

The Making of the English Working Class (1963)

Social History English Working Class

E. P. Thompson

Social History English Working Class:

The Making of the English Working Class E. P. Thompson, 2016-03-15 A history of the common people and the Industrial Revolution A true masterpiece and one of the Modern Library's 100 Best Nonfiction Books of the twentieth century Tribune During the formative years of the Industrial Revolution English workers and artisans claimed a place in society that would shape the following centuries But the capitalist elite did not form the working class the workers shaped their own creations developing a shared identity in the process Despite their lack of power and the indignity forced upon them by the upper classes the working class emerged as England's greatest cultural and political force Crucial to contemporary trends in all aspects of society at the turn of the nineteenth century these workers united into the class that we recognize all across the Western world today E P Thompson's magnum opus *The Making of the English Working Class* defined early twentieth century English social and economic history leading many to consider him Britain's greatest postwar historian Its publication in 1963 was highly controversial in academia but the work has become a seminal text on the history of the working class It remains incredibly relevant to the social and economic issues of current times with the Guardian saying upon the book's fiftieth anniversary that it continues to delight and inspire new readers [*The Making of the English Working Class* Edward Palmer Thompson, 1964](#) This account of artisan and working class society in its formative years 1780 to 1832 adds an important dimension to our understanding of the nineteenth century E P Thompson shows how the working class took part in its own making and re-creates the whole life experience of people who suffered loss of status and freedom who underwent degradation and who yet created a culture and political consciousness of great vitality **A Hundred English Working-Class Lives, 1900-1945** Rebecca Ball, 2024-07-11 Stanley Rice born in London in 1905 began his autobiography by stating that his life was an ordinary average life with all its ups and downs Stanley may have described his life as ordinary and yet he lived through a period of rapid social change including two world wars Despite this Stanley assumed that his life story would be of little interest to most readers as he had not achieved great fame or any notable accolades This book argues that this is exactly why historians should focus on such life stories as there is much to be gained by focusing on memories of ordinary average lives as they can expand our knowledge of the past often revealing firsthand experiences that have been excluded from the historical record This book does not intend to be a general social history of the working class Rather it is a work of memory drawing upon a microhistory methodology to examine how a sample of one hundred working class autobiographers remembered and wrote about living through years that were punctuated by two worldwide conflicts and a global economic depression [*British Economic and Social History* R. C. Richardson, William Henry Chaloner, 1996](#) [*A Social History of England 1851-1990* Francois Bedarida, 2013-06-17](#) In this the second edition of *A Social History of England* Francois Bedarida has added a new final chapter on the last fifteen years The book now traces the evolution of English society from the height of the British Empire to the dawn of the single European market Making full use of the Annales school of

French historiography B. Darida takes his inquiry beyond conventional views to penetrate the attitudes, behaviour and psychology of the British people

An Everyday Life of the English Working Class Carolyn Steedman, 2013-12-05 This book concerns two men a stockingmaker and a magistrate who both lived in a small English village at the turn of the nineteenth century. It focuses on Joseph Woolley the stockingmaker on his way of seeing and writing the world around him and on the activities of magistrate Sir Gervase Clifton administering justice from his country house Clifton Hall. Using Woolley's voluminous diaries and Clifton's magistrate records Carolyn Steedman gives us a unique and fascinating account of working class living and loving and getting and spending. Through Woolley and his thoughts on reading and drinking, sex, the law and social relations she challenges traditional accounts which she argues have overstated the importance of work to the working man's understanding of himself as a creature of time, place and society. She shows instead that for men like Woolley law and fiction were just as critical as work in framing everyday life

The Cambridge Social History of Britain, 1750-1950 F. M. L. Thompson, 1990 Whilst in certain quarters it may be fashionable to suppose that there is no such thing as society historians they have had no difficulty in finding their subject. The difficulty rather is that an outpouring of research and writing is hard for anyone but the specialist to keep up with the literature or grasp the overall picture. In these three volumes as is the tradition in Cambridge Histories a team of specialists has assembled the jigsaw of topical monographic research and presented an interpretation of the development of modern British society since 1750 from three perspectives: those of regional communities, the working and living environment and social institutions. Each volume is self-contained and each contribution thematically defined contains its own chronology of the period under review. Taken as a whole they offer an authoritative and comprehensive view of the manner and method of the shaping of society in the two centuries of unprecedented demographic and economic change

The Working Class in Britain John Benson, 2003-08-22 Who made up the working class in Britain who were the ordinary men and women and what were their aspirations? The first generation of postwar British labour historians tended to be preoccupied with working class activism. This text attempts to chart not only this struggle but to describe and analyse the rich and varied tapestry of working class history as a whole. It demonstrates that class both existed and mattered although ordinary men and women had diverse lives and lifestyles. Professor Benson examines work, wages, incomes and the cost of living, family, kinship and community relations and the individual in the context of nation and class

New Directions in Social and Cultural History Sasha Handley, Rohan McWilliam, Lucy Noakes, 2018-02-22 What does it mean to be a social and cultural historian today? In the wake of the cultural turn and in an age of digital and public history what challenges and opportunities await historians in the early 21st century? In this exciting new text leading historians reflect on key developments in their fields and argue for a range of new directions in social and cultural history. Focusing on emerging areas of historical research such as the history of the emotions and environmental history *New Directions in Social and Cultural History* is an invaluable guide to the current and future state of the field. The

book is divided into three clear sections each with an editorial introduction and covering key thematic areas histories of the human the material world and challenges and provocations Each chapter in the collection provides an introduction to the key and recent developments in its specialist field with their authors then moving on to argue for what they see as particularly important shifts and interventions in the theory and methodology and suggest future developments New Directions in Social and Cultural History provides a comprehensive and insightful overview of this burgeoning field which will be important reading for all students and scholars of social and cultural history and historiography *The British Working Class*

1832-1940 Andrew August,2014-06-11 In this insightful new study Andrew August examines the British working class in the period when Britain became a mature industrial power working men and women dominated massive new urban populations and the extension of suffrage brought them into the political nation for the first time Framing his subject chronologically but treating it thematically August gives a vivid account of working class life between the mid nineteenth and mid twentieth centuries examining the issues and concerns central to working class identity Identifying shared patterns of experience in the lives of workers he avoids the limitations of both traditional historiography dominated by economic determinism and party politics and the revisionism which too readily dismisses the importance of class in British society **Popular Politics in**

Nineteenth Century England Rohan McWilliam,2012-11-12 Popular Politics in Nineteenth Century England provides an accessible introduction to the culture of English popular politics between 1815 and 1900 the period from Luddism to the New Liberalism This is an area that has attracted great historical interest and has undergone fundamental revision in the last two decades Did the industrial revolution create the working class movement or was liberalism which transcended class divisions the key mode of political argument Rohan McWilliam brings this central debate up to date for students of Nineteenth Century British History He assesses popular ideology in relation to the state the nation gender and the nature of party formation and reveals a much richer social history emerging in the light of recent historiographical developments *Citizenship, Identity,*

and Social History Charles Tilly,1996-03-07 A collection of original essays on citizenship and identity *Work, Gender and Family in Victorian England* Karl Ittmann,2016-07-27 What a pleasure to see this pathbreaking research in print Karl Ittmann's analysis of Bradford pushes forward our knowledge of the quiet revolution in social habits which took place in the late nineteenth century In particular his ability to link the decline of marital fertility with the reorganisation of work and gender roles is exemplary This book should be of interest to all specialists in Victorian social history David Levine The Ontario Institute for Studies in Education Toronto *Work Gender and Family in Victorian England* examines the impact of the Industrial Revolution upon the family and questions the extent to which ordinary working men and women shared the Victorian values and prosperity of their middle class countrymen The book focuses on the industrial town of Bradford West Yorkshire in the second half of the nineteenth century and traces how men and women and their families adapted to the new life brought by the rise of the mill and the city **Theorizing the Dynamics of Social Processes** Harry F.

Dahms, Lawrence Hazelrigg, 2010-08-18 Intends to assemble a set of essays that invent develop and or demonstrate strategies for theorizing one or several dynamic processes so as to identify illustrate by example and analyze specific problems as well as connect theorizations of process across different disciplines of inquiry

Atlas of British Social and Economic History Since c.1700 Mr Rex Pope, Rex Pope, 2002-03-11 All students of history use maps This atlas is designed specifically to enhance the understanding of British history since 1700 as well as emphasizing social as well as economic change The contributors are all subject specialists who have taught in higher education institutions and a large proportion of both maps and text is based on their own original research The combination of maps and text is intended to illustrate not only historical developments such as the spread of agriculture or the growth of an integrated transport system but also regional contrasts at points in time The end product offers support for those historians who question the usefulness of thinking in terms of national economic histories

The Remaking of the British Working Class, 1840-1940 Andrew Miles, Mike Savage, 2013-02-01 Mike Savage and Andrew Miles provide a comprehensive introduction to the working class in Britain in the years after 1840 This textbook Includes a provocative timely and clear defence of class analysis Breaks new ground in showing how social mobility and urban change affected working class formation Demonstrates how the history of the working class is politically reconstructed Shows how class and gender interact in mediating social and political change

Writing Women's History Since the Renaissance Mary Spongberg, 2017-03-08 The complaint of Catherine Morland in Jane Austen's *Northanger Abbey* that history has hardly any women at all is not an uncommon one Yet there is evidence to suggest that women have engaged in historical writing since ancient times This study traces the history of women's historical writing reclaiming the lives of individual women historians recovering women's historical writings from the past and focusing on how gender has shaped the genre of history Mary Spongberg brings together for the first time an extensive survey of the progress of women's historical writing from the Renaissance to the present demonstrating the continuities between women's historical writings in the past and the development of a distinctly woman-centred historiography *Writing Women's History since the Renaissance* also examines the relationship between women's history and the development of feminist consciousness suggesting that the study of history has alerted women to their unequal status and enabled them to use history to achieve women's rights Whether feminist or anti feminist women who have had their historical writings published have served as role models for women seeking a voice in the public sphere and have been instrumental in encouraging the growth of a feminist discourse

The houses of history Anna Green, Kathleen Troup, 2016-08-15 *The houses of history* is a clear jargon free introduction to the major theoretical approaches employed by historians This innovative critical reader provides accessible introductions to fourteen schools of thought from the empiricist to the postcolonial including chapters on Marxist history Freud and psychohistory the Annales historical sociology narrative gender public history and the history of the emotions Each chapter begins with a succinct description of the ideas integral to a particular theory The authors then explore the

insights and controversies arising from the application of this model drawing upon debates and examples from around the world Each chapter concludes with a representative example from a historian writing within this conceptual framework This newly revised edition of the highly successful textbook is the ideal basis for an introductory course in history and theory for students of history at all levels

The Industrial Revolution Pat Hudson, 2014-09-25 This is an introduction to the Industrial Revolution which offers an integrated account of the economic and social aspects of change during the period Recent revisionist thinking has implied that fundamental change in economic social and political life at the time of the Industrial Revolution was minimal or non-existent The author challenges this interpretation arguing that the process of revision has gone too far emphasizing continuity at the expense of change and neglecting many historically unique features of the economy and society Elements given short shrift in many current interpretations are reassigned their central roles

The Penguin Social History of Britain Jose Harris, 1994-03-31 The late nineteenth century and Edwardian era suggests Jose Harris in this book represent a sharp break with the early years of Queen Victoria's reign Indeed despite the intense upheavals of two world wars it was the beliefs social structures and oppositional forces established between 1870 and 1914 which dominated British life right up until the 1960s

access to a wide range of Social History English Working Class eBooks, including some popular titles.

FAQs About Social History English Working Class Books

What is a Social History English Working Class PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Social History English Working Class PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Social History English Working Class PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Social History English Working Class PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Social History English Working Class PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
