inequality In this paradigm shifting book Asma Barlas argues that far from supporting male privilege the Qur'an actually affirms the complete equality of the sexes Offering a historical analysis of religious authority and knowledge Barlas shows how for centuries Muslims have read patriarchy into the Qur'an to justify existing religious and social structures In this seminal volume she takes readers into the heart of Islamic teachings on women gender and patriarchy offering an egalitarian reading of Islam's most sacred scripture This revised edition includes two new chapters a new preface and updates throughout

*Woman's Identity and Rethinking the Hadith* Nimat Hafez Barazangi,2016-03-09 The Prophet Muhammad's reported traditions have evolved significantly to affect the social cultural and political lives of all Muslims Though centuries of scholarship were spent on the authentication and trustworthiness of the narrators there has been less study focused on the contents of these narratives known as Hadith or Sunnah and their corroboration by the Qur'an This book is a first step in a comprehensive attempt to contrast Hadith with the Qur'an in order to uncover some of the unjust practices by Muslims concerning women and gender issues Using specific examples the author helps the reader appreciate and understand the magnitude of the problem It is argued that the human rights and the human development of Muslim women will not progress in a meaningful and sustainable manner until the Hadith is re-examined in a fresh new approach from within the Islamic framework shifting the discourse in understanding Islam from a dogmatic religious law to a religio-moral rational worldview The author argues that such re-examination requires the involvement of women in order to affirm their authority in exegetical and practical leadership within Muslim societies and she encourages Muslim women to stand up for their rights to effect change in understanding the role of sunnah in their own life
