The Avoidance Of Literature Collected Essays Of Ch Sisson:

The Avoidance of Literature Charles Hubert Sisson, 1978 C. H. Sisson Reconsidered Victoria Moul, John

Talbot, 2023-01-01 This book is the first collection of essays dedicated to the work of C H Sisson 1915 2003 a major English poet critic and translator The collection aims to offer an overall guide to his work for new readers while also encouraging established readers of one aspect such as his well known classical translations to explore others It champions in particular the quality of his original poetry The book brings together contributions from scholars and critics working in a wide range of fields including classical reception translation studies and early modern literature as well as modern English poetry and concludes with a more personal essay on Sisson s work by Michael Schmidt his publisher **Swift's Satires on**

Modernism: Battlegrounds of Reading and Writing G. Atkins, 2012-12-17 More than three centuries later Jonathan Swift s writing remains striking and relevant In this engaging study Atkins brings forty plus years of critical experience to bear on some of the greatest satires ever written revealing new contexts for understanding post Reformation reading practices and the development of the modern personal essay **Literary Paths to Religious Understanding** G. Atkins, 2009-12-07 This highly readable book represents a unique approach to the controverted matter of the relations of literature and religion

eschewing linear argument in favor of a nuanced essayistic manner that elucidates texts and issues of immediate and lasting concern **In Black and Gold** C. C. Barfoot, 1994 In Black and Gold indicates that opposed styles of poetry reveal subterranean correspondences that occasionally meet and run together Austerity or tomfoolery are two of the many valid responses to the human condition that create the contiguous traditions that cannot help touching and reacting to each other The poetry discussed in this book deals with the relation of individuals to strange or to familiar landscapes and what this means to their own sense of displacement or rootedness with the use of history as an escape from or as a challenge to an apparently failing present and with the role of nationalism either as a refuge for angry frustration or as a weapon against the affronting world or as an ambivalent loyalty that needs to be scoured or as all three Here we find poetry as a means of discovering true or false allegiances and valid or invalid public and private identities poetry as a medium for exploring the uses of the demotic in confronting the breakdowns and injustices of modern democracy poetry as play in the midst of private and public woe poetry as a spiritual quest as a spiritual scourging as a wrestling with spiritual absences and poetry as an intermittent and sporadic commemoration of the triumphs and delights of epiphanic encounters with the physical world

Bagehot: The English Constitution Walter Bagehot, 2001-03-15 Walter Bagehot s anatomy of The English Constitution is a classic of English political writing In this new Cambridge Texts edition it appears for the first time in its original 1867 book version with Bagehot s original conclusion and the substantial introduction written for the second edition of 1872 Paul Smith s introduction places Bagehot s views in the context of contemporary events and prevalent views of the working of the constitution indicating their relation to his developing ideas on the anthropological and sociological springs of authority He

assesses the accuracy of Bagehot's account of parliamentary government in operation and the strength of Bagehot's analysis of the difficulties faced by British liberalism in coming to terms with the approach of democracy. All the usual student-friendly features of the Cambridge Texts series are present including a select bibliography and brief biographies of key figures and annotation which explains some of Bagehot's more arcane contemporary allusions. Speaking to You Natalie Pollard, 2012-08-30 *Speaking to You* examines our pleasures in accounts of and uses for British poetry today. It explores the work of four important poets writing post 1960: Don Paterson, Geoffrey Hill, W. S. Graham and C. H. Sisson in order to show how contemporary British poetry's creative handling of addresses to you are key in its interactions with readers, critics, lovers, editors, fellow poets and deceased forebears. The book lays out clearly in four sections that focus on individual writers how saying you operates in contemporary poetry. It shows how lyric address is bound up with poetry's ability to delight, move and tease its public. It puts address into dialogue with a range of familiar literary figures across the ages, namely specific Modernist, Romantic, early Modern and Classical poets that will be familiar to scholars and ordinary readers alike. From John Donne to Carol Ann Duffy, T. S. Eliot to Philip Larkin, Keats to Tony Harrison, address has been key in constructing political and personal identities. This book argues that for contemporary poets like that of these canonical writers, address is persuasive public interlocution demanding you rethink regional and historical allegiances. The Language, Discourse, Society Reader Denise Riley, 2004-08-13 For the last twenty-five years, *Language, Discourse, Society* has been the most intellectually challenging series in English. Its titles range across the disciplines from linguistics to biology, from literary criticism to law, combining vigorous scholarship and theoretical analysis at the service of a broad political engagement. This anniversary reader brings together a fascinating group of thinkers from both sides of the Atlantic with an introductory overview from the editors which considers the development of theory and scholarship over the past two decades. **On Keats's Practice and Poetics of Responsibility** G. Douglas Atkins, 2016-11-07 This accessible, informed and engaging book offers fresh new avenues into Keats's poems and letters, including a valuable introduction to the responsible poet. Focusing on Keats's sense of responsibility to truth, poetry and the reader, G. Douglas Atkins, a noted T. S. Eliot critic, writes as an amateur. He reads the letters as literary texts, essayistic and dramatic, the Odes in comparison with Eliot's treatment of similar subjects, *The Eve of St Agnes* by adding to his respected earlier article on the poem an addendum outlining a bold new reading, *Lamia* by focusing on its complex and perplexing treatment of philosophy and imagination and revealing how Keats literally represents philosophy as functioning within poetry. Comparing Keats with Eliot, poet, philosopher, this book generates valuable insight into Keats's successful and often sophisticated poetic treatment of ideas, accentuating the image of him as the responsible poet. *Subject Catalog*, 1979 Library of Congress, 1979 **"The" Avoidance of Literature** C. H. Sisson, 1978 **Ezra Pound and Referentiality** Hélène Aji, 2003 **Christopher Homm** Charles Hubert Sisson, 1984 The squalid, morally imperfect life of an English laborer unfolds in reverse together with the stages of physical and spiritual impoverishment.

 The presence of these values Deane contends is not a curiosity but part of a vital and discernible tradition of modern neo
 Augustanism that has been previously overlooked By tracing these writers common interest in Horace John Dryden and
