L.

Short,1916 A quarterly review of religion theology and philosophy     *Hibbert Journal* ,1917     Where are the Dead? Peter Moore,2016-09-13 Where are the dead What are they doing What kind of a process is dying What relationships exist among the dead themselves and between the dead and those in the world they have left behind Modern philosophers argue that the idea of disembodied survival to which many believers pay lip service is incoherent and that there can be evidence neither for nor against something incoherent By contrast this book argues the idea of an embodied survival albeit a form of embodiment differing from our present embodiment makes perfect sense in itself and fits much better with the alleged evidence for post mortem survival Exploring post mortem survival Where are the Dead uses a variety of empirical data alongside mythological legendary and purely fictional material to illustrate how the less familiar idea of embodied post mortem survival might actually work in some real afterlife environment By asking questions about the nature and whereabouts of the afterlife and about what it might be like to be dead the book explores themes nowadays relatively neglected even in disciplines explicitly concerned with ideas about death dying and life after death     **Manifest Ambition** John C. Pinheiro,2007-03-30 This is not another chronological retelling of the Mexican War Instead it examines civil military clashes during the war in light of Jacksonian politics and the American citizen soldier tradition looking at events that shed light on civilian authority over the

military as well as the far reaching impact of political ambition during this period specifically presidential power and the quest for the presidency By 1848 Americans had come to realize that in their burgeoning democracy generals and politicians could scarcely resist the temptation to use war for partisan gain It was a lesson well learned and one that still resonates today The Mexican War is known for the invaluable experience it provided to future Civil War officers and as an example of America's drive to fulfill her Manifest Destiny Yet it was more than a training ground more than a display of imperialism Significantly the Mexican War tested civilian control of the military and challenged traditional assumptions about the role of the army in American society In so doing it revealed the degree to which by 1846 the harsh partisanship of the Jacksonian Era had impacted the American approach to war This is not another chronological retelling of the Mexican War Instead it examines civil military clashes during the war in light of Jacksonian politics and the American citizen soldier tradition looking both at events that shed light on civilian authority over the military and at the far reaching impact of political ambition during this period specifically presidential power and the quest for the presidency In addition to politics a host of other factors marred civil military relations during the war threatening U.S. victory These included atrocities committed by Americans against Mexicans disobedient officers and inefficient U.S. military governors In the end as *Manifest Ambition* shows Polk's ability to overcome his partisan leanings his micro management of the war effort and his overall strategic vision helped avoid both a prolonged occupation and the annexation of all Mexico By 1848 Americans had come to realize that in their burgeoning democracy generals and politicians could scarcely resist the temptation to use war for partisan gain It was a lesson well learned and one that still resonates today

*Manifestation of the True Children of God* Jay Leach, 2015-05-25

One of the most deceptive practices in many American churches today is the blanket acceptance of people who call themselves Christians Many call themselves Christians but claiming to be something and being it are two entirely different matters The point is God wants righteous children of God who have believed in Christ unto salvation God wants Holy Spirit filled children and churches of God God wants real children of God who have put on the whole armor of God and stands against the wiles of the devil God wants a relationship with his children not a life of empty ritual God wants children who know his power not theirs God wants your faith in the resurrection power of Jesus Christ
