

An aerial photograph of a city at dusk or dawn. The foreground shows a multi-lane highway with white lane markings, receding into the distance. The city skyline is visible in the background, with various buildings and skyscrapers silhouetted against a hazy, orange-tinted sky. The overall mood is serene and urban.

SOCIAL RESEARCH

A SIMPLE GUIDE

MORLEY D. GLICKEN

Social Research A Simple Guide

Johann Mouton, H. C. Marais

Social Research A Simple Guide:

Social Research Morley D. Glicken, 2003 Glicken Central Michigan U presents a brief supplementary text to help students in the social sciences understand social research and statistics From his experiences as a professor of social work in graduate research the author knows research can be a challenging area for many students so has purposely written the text to make the topic appealing and accessible to students Though academic the tone is conversational and entertaining and real world examples illustrate the concepts Annotation copyrighted by Book News Inc Portland OR *Improving the*

Effectiveness of the Helping Professions Morley D. Glicken, 2005 The current practice of counselling psychotherapy and most helping professions often relies on clinical wisdom with little evidence of what actually works Clinical wisdom is often a justification for beliefs and values that bond people together as professionals but often fails to serve clients since many of those beliefs and values may be comforting but they may also be inherently incorrect *Improving the Effectiveness of the Helping Professions An Evidence Based Approach to Practice* covers the use of research and critical thinking to assist helping professionals make the most effective choices in treating clients with social and emotional problems The use of evidence based practice EBP comes at a time when managed care and concerns over health care costs coincide with growing concerns that psychotherapy case management and counseling may not be sufficiently effective ways of helping people in social and emotional difficulty

A Simple Guide to Social Research Morley D. Glicken, 2002 LOGIC AND METHODS OF SOCIOLOGICAL RESEARCH Dr. Shipra Mathur, Vikram Singh Parihar , 2025-01-15 EBOOK: Doing Social Research: A Global Context Claire Wagner, Barbara Kawulich, Mark Garner, 2012-08-16 With its focus on critical thinking and applied learning *Doing Social Research* provides a unique approach to conducting social research The book is organised according to the broad chronology of developing and conducting a typical student research project and provides coverage of key theories alongside exercises case studies and scenarios Written specifically for students in South Africa and the developing world and drawing on examples from a range of fields in the social sciences the book brings research methods to life **Resources for**

Nursing Research Cynthia Clamp, Stephen Gough, Lucy Land, 2005-01-11 The 4th edition of this extensive text is an outstanding resource prepared by nurses and a librarian for nurses In a structured and helpful style it presents thousands of items from the literature published papers reports books and electronic resources as a clear accessible and most of all useful collection The efforts to signpost and lead the reader to the sought for information are effective and well conceived and the How to use this book section is remarkably simple the book should be found in every nursing and health library every research institute and centre and close to many career researchers desks RCN Research This latest edition of *Resources for Nursing Research* provides a comprehensive bibliography of sources on nursing research and includes references for books journal papers and Internet resources Designed to act as a signpost to available literature in the area this Fourth Edition covers the disciplines of nursing health care and the social sciences Entries are concise informative and accessible and are

arranged under three main sections Sources of Literature covers the process of literature searching including using libraries and other tools for accessing literature Methods of Inquiry includes an introduction to research how to conceptualize and design nursing and health research measurement and data collection and the interpretation and presentation of data The Background to Research in Nursing encompasses the development of nursing research the profession s responsibilities the role of government funding research roles and careers and education for research Fully revised and updated the Fourth Edition includes just under 3000 entries of which 90% are new It has extensive coverage of US UK literature and other international resources This new edition will be an essential guide for all those with an interest in nursing research including students teachers librarians practitioners and researchers

Scholarly Research in Music Sang-Hie Lee,2022-04-28

Scholarly Research in Music Shared and Disciplinary Specific Practices Second Edition offers a comprehensive and detailed guide to engaging in research in all disciplines of music This second edition continues to provide the foundational principles of research for all musicians including performers theorists composers conductors music educators and musicologists It strengthens the core pedagogical framework of the first edition by offering updated guidance on available technologies methodologies and materials Driven by the rapidly shifting research paradigms within music sixteen contributors expand the already broad scope of the book with new chapters on research in today s library neurophenomenology in music and self efficacy in music performance as well as new sections in chapters on philosophy historical research social science research and statistics Introducing research as a friendly and accessible process the book engages students in brainstorming a topic asking pertinent questions systematically collecting relevant information analyzing and synthesizing the information and designing a cohesive research plan to conduct original research Detailing the methodologies and techniques of both conventional and innovative approaches to music research Scholarly Research in Music provides an essential grounding for all kinds of music researchers

Doing Real Research Eric Jensen,Charles Laurie,2016-03-17

Challenging the formality and idealized settings of conventional methods teaching and opting instead for a real world approach to social research this book offers frank practical advice designed to empower students and researchers alike Theoretically robust and with an exhaustive coverage of key methodologies and methods the title establishes the cornerstones of social research Examples reflect research conducted inside and outside formal university settings and range from the extremes of war torn countries to the complexities of school classrooms Supported by a wealth of learning features and tools the textbook and website include Video top tips Podcasts Full text journal articles Interviews with researchers conducting field research Links to external websites and blogs Student exercises Real world case studies

A Guide to Writing for Human Service Professionals

Morley D. Glicken,2017-08-01 Straightforward and concise the second edition of A Guide to Writing for Human Service Professionals offers students and professionals practical tools to improve their writing In his animated and highly accessible teaching voice Glicken presents the rules of punctuation grammar and APA style in jargon free language that s easy to

understand Chapters include detailed real world examples on how to write academic papers client assessments and evaluations business letters research proposals and reports papers for mass audiences requests for funding and much more Glicken provides the most comprehensive writing guide available in an engaging and digestible format including end of chapter exercises that allow readers to further practice their writing and critical thinking skills A Guide to Writing for Human Service Professionals is an invaluable resource for current and future human service professionals across social work psychology and counseling Updates to the Second Edition include New writing exercises in every chapter to help current and future human service professionals improve critical thinking and expository writing skills New discussion on social media writing cyberslang and writing articles for the mass media on issues related to the human services A greater emphasis on the difference between politically correct writing and writing that shows sensitivity to diversity Expanded coverage of critical thinking and writing conducting research and plagiarism New examples of resume writing business letters and reference letters Expanded discussion of the importance of writing clear mission statements and agency goals

Basic Concepts in the Methodology of the Social Sciences Johann Mouton, H. C. Marais, 1988 This book consists of three major sections In the first which includes chapters 1 to 7 the basic concepts of the methodology of the social sciences are discussed In the second chapters 8 and 9 the most important concepts of part one are integrated in discussions on the writing of research proposals and research reports The third section appendices consists of three case studies in which the most important methodological principles which were discussed in the preceding sections are illustrated

Research Foundations Douglas Woodwell, 2013-11-07 Designing research can be daunting and disorienting for novices After experiencing this first hand author Douglas Woodwell has written Research Foundations How Do We Know What We Know a book that shows how to mentally frame research in a way that is understandable and approachable while also discussing some of the more specific issues that will aid the reader in understanding the options available Stressing the link between research and theory building this concise book shows students how new knowledge is discovered through the process of research The author presents a model that ties together research processes across the various traditions and shows how different types of research interrelate The book is sophisticated in its presentation but uses plain language to provide an explanation of higher level concepts in an engaging manner Throughout the book the author treats research methodologies as a blueprint for answering a wide range of interesting questions rather than simply a set of tools to be applied The book is an excellent guide for students who will be consumers of research and who need to understand how theory and research interrelate

Scholarly Research for Musicians Sang-Hie Lee, 2017-01-20 Scholarly Research for Musicians presents a range of research methods and techniques incorporating both the common elements of traditional music research methodologies with innovative research strategies endemic to the fields of social science education and performance science The author's collaborative and interdisciplinary approach reinforces the belief that research is most palpable and successful when accessed through a

relevant and meaningful way of organizing thoughts and knowledge Drawing from over twenty years of classroom experience the author organizes the text into five units Common Bases Qualitative Research Quantitative Research Performance Science and Review Research is presented as an accessible process one facilitated by brainstorming and question asking the systematic collection of information and the analysis and synthesis of information all with the aim to develop a succinct conceptual framework In explicating this process the author introduces traditional Western thought alongside contemporary and Eastern philosophy Experts in the field of performance science explore novel approaches to studying the audience incorporating various measuring devices and methods In the final chapter the author offers strategies for disseminating and publishing research reports Scholarly Research for Musicians demystifies the research process for musicians and music students alike demonstrating the common principles of cohesive research plans PowerPoint presentations are available to instructors covering chapter discussion points in summary format This text explores interdisciplinary methods that merge with and focus on the study of music while emphasizing concepts and materials relevant to all types of research Simple Guide to Study Skills Lindsay B. Smith M.Ed.,2015-01-01 Study Skills eBook Workbooks Our study skills ebook includes Skill building strategies each student can tailor to their personal learning strengths Time management Extensive note taking and testing tips Foreign language learning tips and skills Memory enhancement skills Organizational strategies for avoiding procrastination Study skills for finals mid terms open book and take home tests Benefits Include More free time Better grades Greater self confidence Less homework hassle Increased academic independence Significantly less academic stress Lifelong learning skills **E-Health and Telemedicine: Concepts, Methodologies, Tools, and Applications**

Management Association, Information Resources,2015-09-23 Advances in medical technology increase both the efficacy and efficiency of medical practice and mobile technologies enable modern doctors and nurses to treat patients remotely from anywhere in the world This technology raises issues of quality of care and medical ethics which must be addressed E Health and Telemedicine Concepts Methodologies Tools and Applications explores recent advances in mobile medicine and how this technology impacts modern medical care Three volumes of comprehensive coverage on crucial topics in wireless technologies for enhanced medical care make this multi volume publication a critical reference source for doctors nurse practitioners hospital administrators and researchers and academics in all areas of the medical field This seminal publication features comprehensive chapters on all aspects of e health and telemedicine including implementation strategies use cases in cardiology infectious diseases and cytology among others care of individuals with autism spectrum disorders and medical image analysis **Evidence-Based Counseling and Psychotherapy for an Aging Population** Morley D.

Glicken,2009-08-01 At a time when the mental health difficulties disorders of the elderly are coming to the fore of many practitioners patient rosters naming and treating those problems is still too often handled as an art as much as a science Inconsistent practices based on clinical experience and intuition rather than hard scientific evidence of efficacy have for too

long been the basis of much treatment Evidence based practices help to alleviate some of the confusion allowing the practitioner to develop quality practice guidelines that can be applied to the client identify appropriate literature that can be shared with the client communicate with other professionals from a knowledge guided frame of reference and continue a process of self learning that results in the best possible treatment for clients The proposed volume will provide practitioners with a state of the art compilation of evidence based practices in the assessment and treatment of elderly clients As such it will be more clinically useful than anything currently on the market and will better enable practitioners to meet the demands faced in private and institutional practice Focusing on the most current research and best evidence regarding assessment diagnosis and treatment the volume covers difficulties including but not limited to social isolation loneliness elder abuse neglect depression and suicidal inclinations anxiety disorders substance abuse dementias prolonged bereavement patients with terminal illnesses Because concrete research evidence is so often not used as the basis for practice this book provides a timely guide for clinicians social workers and advanced students to a research oriented approach to serving the mental health needs of elderly adults Fully covers assessment diagnosis treatment of the elderly focusing on evidence based practices Consolidates broadly distributed literature into single source and specifically relates evidence based tools to practical treatment saving clinicians time in obtaining and translating information and improving the level of care they can provide Detailed how to explanation of practical evidence based treatment techniques Gives reader firm grasp of how to more effectively treat patients Chapters directly address the range of conditions and disorders most common for this patient population i e social isolation elder abuse neglect depression anxiety disorders terminal illnesses disabilities bereavement substance abuse and dementias Prepares readers for the conditions they will encounter in real world treatment of an elderly patient population Cites numerous case studies and provides integrative questions at the end of each chapter Exposes reader to real world application of each treatment discussed Offers reader easy base for further study of subject saving clinicians time

Learning from Resilient People Morley D. Glicken, 2006-05-03 This comprehensive core textbook analyzes how resilient people navigate the troubled waters of life's traumas and identifies how learning about resilience may help cultivate this quality in other less resilient people Author Morley D Glicken explains the inner self healing processes of resilient people and helps individuals training in the helping professions to learn to use these processes in working with their clients Key Features Presents Current Research on Resilience The most current data is provided on a variety of common physical social and emotional problems experienced by people and the way in which resilient people cope with those problems In addition an entire chapter summarizes what we know about resilience and how it can be applied to clinical practice Provides Engaging Case Examples Wonderful and honestly written stories from resilient people about how they cope so well with their traumas illustrate how therapy using resilience can work From this perspective therapy draws from strength rather than deficit or psychopathology There is also a chapter on resilient communities not often discussed in literature which supports the idea

that communities can help people increase their resilience Examines Resilience Across the Life Cycle The meaning and definitions of resilience is discussed as well as how it functions throughout the life cycle and through multiple life events This book also clarifies the erroneous notion that resilient people are endlessly resilient and helps recognize resilience as an actual and real attribute and not one that makes people seem super human Intended Audience This is an ideal textbook for undergraduate and graduate courses in Psychology Counseling Social Work Psychiatric Nursing Marriage and Family Counseling and Criminal Justice that teach direct practice techniques approaches and theories It is also a valuable resource for practitioners administrators teachers mental health workers and family service agencies **Handbook of Research**

Design and Social Measurement Delbert C. Miller, Neil J. Salkind, 2002-01-16 If a student researcher had only one handbook on their bookshelf Miller and Salkind's Handbook would certainly have to be it With the updated material the addition of the section on ethical issues which is so well done that I'm recommending it to the departmental representative to the university IRB and a new Part 4 on Qualitative Methods the new Handbook is an indispensable resource for researchers Dan Cover Department of Sociology Furman University I have observed that most instructors want to teach methodology their way to imbue the course with their own approach Miller Salkind allows one to do this easily The book is both conceptually strong e.g. very good coverage of epistemology research design and statistics and at the same time provides a wealth of practical knowledge scales indices professional organizations computer applications etc In addition it covers the waterfront of methodology Michael L Vasu Director of Information Technology North Carolina State University A unique and excellent reference tool for all social science researchers and a good textbook for graduate students and senior year undergraduate classes These students are about to enter the real life of research and need a handy and comprehensive tool as a starting point that offers shortcuts for getting into real research projects For a small project the book offers enough information to get the project started For big projects the book is ideal for information on where to look for things and examples Jianhong Liu Department of Sociology Rhode Island College The book considered a necessity by many social science researchers and their students has been revised and updated while retaining the features that made it so useful The emphasis in this new edition is on the tools graduate students and more advanced researchers need to conduct high quality research Features Benefits Provides step by step instruction for students research training by beginning with how to find a creative idea a middle range theory and initial hypothesis and proceeds through design proposal collection and analysis of data followed by writing reporting and publication Section on scales and indices are organized so that readers can quickly locate and find the type of scale or index in which they may be interested All sections are now followed by useful and well considered reference sections so that readers can read more about each topic Includes updated coverage on new scales internal and external validity and new analytic techniques with extensive references on each Presents extensive coverage of how to prepare manuscripts for publication including a list of all journals covered by Sociological Abstracts along with the

editorial office address and URL for each entry Discusses the importance of policy research with presentation and discussion of specific models as an adjunct to both applied and basic research techniques Provides extensive coverage of funding opportunities including those offered by the National Institutes of Health the National Science Foundation and a directory of private funding sources including relevant contact information New to this edition New Part 4 by John Creswell and Ray Maietta provides a comprehensive introduction to qualitative methods including a review of existing computer applications for collecting and analyzing data New and more current reviews and commentaries have replaced dated or no longer relevant excerpts Thousands of new references on the assessment of important sociological variables as well as references to such topics as statistical analysis computer applications and specific topics Thoroughly updated information on the use of computers and online research techniques including beginning and intermediate material about the Internet and its use by the modern research scientist Coherent and thoughtful review of the most popular statistical analysis software packages New guidelines and discussion of ethical practices in social and behavioral science research including extensive coverage of institutional review board procedures and activities Expansion of social indicators to include international coverage Plus there is an extensive and well organized table of contents with four levels of headings and for the first time in the history of the book a comprehensive index

Succeeding in Literature Reviews and Research Project Plans for Nursing Students Graham R. Williamson, Andrew Whittaker, 2019-11-04 Now in its fourth edition and thoroughly updated to ensure all content is mapped to the new 2018 NMC standards this book is a practical and readable guide to undertaking a research project plan or a literature review for final year assessment The book guides readers from start to finish beginning with choosing a nursing topic and developing questions about it then accessing and critically reviewing research literature considering ethical issues proposing research where applicable and finally writing up and completing the literature review or research proposal The authors also explore how to translate evidence into practice and how this can improve day to day decision making as well as feeding into assessments

Doing Qualitative Research Using Your Computer Chris Hahn, 2008-04-11 I find your straightforward writing style an absolute joy such a breath of fresh air Angie Ash PhD student thank you very much for your accessible language clear lay out and practical applied approach I suspect that this book will never be far from my side over the next 4 years Mayen Konarski PhD student Using straight forward language *Doing Qualitative Research Using Your Computer* walks readers through the process of managing and streamlining research projects using commonly available Microsoft software applications Drawing on a wide range of examples to demonstrate how easy it is to use such software this guide is full of useful hints and tips on how to manage research more efficiently and effectively including Formatting transcripts for maximum coding efficiency in Microsoft Word Using features of Word to organize the analysis of data and to facilitate efficient qualitative coding Synchronizing codes categories and important concepts between Microsoft Word and Microsoft Access Efficiently storing and analyzing the qualitative data in Microsoft Excel Creating flexible analytic memos in

Access that help lead the researcher to final conclusions Ideal for those students or researchers who don t want to invest in expensive specialised software packages this guide will be an invaluable companion for anyone embarking on their own research project

An Introduction to Data Analysis Tiffany Bergin, 2018-10-15 Covering the general process of data analysis to finding collecting organizing and presenting data this book offers a complete introduction to the fundamentals of data analysis Using real world case studies as illustrations it helps readers understand theories behind and develop techniques for conducting quantitative qualitative and mixed methods data analysis With an easy to follow organization and clear jargon free language it helps readers not only become proficient data analysts but also develop the critical thinking skills necessary to assess analyses presented by others in both academic research and the popular media It includes advice on Data analysis frameworks Validity and credibility of data Sampling techniques Data management The big data phenomenon Data visualisation Effective data communication Whether you are new to data analysis or looking for a quick reference guide to key principles of the process this book will help you uncover nuances complexities patterns and relationships among all types of data

Adopting the Song of Term: An Emotional Symphony within **Social Research A Simple Guide**

In some sort of consumed by monitors and the ceaseless chatter of immediate conversation, the melodic beauty and emotional symphony created by the prepared term often disappear in to the backdrop, eclipsed by the relentless sound and interruptions that permeate our lives. Nevertheless, located within the pages of **Social Research A Simple Guide** an enchanting literary treasure brimming with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, this captivating masterpiece conducts viewers on an emotional journey, well unraveling the concealed songs and profound impact resonating within each cautiously constructed phrase. Within the depths of this poignant review, we shall discover the book is central harmonies, analyze their enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
