

The Basics of BLACK JACK

14 years of experience in the industry has resulted in this comprehensive guide to the game of blackjack. The author, a professional gambler, provides a detailed and accurate description of the game, including the rules, strategy, and the psychology of the game.

Blackjack is a game of chance and skill. The player's goal is to beat the dealer's hand without going bust. The dealer's hand is dealt face up, and the player's hand is dealt face down. The player can choose to hit, stand, double down, or split. The dealer must hit until reaching 17 or higher. The player wins if their hand is higher than the dealer's hand without going bust. The player loses if their hand is lower than the dealer's hand or if they go bust. The game is played with a standard 52-card deck.
