idea of communities is deconstructed to show that globalisation has collapsed the boundaries of time space and place in ways that have exacerbated inequalities at the same time giving rise to unparalleled riches for some The book encompasses a number of case studies that speak to policymakers practitioners educators and students interested in studying globalisation and making the most of its potential for change *The Survival of the European Welfare State* Stein Kuhnle,2003-09-02 Crisis Breakdown Dismantlement These are common catchphrases used in analyses of the condition of the welfare states in Europe This book takes a more optimistic view and will increase understanding of recent welfare reforms

Organisational Behaviour for Social Work Gavin Bissell,2012 Using real social work case examples Organisational behaviour for social work unites the well established study of behaviour in organizations with the special and sometimes unusual organizational settings of social work practice *Welfare State Or Welfare Society?* ,1985 **The Welfare State East and West** Richard Rose,Rei Shiratori,1986-12-18 A unique comparative examination of the different ways in which modern democratic societies provide welfare today these essays focus on the welfare strategies and experiences of the U S Japan Great Britain Scandinavia Germany and Israel While the objectives of welfare are common to each society each has its own ideas about the best way for the state the market and the household to contribute to the welfare mix With the economies of many countries under pressure the question of the proper balance between domestic welfare spending and defense spending is often at the center of the debate The essays on Japan provide new and useful insights into how a state not normally considered a welfare state manages to provide a wide array of successful welfare services *Welfare and Youth Work Practice* Tony Jeffs,Mark Smith,1988-07-14 There has been growing concern and debate over the impact of social and economic change upon young people and the consequences of this for welfare practice Within social policy working with young people has become increasingly important This book brings together a series of specially commissioned essays which direct attention to both the realities of youth work and the structuring of youth policy In an area of welfare where the boundaries of responsibility and control are shaped by the competing interest of government central and local and a historically powerful voluntary sector little has actually been written about those who specialise in this area or the structures and policy context in which they operate and from which policies emerge Welfare and Youth Work Practice is designed to fill a number of long standing gaps in the literature and thinking about youth work and youth policy *Perspectives in Health Care* Yvonne Bradshaw,Nancy North,1997-11-11 Britain s health service has seen a period of unprecedented change over the last decade It is small wonder therefore that today s nursing and healthcare students as well as their teachers find it difficult to understand the organisation in which they work A team of authors from Portsmouth University have tackled this problem head on In Perspectives in Health Care they have produced a straightforward introduction to social policy for nurses nursing students and other health care professionals **Welfare and the State: Crisis of the welfare states** Nicholas Deakin,Catherine Jones Finer,Bob Matthews,2004 *Changing Families* Crescy Cannan,2014-06-06 This is a case study of

the shifting boundary between family and state in Britain from the mid 1970s to 1990 The book describes a variety of family centres and shows how they have responded to the crises in child welfare and social work The book also considers the issues of gender in policy *Care in Chaos* Roger Hadley,Roger Clough,1998-09-01 This text book examines the policy and organizational context for community care and consists of interviews and case studies showing how community care is or is not working within the areas of care for the elderly learning disabilities mental health and physical disabilities **Adult Social Care** Ferguson, Iain,Lavalette, Michael,2013-10-23 Adult social care in Britain has been at the centre of much media and public attention in recent years Revelations of horrific abuse in learning disability settings the collapse of major private care home providers abject failures of inspection and regulation and uncertainty over how long term care of older people should be funded have all given rise to serious public concern In this short form book part of the Critical and Radical Debates in Social Work series Iain Ferguson and Michael Lavalette give an historical overview of adult social care The roots of the current crisis are located in the under valuing of older people and adults with disabilities and in the marketisation of social care over the past two decades The authors critically examine recent developments in social work with adults including the personalisation agenda and the prospects for adult social care and social work in a context of seemingly never ending austerity Social Policy Review 18 Linda Bauld,Karen Clarke,Tony Maltby,2006 **Teamwork in Multiprofessional Care** Malcolm Payne,2000-06-05 In this important text Malcolm Payne shows how team members in care services can use networking and teambuilding to strengthen their practice by being open to work with wider networks of agencies professionals and service users He brings traditional team development up to date including perspectives from research from management ideas and from professional writings Each chapter contains a concise account of new ideas in teamwork practical guidance on teambuilding and teambuilding activities for team members Realising Participation Kathryn Roberts,Tom Chapman,2017-10-05 This title was first published in 2001 During the last twenty years government rhetoric in the UK has increasingly advocated that statutory health and social care services should regard and treat recipients as consumers in the same way as companies and organizations in the private sector This involves a considerable cultural change on the part of both service providers and their clients and this timely study explores the extent to which such a cultural change is actually taking place in British society The utilization of welfare services by a sample of people aged 70 and above on discharge from inpatient care and in a short period afterwards is examined as a critical testbed for key components of consumerism including participation representation access choice information and redress The book explores not only the extent to which opportunities are being provided for users to play an active role in their care but also their degree of willingness to assume such a role By investigating the experiences of clients from a generation which might be considered relatively resistant to a more active participation in health and social care the study offers an important insight into the extent to which a real social transformation is indeed taking place in the British welfare services 100 Years of NCVO and

Voluntary Action Justin Davis Smith, 2019-05-14 This book explores the rich history of voluntary action in the United Kingdom over the past 100 years through the lens of the National Council for Voluntary Organisations NCVO which celebrates its centenary in 2019 From its establishment at the end of the First World War through the creation of the Welfare State in the middle of the twentieth century to New Labour and the Big Society at the beginning of this century NCVO has been at the forefront of major developments within society and the voluntary movement The book examines its many successes including its role in establishing high profile charities such as Age Concern the Youth Hostels Association and National Association of Citizens Advice Bureaux It charts the development of closer relations with the state resulting in growing awareness of the value of voluntary action increased funding and beneficial changes to public policy tax and charity law But it also explores the criticisms NCVO has faced in particular that by pursuing a partnership agenda and championing professionalisation it has contributed to an erosion of the movement's independence and distinctiveness *Personalisation* Peter

Beresford, 2014-03-01 Personalization has become a social policy buzzword in the twenty first century as many organizations move steadily away from one size fits all models of service In this provocative book Peter Beresford is joined by other top academics to challenge the personalization agenda Although critical of one size fits all approaches they contend that personalization turns service users into consumers who are shopping in a care market This does not facilitate better attunement to user needs they argue but an increased commodification of care that actually channels large profits toward a decreasing number of providers at the expense of service quality A timely debate in an era when public programs are deeply embattled *Personalisation* is a careful work of critical policy assessment
