The Aware Bears Its Up To Me:

Bear Awareness Brahm, 2017-11-14 The bestselling author of *Who Ordered This Truckload of Dung* and one of the world's most beloved Buddhist monks answers meditators' questions. In *Bear Awareness*, English monk Ajahn Brahm answers actual questions from his meditation students' questions you may have had as well. While most mindfulness meditation teachers praise the benefits of bare awareness, he teaches bear awareness. He helps us make friends with the scary things that come up on the cushion and he knows how to lift the mood with a well-placed stuffed teddy or a well-timed pun. The intimacy of the question and answer format provides a fresh experience of learning from a master meditator. Whether he is urging readers to fly Buddha Air, sit back and relax on your way to nirvana, giving tips for dealing with panic attacks or depression, or extolling the bliss of meditation that is better than sex, he gives us permission to enjoy our lives and our practice. **Self-Reference and Self-Awareness**

Andrew Brook, Richard C. DeVidi, 2001-12-12 Rich in precursors, Kant and Frege, and stimulated by Castañeda's study in the logic of self-consciousness and Shoemaker's seminal paper, *Self-reference and self-awareness*, the work of the past thirty-five years on self-reference and self-awareness has generated a wealth of deep, sophisticated philosophy. This volume explores the historical anticipations in Kant and Frege, brings four classic contributions together in one place, and offers five new studies. Series A

Dominion of Bears Sherry Simpson, 2013-10-18 Long ago we invited bears into our stories, our dreams, our nightmares, our lives. We have always sought them out where they live, for their hides, their meat, their beauty, their knowingness. Human country and bear country exist side by side. As Sherry Simpson suggests, the relationship between bears and humans is ancient and ongoing, and in Alaska, profoundly and often uncomfortably close. A huge number of North America's bears live in Alaska, including at least 31,000 brown bears, 100,000 black bears, and 3,500 polar bears. And nearly every aspect of Alaskan society reflects their presence, from hunting to tourism, marketing to wildlife management to urban planning. A long-time Alaskan, Simpson offers a series of compelling essays on Alaskan bears in both wild and urban spaces, because in Alaska, bears are found not only in their natural habitat but also in cities and towns. Combining field research, interviews, and a host of up-to-date scientific sources, her finely polished prose conveys a wealth of information and insight on ursine biology, behavior, feeding, mating, social structure, and much more. Simpson crisscrosses the Alaskan landscape in pursuit of bears as she muses, marvels, and often stands in sheer awe before these charismatic creatures. Firmly grounded in the expertise of wildlife biologists, hunters, and viewing guides, she shows bears as they actually are, not as we imagine them to be. She considers not only the occasionally aggressive behavior bears need to survive but also the violence exacted upon them by trophy hunters, advocates of predator control, or suburbanites who view bears as land sharks that threaten the safety of their families. Shifting effortlessly between fascinating facts and poetic imagery, Simpson crafts an extended meditation on why we are so drawn to bears and why they continue to engage our imaginations, populate indigenous mythologies, and help define our essential visions of wilderness. As Simpson observes, "The slightest evidence that

bears share your world or that you share theirs can alter not only your sense of the landscape but your sense of yourself within that landscape

Out of the Darkness of Academics Into the Light of Jesus Christ- Glenn W. Martin, 2009-05 This book is about the nuances of college life as viewed from a Christian perspective Dr Martin came to the conclusion that the quest for human knowledge is endless in its own seductive way Our educational bastions are an arms length from the church yet it appears the church is being neglected by many who labor in the halls of academics by their lack of participation in church It is durable and manageable for one to participate in both the educational process and the church however these individuals are becoming a rare breed and that is why Dr Martin challenges the educator to return to his her spiritual roots Dr Martin asserts spiritual values are a reality and to be negligent here is without excuse Ghostwalker Leslie Patten, 2024

After encountering mountain lion tracks near her home outside Yellowstone National Park Leslie Patten began a journey to learn about these elusive unseen animals by collecting anecdotal information and then interviewing biologists professional trackers houndsmen and conservationists

Skin Game Caroline Kettlewell, 2013-06-04 There was very fine an elegant pain hardly a pain at all like the swift and fleeting burn of a drop of hot candle wax Then the blood welled up and began to distort the pure stark edges of my delicately wrought wound The chaos in my head spun itself into a silk of silence I had distilled myself to the immediacy of hand blade blood flesh There are an estimated two to three million cutters in America but experts warn that as with anorexia this could be just the tip of the iceberg of those affected by this little known disorder Cutting has only just begun to enter public consciousness as a dangerous affliction that tends to take hold of adolescent girls and can last hidden and untreated well into adulthood Caroline Kettlewell is an intelligent woman with a promising career and a family She is also a former cutter and the first person to tell her own story about living with and overcoming the disorder She grew up on the campus of a boys boarding school where her father taught As she entered adolescence the combination of a family where frank discussion was avoided and life in what seemed like a fishbowl where she and her sister were practically the only girls the students ever saw became unbearable for Caroline She discovered that the only way to find relief from overpowering feelings of self consciousness discomfort and alienation was to physically hurt herself She began cutting her arms and legs in the seventh grade and continued into her twenties Why would a rational person resort to such extreme measures How did she recognize and overcome her problem In a memoir startling for its honesty humor and poignancy Caroline Kettlewell offers a clear eyed account of her own struggle to survive this debilitating affliction
