Socialist Policy Of Peace Theory And Practice:

Socialist Policy of Peace Vladimir Ivanovich Belov,Alekseĭ Karenin,Vladimir Semenovich Petrov,1979 **The Soviet Study of International Relations** Allen Lynch,1989-07-28 Current divergence from traditional Leninist orthodoxy is attributed to such phenomena as nuclear warfare continued Western prosperity and the Sino Soviet split according to this systematic analysis of Soviet foreign policy **Socialism, Theory and Practice** ,1982 **Power and the Pursuit of Peace: Theory and Practice in the History of Relations Between States** F. H. Hinsley,Francis Harry Hinsley,1967-10 In the last years of the nineteenth century peace proposals were first stimulated by fear of the danger of war rather than in consequence of its outbreak In this study of the nature and history of international relations Mr Hinsley presents his conclusions about the causes of war and the development of men s efforts to avoid it In the first part he examines international theories from the end of the middle ages to the establishment of the League of Nations in their historical setting This enables him to show how far modern peace proposals are merely copies or elaborations of earlier schemes He believes there has been a marked reluctance to test these theories not only against the formidable criticisms of men like Rousseau Kant and Bentham but also against what we have learned about the nature of international relations and the history of the practice of states This leads him to the second part of his study an analysis of the origins of the modern states system and of its evolution between the eighteenth century and the First World War **Fundamentals of Cognitive-Behavior Therapy** Carlton Munson,Bill Borchardt,2014-04-23 A central premise of cognitive behavior therapy is that individuals bring themselves to their emotions and behavior by how they think Fundamentals of Cognitive Behavior Therapy helps therapists and counselors address the important questions of cognitive behavior therapy what to ask how to respond to difficult exchanges with clients and why to make chosen responses and helps them get at the cognitive base of clients emotional disturbances more quickly The book is unique in that it presents more than a textbook approach to problemsolving it provides a wealth of data and philosophy that enables clinicians to respond more helpfully to client problems Readers of Fundamentals of Cognitive Behavior Therapy learn what therapeutic questions to ask and what responses to give to psychotherapy clients common difficult questions and statements in ways that better contribute to the long range happiness and survival of the client This insightful book encourages therapists to help clients help themselves by showing therapists effective detailed responses that help clients answer their own questions and come to their own conclusions about why they react certain ways to specific situations Among the 164 troublesome client questions and statements to which Borchardt offers rational responses are But I don t feel like it I can t make a decision because I don t know if it is the right one Why won t things work out for me I can t help it I have so many problems and feelings that I don t know where to begin dealing with them Why don t I change Why do I keep goofing up Whose side are you on anyway Through this detailed look at the therapist s role in heightening client awareness of self Author Bill Borchardt who has thirty years experience as a therapist provides a

storehouse of practical hands on tact and tactics which encourages a problem solving focus while preventing conversational drifting He gives readers insights on basic principles of emotional reeducation and well being psychotherapy as teaching overcoming emotional disturbance tendencies getting individuals to answer their own questions so they can expose their own potential solutions understanding and overcoming clients resistance to change a client centered method of problem solving interviewing The book illustrates that the primary medium of the therapist s influence is funneled through both direct questions asked of the client and through the therapist s responses to client questions and commentary Suggested questions and responses in the book help practitioners prepare for interviews and better understand clients resistance to change Designed for students in training as well as the beginning or seasoned practitioner **Fundamentals of Cognitive Behavior Therapy** includes 172 rational questions and 164 rational responses each with commentary that shows the clinical justifications for asking these questions and offering these responses Social workers psychologists guidance counselors psychiatrists nurses in mental health settings marital family counselors alcohol and other drug abuse counselors and other human service professionals will find **Fundamentals of Cognitive Behavior Therapy** filled with practical and insightful guidelines for better helping their psychotherapy clients

major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs Theory and Practice in Adult Literacy, Learning and Social Change Anna Robinson-Pant, Catherine Kell, 2025-08-21 Offering new theoretical empirical and methodological perspectives on adult literacy lifelong learning and social change this book challenges traditional debates on adult literacy and development The volume brings together debates and research from the Global South and Global North and is original in moving beyond descriptive accounts of adult literacy programmes classrooms and a focus on best practice It provides both a historical perspective on this field as well as looking forward to future research and pedagogical directions By broadening from an international development to a social change perspective this book offers an alternative starting point Unlike development social transformation does not set a specific agenda nor assume a certain endpoint The authors set out to investigate the why and how of the assumed connections between adult learning literacy and social change contributing a deeper understanding into the complex and often unpredictable processes involved As well as focusing on literacy learning in classrooms and educational programmes the book explores literacy practices and adult learning in everyday spaces including social movements religious poetry and community initiatives Case studies from different cultural contexts introduce alternative theoretical lenses like the concept of the enacted body to explore a woman's experience of learning and social change in Nepal or investigating how religious poetry shared between generations in Iran could be working against social change

Theory as Ideology in International Relations Benjamin Martill, Sebastian Schindler, 2020-03-13 Are theoretical tools nothing but political weapons How can the two be distinguished from each other What is the ideological role of theories like liberalism neoliberalism or democratic theory And how can we study the theories of actors from outside the academic world This book examines these and related questions at the nexus of theory and ideology in International Relations The current crisis of politics made it abundantly clear that theory is not merely an impartial and neutral academic tool but instead is implicated in political struggles However it is also clear that it is insufficient to view theory merely as a political weapon This book brings together contributions from a number of different scholarly perspectives to engage with these problems The contributors drawn from various fields of International Relations and Political Science cast new light on the ever problematic relationship between theory and ideology They analyse the ideological underpinnings of existing academic theories and examine the theories of non academic actors such as staff members of international organisations Ecovillagers and liberal politicians This edited volume is a must read for all those interested in the contemporary political crisis and its relation to theories of International Relations *Peace Forum* ,1913
