Journalistic Autonomy Henrik Örnebring, Michael Karlsson, 2022-04-25 Winner of the 2023 AEJMC Tankard Book Award and the ICA Journalism Studies Book Award The idea that journalism should be independent is foundational to its contemporary understandings and its role in democracy But from what exactly should journalism be independent This book traces the genealogy of the idea of journalistic autonomy from the press freedom debates of the 17th century up to the digital networked world of the 21st Using an eclectic and thought provoking theoretical framework that draws upon Friedrich Nietzsche feminist philosophy and theoretical biology the authors analyze the deeper meanings and uses of the terms independence and autonomy in journalism This work tackles in turn questions of journalism's independence from the state politics the market sources the workplace the audience technology and algorithms Using broad historical strokes as well as detailed historical case studies the authors argue that autonomy can only be meaningful if it has a purpose Unfortunately for large parts of journalism's history this purpose has been the maintenance of a societal status quo and the exclusion of large groups of the population from the democratic polity Independence far from being a shining ideal to which all journalists must aspire has instead often been used to mask the very dependencies that lie at the heart of journalism The authors posit however that by learning the lessons of history and embracing a purpose fit for the needs of the 21st century world journalism might reclaim its autonomy and redeem its exclusionary uses of independence

"Lincoln's Humor" and Other Essays Benjamin P. Thomas, 2024-04-22 This volume gathers the best previously unpublished and uncollected writings on Abraham Lincoln and Lincoln scholarship by one of his great biographers Benjamin P Thomas A skilled historian and a masterful storyteller himself Thomas was widely regarded as the greatest Lincoln historian of his generation With these essays he combines historical depth with narrative grace in delineating Lincoln's qualities as a humorist lawyer and politician From colorful tall tales to clever barbs aimed at political opponents Lincoln clothed a shrewd wit in a homespun backwoods vernacular He used humor to defuse tension illuminate a point put others at ease and sometimes for sheer fun From an early reliance on broad humor and ridicule in speeches and on the stump Lincoln's style shifted in 1854 to a more serious vein in which humor came primarily to elucidate an argument If I did not laugh occasionally I should die he is said to have told his cabinet and you need this medicine as much as I do Thomas brings his deep knowledge of Lincoln to essays on the great man's tumultuous career in Congress his work as a lawyer his experiences in the Courts and his opinions of the South A gracious survey of Lincoln's early biographers particularly Ida Tarbell stands alongside an appreciation of Harry Edward Pratt a key figure in the early days of the Abraham Lincoln Association Thomas also assesses

Lincoln's use of language and the ongoing significance of the Gettysburg Address This diverse collection is enhanced by an introduction by Michael Burlingame himself a leading biographer of Lincoln Burlingame provides a balanced portrait of Thomas and his circuitous path toward writing history

Beyond News Mitchell Stephens, 2014-04-29 For a century and a half journalists made a good business out of selling the latest news or selling ads next to that news Now that news pours out of the Internet and our mobile devices fast abundant and mostly free that era is ending Our best journalists Mitchell Stephens argues instead must offer original challenging perspectives not just slightly more thorough accounts of widely reported events His book proposes a new standard wisdom journalism an amalgam of the more rarified forms of reporting exclusive enterprising investigative and informed insightful interpretive explanatory even opinionated takes on current events This book features an original sometimes critical examination of contemporary journalism both on and offline and it finds inspiration for a more ambitious and effective understanding of journalism in examples from twenty first century articles and blogs as well as in a selection of outstanding twentieth century journalism and Benjamin Franklin's eighteenth century writings Most attempts to deal with journalism's current crisis emphasize technology Stephens emphasizes mindsets and the need to rethink what journalism has been and might become
