Kennedy,2020-07-28 The book explores the state of social studies education within selected East Asian societies and provides some insights into distinctive classroom practices In an increasingly volatile and unpredictable world the education of young people who both understand the contexts in which they are growing up and see the need for engaging with them is a top priority This task falls to social studies education which carries the responsibility for inducting young people into their social world and helping them to see the role they can play within it This is particularly important in East Asia where strong economic growth long held cultural values and diverse political systems create an environment that challenges young people on multiple fronts This book with its team of regional authors shows how different societies in the region are dealing with these challenges and what can be expected from future citizens The book will appeal to policy makers researchers and teachers interested in the current state of social studies education in East Asian societies Social Studies Curriculum and Methods for the Caribbean Anthony D. Griffith,James L. Barth,2006 Developments in the teaching and learning of social studies over the years point to a conceptual focus on the active study investigation of significant social issues and concerns While knowledge of these issues is important equally so are the requisite skills and competencies that are required to enable the student to examine and analyse the issues and to make decisions about them This handbook is therefore intended to project the teaching and learning of social studies as the development and acquisition of skills for the study of social issues or phenomena These skills relate to gathering information analysing and evaluating information critical thinking problem solving and decision making as well as social and interpersonal skills The focus is on activities practice and authentic learning The content is organized into thirteen chapters which may be used in sequence or can equally well stand alone The chapters can also be used individually in workshops or seminars the teacher training institutions throughout the Caribbean as well as for students in degree programmes in social studies in the Schools of Education at the University of the West Indies Classroom teachers of social studies will also find the book very useful as a reference source **The Wiley Handbook of Social Studies Research** Meghan McGlinn Manfra,Cheryl Mason Bolick,2017-03-13 The Wiley Handbook of Social Studies Research is a wide ranging resource on the current state of social studies education This timely work not only

reflects on the many recent developments in the field but also explores emerging trends This is the first major reference work on social studies education and research in a decade An in depth look at the current state of social studies education and emerging trends Three sections cover foundations of social studies research theoretical and methodological frameworks guiding social studies research and current trends and research related to teaching and learning social studies A state of the art guide for both graduate students and established researchers Guided by an advisory board of well respected scholars in social studies education research

Curriculum and Teaching Dialogue Barbara Slater Stern,2009-10-01 Curriculum and Teaching Dialogue is the journal of the American Association of Teaching and Curriculum AATC An important historical event in the development of organizations dealing with the scholarly field of teaching and curriculum was the founding of the AATC on October 1 1993 The members of the AATC believed that the time was long overdue to recognize teaching and curriculum as a basic field of scholarly study to constitute a national learned society for the scholarly field of teaching and curriculum teaching is the more inclusive concept curriculum is an integral part of teaching the what to teach aspect Since it s founding AATC has produced scholarship in teaching and curriculum and serves the general public through its conferences journals and the interaction of its members The purpose of the organization was originally defined in Article 1 Section 2 of the AATC Constitution To promote the scholarly study of teaching and curriculum all analytical and interpretive approaches that are appropriate for the scholarly study of teaching and curriculum shall be encouraged Curriculum and Teaching Dialogue seeks to fulfill that mission

The Palgrave Handbook of History and Social Studies Education Christopher W. Berg,Theodore M. Christou,2020-04-03 This Handbook presents an international collection of essays examining history education past and present Framing recent curriculum reforms in Canada and in the United States in light of a century long debate between the relationship between theory and practice this collection contextualizes the debate by exploring the evolution of history and social studies education within their state or national contexts With contributions ranging from Canada Finland New Zealand Sweden the Netherlands the Republic of South Africa the United Kingdom and

the United States chapters illuminate the ways in which curriculum theorists and academic researchers are working with curriculum developers and educators to translate and refine notions of historical thinking or inquiry as well as pedagogical practice

Knowledge & Power in the Global Economy David Gabbard, 2017-07-05 Advancing a three fold political agenda this volume illuminates how the meanings assigned to a whole vocabulary of words and phrases frequently used to discuss the role and reform of U S public schools reflect an essentially economic view of the world contends that education or educational reform conducted under an economized worldview will only intensify the effects of the colonial relations of political and economic domination that it breeds at home and abroad and offers a set of alternative concepts and meanings for reformulating the role of U S public schools and for considering the implications of such a reformulation more generally for the underlying premises of all human relationships and activities Toward these ends the authors in Part I critically examine many of the most commonly used terms within the rhetoric of educational reform since the early 1980s and before Part II links today s economized worldview to curricular and instructional issues These essays are especially important for comprehending how the organization of school curriculum privileges those disciplines deemed most central to market expansion math and science and how the political centrality of the economic sphere influences the nature of the knowledge presented in specific content areas Given that language constrains as well as advances human thought the twin tasks of de economizing education and decolonizing society will require a vocabulary that transcends the familiar terminologies addressed in Parts I and II The entries in Part III cultivate the beginnings of such a vocabulary as the authors elucidate innovative concepts which they view as central to the creation of truly alternative educational visions and practices
