The Ayn Rand Cult:

Ayn Rand Cult Jeff Walker, 2012-03-30 Despised by the intellectual establishment Ayn Rand continues to attract many thousands of devoted followers Her Objectivist movement preaches an uncompromising hard line on politics art sex and psychological health Though much has been written about Rand The Ayn Rand Cult is the first book to explain the true origin of her ideas and to show how they were shaped into a new atheistic religion Jeff Walker shatters many myths about Rand exposing Objectivism as a classic cult unusual because of its overt emphasis on self interest rationality and atheism but typical of cults in its guru worship thought control trial and excommunication of deviants and hostility to existing society

The Sociology of the Ayn Rand Cult Murray Newton Rothbard, 1987 **The Sociology of the Ayn Rand Cult** Murray Rothbard, 1972 **Ayn Rand Explained** Ronald E. Merrill, 2013 Scorned by the established critics Rand wrote brilliant popular novels that have become permanent best sellers and founded an comprehensive philosophical and cultural movement which is shaking the foundations of the post New Deal American political order Merrill examines her espousal and then rejection of Nietzschean philosophy her dismissal of religious faith and her influence on and yet hostility to both conservatism and libertarianism **The New Ayn Rand Companion** Mimi R. Gladstein, 1999-08-30 An essential guide to the life and works of Ayn Rand the book chronicles and summarizes her writings presents information about her national and global impact and the response to it and provides the most comprehensive bibliography published to date Written by an independent scholar who is not part of either the Ayn Rand establishment or the Ayn Rand detractor camp The New Ayn Rand Companion builds on the foundation of the original New materials about Rand s posthumous publications the latest biographical information and summaries of books and articles about Rand published since her death have been added Burgeoning interest in Rand the publication of her Letters and Journals and Russian Writings and the growing body of critical works necessitates an expanded and revised edition of the Ayn Rand Companion This new edition is the only general reference work that covers the complete Rand corpus including both those works published during her life and those published to date *Ayn Rand* , **Ayn Rand and the World She Made** Anne Conover Heller, 2010-10-19 A New York Times Notable Book A Chicago Tribune Favorite Book of the Year A San Francisco Chronicle Best Book of the Year Ayn Rand s books have attracted three generations of readers shaped the Libertarian movement influenced White House economic policies throughout the Reagan years and beyond and inspired the Tea Party movement Yet twenty eight years after her death readers know very little about her life In this seminal biography Anne C Heller traces the controversial author s life from her childhood in Bolshevik Russia to her years as a Hollywood screenwriter the publication of her blockbuster novels and the rise and fall of the cult that worshipped her in the 1950s and 1960s Based on original research in Russia and scores of interviews with Rand s acquaintances and former acolytes Ayn Rand and the World She Made is a comprehensive and eye opening portrait of one of the most significant and improbable figures of the twentieth century [Ayn Rand](#) Mimi R.

Gladstein,2013-02-14 The novelist and philosopher Ayn Rand was one of the most influential 20th century advocates of free market capitalism Her work inspired Objectivism a philosophical movement and former US Federal Reserve Chairman Alan Greenspan cited Rand as a formative intellectual influence In this outstanding volume Mimi Gladstein details Rand s belief in the moral supremacy of individualism over collectivism highlighting her contribution to libertarian thought *A Study Guide for Ayn Rand's "The Night of January 16th"* Gale, Cengage Learning, A Study Guide for Ayn Rand s The Night of January 16th excerpted from Gale s acclaimed Drama for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Drama for Students for all of your research needs [Ayn Rand Nation](#) Gary Weiss,2024-05-01 Thirty years after her death in March 1982 Ayn Rand s ideas have never been more important Unfettered capitalism unregulated business bare bones government providing no social services glorification of selfishness disdain for Judeo Christian morality these are the tenets of Rand s harsh philosophy In Ayn Rand Nation Gary Weiss explores the people and institutions that remain under the spell of the Russian born novelist He provides new insights into Rand s inner circle in the last years of her life with revelations of never before publicized predictions by Rand that still resonate today Weiss charts Rand s infiltration of the Tea Party and Libertarian movements and provides an inside look at the radical belief system that has exerted a powerful influence on the Republican Party and its presidential candidates It s a fascinating cast of characters that ranges from Glenn Beck to Oliver Stone and includes Rand s most influential disciple Alan Greenspan Weiss describes in penetrating detail how Greenspan became a stalking horse for Rand slashing and burning regulations with ideological zeal and then seeking to conceal her influence on his life and thinking Lastly Weiss provides a strategy for a renewed national dialogue an embrace of the nation s core values that is needed to deal with Rand s pervasive grip on society *Quicklet on Ayn Rand's Capitalism: The Unknown Ideal* Aaron Martin,2012-07-30 ABOUT THE BOOK As a polemicist Ayn Rand provokes As a novelist she intrigues As a theorist she edifies As a proposer of public policy she terrifies When engaging with these multiple faces of Rand the contradictions can be extreme and the reaction visceral however these responses are exactly why so many people continue to buy her books and follow her Objectivist philosophy When reading *Capitalism The Unknown Ideal* one alternately feels ashamed invigorated enlightened or outraged But these are the emotional responses which keep readers engaged and eager to continue reading *Capitalism The Unknown Ideal* originally published in 1966 collects previously published essays and speeches by Ayn Rand and members of her intellectual circle Alan Greenspan Nathaniel Branden and Robert Hessen This her third nonfiction work follows in the wake of *For the New Intellectual* and *The Virtue of Selfishness* Intended to provide the reader with everyday examples of how Objectivism could be practiced the first half of the book outlines the Objectivist position on issues such as the gold standard anti trust law

or the inheritance tax and acts as a basic primer for the Objectivist philosophy while the second half of the book contains commentary on the largest political questions of the day including the military draft the student rebellion and the conflict in Vietnam

MEET THE AUTHOR Aaron Martin recently earned his MA in International Relations and will be beginning his doctoral studies in Political Science starting in August 2012 He is currently in the midst of blogging Tolstoy's War Peace but his academic writing has been published in graduate journals and in working paper series Aaron looks forward to writing about politics and economics for Hyperink and he hopes you buy his eBooks

EXCERPT FROM THE BOOK Capitalism The Unknown Ideal distinguishes between two competing ideologies Statism and Capitalism Although Rand uses her chapters to discuss various points of contention the difference between her political stance and those that she opposes can always be boiled down to the dichotomy that divides the free who will live in an ideal capitalistic society and the enslaved who toil under the thumb of statist governmental regimes In her work of political economy Rand draws stark distinction between these two ideologies one that accepts that the government has a legitimate role in regulating certain markets for goods and services that is Statism and the other that sees the state's role as being the sole defender of its citizens against unlawful aggression by his fellow man that is capitalism She defines statism as a system of institutionalized violence and perpetual civil war It leaves men no choice but to fight to seize political power to rob or be robbed to kill or be killed it is a system of underground plotting of secret conspiracies of deals favors betrayals and of bloody coups

Ayn Rand Chris Matthew Sciabarra, 2013-10-15 Author of The Fountainhead and Atlas Shrugged Ayn Rand 1905-1982 is one of the most widely read philosophers of the twentieth century Yet despite the sale of over thirty million copies of her works there have been few serious scholarly examinations of her thought Ayn Rand The Russian Radical provides a comprehensive analysis of the intellectual roots and philosophy of this controversial thinker It has been nearly twenty years since the original publication of Chris Sciabarra's Ayn Rand The Russian Radical Those years have witnessed an explosive increase in Rand sightings across the social landscape in books on philosophy politics and culture in film and literature and in contemporary American politics from the rise of the Tea Party to recent presidential campaigns During this time Sciabarra continued to work toward the reclamation of the dialectical method in the service of a radical libertarian politics culminating in his book Total Freedom Toward a Dialectical Libertarianism Penn State 2000 In this new edition of Ayn Rand Chris Sciabarra adds two chapters that present in depth analysis of the most complete transcripts to date documenting Rand's education at Petrograd State University A new preface places the book in the context of Sciabarra's own research and the recent expansion of interest in Rand's philosophy Finally this edition includes a postscript that answers a recent critic of Sciabarra's historical work on Rand Shoshana Milgram Rand's biographer has tried to cast doubt on Rand's own recollections of having studied with the famous Russian philosopher N O

Lossky Sciabarra shows that Milgram's analysis fails to cast doubt on Rand's recollections or on Sciabarra's historical thesis

Mysterious Travelers Zack Kruse, 2021-02-01 2022 Honorable Mention Recipient of the Charles Hatfield Book Prize from the Comics Studies Society Steve Ditko 1927-2018 is one of the most important contributors to American comic books As the cocreator of Spider-Man and sole creator of Doctor Strange Ditko made an indelible mark on American popular culture *Mysterious Travelers* Steve Ditko and the Search for a New Liberal Identity resets the conversation about his heady and powerful work Always inward-facing Ditko's narratives employed superhero and supernatural fantasy in the service of self-examination and with characters like the Question Mr A and Static Ditko turned ordinary superhero comics into philosophic treatises Many of Ditko's philosophy-driven comics show a clear debt to ideas found in Ayn Rand's Objectivism Unfortunately readers often reduce Ditko's work to a mouthpiece for Rand's vision *Mysterious Travelers* unsettles this notion In this book Zack Kruse argues that Ditko's philosophy draws on a complicated network of ideas that is best understood as mystic liberalism Although Ditko is not the originator of mystic liberalism his comics provide a unique window into how such an ideology operates in popular media Examining selections of Ditko's output from 1953 to 1986 Kruse demonstrates how Ditko's comics provide insight into a unique strand of American thought that has had a lasting impact *On Nabokov, Ayn Rand and the Libertarian Mind* Gene H. Bell-Villada, 2014-07-08 On Nabokov Ayn Rand and the Libertarian Mind not only conjoins two seemingly divergent authors but also takes on the larger picture of libertarian trends and ideologies These timely topics further intermingle with Bell-Villada's own conflicted relationship personal cultural satirical literary to the odd pair and their ways of thinking The inclusion of Louis Begley's essay adds yet another dimension to this unique wide-ranging meditation on art and politics history and memory *LIFE*, 1967-04-28 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use **Questioning Ayn Rand** Neil Cocks, 2020-09-15 Questioning Ayn Rand Subjectivity Political Economy and the Arts offers a sustained academic critique of Ayn Rand's works and her wider Objectivist philosophy While Rand's texts are often dismissed out of hand by those hostile to the ideology promoted within them these essays argue instead that they need to be taken seriously and analysed in detail Rand's influential worldview does not tolerate uncertainty relying as it does upon a notion of truth untroubled by doubt In contrast the contributors to this volume argue that any progressive response to Rand should resist the dubious comforts of a position of ethical or aesthetic purity even as they challenge the reductive individualistic ideology promoted within her writing Drawing on a range of sources and approaches from Psychoanalysis to The Gold Standard and from Hannah Arendt to Spiderman these essays consider Rand's works in the context of wider political economic and philosophical debates *Russell Kirk* Bradley J. Birzer, 2015-11-09 Emerging from two decades of the Great Depression and the New Deal and facing the rise of radical

ideologies abroad the American Right seemed beaten broken and adrift in the early 1950s Although conservative luminaries such as T S Eliot William F Buckley Jr Leo Strauss and Eric Voegelin all published important works at this time none of their writings would match the influence of Russell Kirk s 1953 masterpiece *The Conservative Mind* This seminal book became the intellectual touchstone for a reinvigorated movement and began a sea change in Americans attitudes toward traditionalism In Russell Kirk Bradley J Birzer investigates the life and work of the man known as the founder of postwar conservatism in America Drawing on papers and diaries that have only recently become available to the public Birzer presents a thorough exploration of Kirk s intellectual roots and development The first to examine the theorist s prolific writings on literature and culture this magisterial study illuminates Kirk s lasting influence on figures such as T S Eliot William F Buckley Jr and Senator Barry Goldwater who persuaded a reluctant Kirk to participate in his campaign for the presidency in 1964 While several books examine the evolution of postwar conservatism and libertarianism surprisingly few works explore Kirk s life and thought in detail This engaging biography not only offers a fresh and thorough assessment of one of America s most influential thinkers but also reasserts his humane vision in an increasingly inhumane time *Philosophers of Capitalism* Edward W. Younkins, 2005-11-10 *Philosophers of Capitalism* provides an interdisciplinary approach attempting to discover the feasibility of an integration of Austrian Economics and Ayn Rand s philosophy of Objectivism In the first section of the book Edward W Younkins supplies essays presenting the essential ideas of Carl Menger Ludwig von Mises and Ayn Rand Building upon these essential ideas the second portion of the book brings together scholarly perspectives from top academics analyzing Menger von Mises and Rand The third and final section of the book looks toward the future and the possibility of combining and extending the insights of these champions of a free society emphasizing how the errors omissions and oversights made by one theorist can effectively be negated or compensated for by integrating insights from one or more of the others Featuring a list of recommended reading for the major ideas and theorists discussed *Philosophers of Capitalism* is an essential book for both philosophers and economists ***The Age of Rand*** Frederick Cookinham, 2005-06 This is not a biography of Ayn Rand Nor is it a learned treatise on her philosophic system Objectivism It is a speculation on what the world might be like if Objectivism catches on worldwide from the introduction *Saved by Philosophy* Steven H. Propp, 2007-03-01 Hypatia Washington is 22 years old an unemployed widow living on welfare and estranged from her four year old daughter she is profoundly alienated from life when she enrolls in a community college course in Philosophy thus beginning a profound journey of the mind and heart She debates skeptics as well as Christian apologists about Evolution Islam Womanism and God while lecturing about ethics science consciousness and the meaning of human history She analyzes not only philosophers such as Russell Rawls Wittgenstein and Sartre but wrestles with such questions as Which famous philosophers were racists Was Heidegger a Nazi Was Wittgenstein homosexual Did Foucault know he had AIDS Were any important philosophers women Or black Professor Washington is no ivory tower philosopher she agonizes over the Rodney King trial and its

aftermath The O J Simpson verdict the death of Tupac Shakur the Black Athena controversy and the publication of The Bell Curve as well as the horrors of September 11 2001 and its consequences Join Hypatia in her pursuit of the Amor Dei
