Feature Selection and Enhanced Krill Herd Algorithm for Text Document Clustering Laith Mohammad Qasim Abualigah, 2018-12-18 This book puts forward a new method for solving the text document TD clustering problem which is established in two main stages i A new feature selection method based on a particle swarm optimization algorithm with a novel weighting scheme is proposed as well as a detailed dimension reduction technique in order to obtain a new subset of more informative features with low dimensional space This new subset is subsequently used to improve the performance of the text clustering TC algorithm and reduce its computation time The k mean clustering algorithm is used to evaluate the effectiveness of the obtained subsets ii Four krill herd algorithms KHAs namely the a basic KHA b modified KHA c hybrid KHA and d multi objective hybrid KHA are proposed to solve the TC problem each algorithm represents an incremental improvement on its predecessor For the evaluation process seven benchmark text datasets are used with different characterizations and complexities Text document TD clustering is a new trend in text mining in which the TDs are separated into several coherent clusters where all documents in the same cluster are similar The findings presented here confirm that the proposed methods and algorithms delivered the best results in

The Pentateuch in the Progressive Revelations of God to Men Henry Cowles,2020-12-01 My reasons for treating the Pentateuch topically rather than textually will be obvious Criticism on the original text is rarely needed There is seldom the least occasion to aid the reader in following the line of thought or the course of argument The demand here is rather for the discussion and due presentation of the great themes of the book My plan has therefore aimed to meet this demand discussing these themes critically so far as seemed necessary either because of their intrinsic nature or because of popular objections or misconceptions and always practically so far forth as to show the important moral bearings of these themes as revelations of God to man It has been however my purpose to explain all the difficult doubtful or controversial passages from the Preface
