understanding and bring about change In addition to up to date examples and research the eighth edition presents three chapters on inequality in educational access and experiences where class race and ethnicity and gender are presented as separate though intersecting vectors of educational inequality Each chapter combines qualitative and quantitative approaches and relevant theory classics and emerging research and micro and macro level perspectives *What Our Stories Teach Us* Linda K. Shadiow,2013-03-07 Praise for What Our Stories Teach Us In her new book What Our Stories Teach Us Linda Shadiow invites college faculty to use their personal and professional stories to reflect more critically and meaningfully on their teaching practice Guiding her readers with a gentle but sure hand Shadiow painstakingly shows that by systematically examining our educational and pedagogical biographies from a range of perspectives we gain deeper insight into the pivotal moments that enliven our teaching and sustain our commitment to ongoing professional growth I expect to be learning from this humane book for many years to come STEPHEN PRESKILL Distinguished Professor of Civic Engagement and Leadership Wagner College Essential reading for every educator who strives to be a better teacher Shadiow s book offers us a fascinating process to mine our personal teaching and learning stories for the valuable lessons they contain JIM SIBLEY Centre for Instructional Support University of British Columbia In this well conceived and well written book Linda Shadiow gently guides faculty along a path toward unearthing the rich stories of their lives that offer deep and enduring insight into their practice DANIELLE D STEVENS professor and author Journal Keeping How to Use Reflective Writing for Learning Teaching Professional Insight and Positive Change **The Course Syllabus** Judith Grunert O'Brien,Barbara J. Millis,Margaret W. Cohen,2009-10-29 When it was first published in 1997 The Course Syllabus became the gold standard reference for both new and experienced college faculty Like the first edition this book is based on a learner centered approach Because faculty members are now deeply committed to engaging students in learning the syllabus has evolved into a useful if lengthy document Today s syllabus provides details about course objectives requirements and expectations and also includes information about teaching philosophies specific activities and the rationale for their use and tools essential to student success *Sociology of Families* David M Newman,Elizabeth Grauerholz,2002-02-19 Sociology of Families Second Edition begins at the level of the individual by examining familiar contemporary issues topics students are likely to feel strongly about David Newman and Liz Grauerholz next show students the deeper and more detailed sociological underpinnings of the issues at hand using the theories and data of social sciences to understand the meaning and broader relevance of these controversies and experiences **Theorizing Foreign Policy in a Globalized World** Knud Erik Jørgensen,2015-04-29 In this collection of refreshing and provocative essays the contributors to Theorizing Foreign Policy in a Globalized World reflect on the game changing political impact of globalization outlining the situation as it currently stands and suggesting strategies for analyzing foreign policy and global governance **Teaching Environmental Literacy** Heather L. Reynolds,2010 Integrating environmental education throughout the curriculum **Exploring Signature**

**Pedagogies** Regan A. R. Gurung, Nancy L. Chick, Aeron Haynie, 2023-07-03 From the Foreword These authors have clearly shown the value in looking for the signature pedagogies of their disciplines Nothing uncovers hidden assumptions about desired knowledge skills and dispositions better than a careful examination of our most cherished practices The authors inspire specialists in other disciplines to do the same Furthermore they invite other colleagues to explore whether relatively new interdisciplinary fields such as Women s Studies and Global Studies have or should have a signature pedagogy consistent with their understanding of what it means to apprentice in these areas Anthony A Ciccone Senior Scholar and Director Carnegie Academy for the Scholarship of Teaching and Learning How do individual disciplines foster deep learning and get students to think like disciplinary experts With contributions from the sciences humanities and the arts this book critically explores how to best foster student learning within and across the disciplines This book represents a major advance in the Scholarship of Teaching and Learning SoTL by moving beyond individual case studies best practices and the work of individual scholars to focus on the unique content and characteristic pedagogies of major disciplines Each chapter begins by summarizing the SoTL literature on the pedagogies of a specific discipline and by examining and analyzing its traditional practices paying particular attention to how faculty evaluate success Each concludes by articulating for its discipline the elements of a signature pedagogy that will improve teaching and learning and by offering an agenda for future research Each chapter explores what the pedagogical literature of the discipline suggests are the optimal ways to teach material in that field and to verify the resulting learning Each author is concerned about how to engage students in the ways of knowing the habits of mind and the values used by experts in his or her field Readers will not only benefit from the chapters most relevant to their disciplines As faculty members consider how their courses fit into the broader curriculum and relate to the other disciplines and design learning activities and goals not only within the discipline but also within the broader objectives of liberal education they will appreciate the cross disciplinary understandings this book affords **Classrooms as**

**Laboratories** United States. Congress. House. Committee on Science. Subcommittee on Research, 2001 [First Contact](#) Nancy A. Greenwood, Jay R. Howard, 2011-08-16 The Introduction to Sociology course is usually the first contact that students have with the discipline of sociology This course can determine whether students take other sociology courses or learn to use sociology in their lives as adults and citizens First Contact identifies important issues facing instructors in introducing students to the sociological imagination Drawing on the literature of teaching and learning in sociology and higher education more broadly First Contact provides an overview of the scholarship of teaching and learning best practices and other essential information to create a successful first course in sociology It walks the instructor through the course design process from learning about whom your students are determining appropriate course goals and learning objectives and using these ideas to design execute and assess your course It examines the core content of a first course It discusses how to design a syllabus select textbooks and readings as well as how to design and deliver effective lectures facilitate good discussions and
