Lawrence Parry,2023-02-13 Zero Point Faster Than Light Speed is intended for men and women in all walks of life who are striving to understand the UFO phenomenon and recent developments which are about to appear on our near future horizon We are going to need to know where and how to react to these changes If you look a little at TV for example you can see that ETs are making their way slowly into our lives Our children s cartoons are a good example This book will expand your mind and possibly your lives when you fully understand how really far we ve come in the last 50 years Next time you see a Tic Tac zooming on a news report and you hear the old cliché We don t have anything that that travels that fast Or How do they turn like that at such high speeds You ll realize someone is definitely not telling the truth In the very near future you will be able to see in everyday life the type of Hover board used by Michael J Fox in the film Back to the Future 2 Our cars and trains will even be hovering and super cool electrical like we ve only dreamed No more roads no more gas no more heavy trucks or busses tearing up the pavement We need to start planning on how to take advantage of all the new technology our near future will provide Think about Zero Point as a simple glimpse of the future whereby you may master your future instead of allowing the future to dictate to you Thank you J Lawrence Parry **American Music** ,2005 *Michigan Farmer and State Journal of Agriculture* ,1908
