Social Security In The Netherlands:

Social Security Agreement Between the U.S. & the Netherlands, 1994 **Labour Law in the Netherlands** Antoine T.J.M. Jacobs, 2020-05-21 Derived from the renowned multi volume International Encyclopaedia of Laws this monograph on the Netherlands not only describes and analyses the legal aspects of labour relations but also examines labour relations practices and developing trends It provides a survey of the subject that is both usefully brief and sufficiently detailed to answer most questions likely to arise in any pertinent legal setting Both individual and collective labour relations are covered in ample detail with attention to such underlying and pervasive factors as employment contracts suspension of the contracts dismissal laws and covenant of non competition as well as international private law The author describes all important details of the law governing hours and wages benefits intellectual property implications trade union activity employers associations workers participation collective bargaining industrial disputes and much more Building on a clear overview of labour law and labour relations the book offers practical guidance on which sound preliminary decisions may be based It will find a ready readership among lawyers representing parties with interests in the Netherlands and academics and researchers will appreciate its value in the study of comparative trends in laws affecting labour and labour relations [Introduction to Dutch Law](#) Jeroen Chorus, 2016-04-18 A standard legal resource since its first edition in 1978 this matchless book has proven itself the ideal overview of Dutch law for foreign lawyers This Fifth Edition fully updates its systematic description of the legal sources institutions and concepts in all major fields of law Recent developments covered include the progressive implementation of standards set by international conventions the reorganization of the judiciary the statute on environmental law and the re codification of private international law The continuing influence of European law is evident in many fields perhaps most notably in family law The various chapters are written by experts scholars and lawyers in particular fields and provide an authoritative overview of each field The historical sources of Dutch law are discussed as well as Dutch legal culture judicial organization legal education and the legal profession These chapters are followed by introductions to essential issues of private and public law and labour law The last chapter examines questions of legal philosophy The only resource of its kind available this book is unmatched as a thorough guide to further research It offers practitioners particularly foreign lawyers a quick and reliable way into any area of Dutch law that they may be required to research It will also be of great value to comparatists especially those studying the influence of European law on national legal systems scholars and students Like previous editions the Fifth Edition has been prepared under the auspices of the Netherlands Comparative Law Association *Welfare Services in the Netherlands and United Kingdom* Sita Radhakrishnan, 1992 In the years following World War II the concept of State Welfare did seem to be the golden mean between Marxian revolution and laissez faire evolution in the human pursuit of social justice Western democratic states that upheld the primacy of the individual and his liberty over that of the State operationalized State responsibility for welfare on the basis of social policies

compatible with their socio political and economic systems This resulted in the coming into existence of a large number of services rendered by the State to its citizens touching all aspects of their lives cutting through informal intermediary institutions and developing a direct link with it The focus of this study is on these services in two such states i e the Netherlands and the United Kingdom Their provision and administration for ethnic minorities that form part of their national communities is dealt with in particular The Netherlands and the United Kingdom have constitutional monarchical systems based on the sovereignty of the people Liberalism is an underlying sociological base for their societies Both had acquired overseas colonies which resulted in the settlement of people with ethnic origins different from their dominant group within their national communities These factors make the two comparable However the ideological basis social and economic forces and movements that led to the establishment of State welfare in the two states differ significantly The study reveals that their particular ideological positions on State Society relations have a significant impact on social policies adopted by them and in the modalities of their implementation The British stand on assimilation in one dominant culture and the Dutch stand on integration with acceptance of pluralism throw up the genuine problems in the harmonization of social policy in a United Europe of the future Social Security ,1999 *The German and Dutch Economies* Lei Delsen,Eelke de Jong,2012-12-06

Institutions have both positive and negative effects on economic performance The theoretical and empirical understanding of the roles played by institutions norms and culture in the functioning of markets still is limited This book contributes to a better understanding of the role played by institutions in economic life and to more balanced and better founded policy decisions related to the re structuring of industrial economies in response to the structural changes internationalisation of the economies the advances in information and communication technology and the ageing of populations they all are confronted with **The Persistent Religious Gender Gap in the Netherlands in Times of Secularization, 1966-2015** Joris Kregting,2020-02-19 Over the last 50 years the Netherlands has undergone a process of massive secularisation in terms of the decline of institutionalised religion This study tests a wide range of explanations for this process built on modernisation theory with high quality survey data In addition despite modernisation and the rise of gender equality in the area of social structural location a religious gender gap persists in the Netherlands with women being more religious than men With a comprehensive model of social and psychological differences between Dutch men and women this study contributes to an explanation for this gap *European Social Charter* Council of Europe.
