Nancy Nason-Clark, Mary Jo Neitz

Sociology And The Worlds Religions:

The Oxford Handbook of the Sociology of Religion Peter Clarke,2011-02-04 The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and spirituality on the politics culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline [Religion in Sociological Perspective](#) Keith A. Roberts,David Yamane,2015-07-18 This fully updated Sixth Edition of Religion in Sociological Perspective introduces students to the basic theories and methods in the field and shows them how to apply these analytic tools to new groups they encounter Authors Keith A Roberts and David Yamane explore three interdependent subsystems of religion meaning structure and belonging and their connections to the larger social structure While they cover the major theoretical paradigms of the field and employ various middle range theories to explore specific processes they use the open systems model as a single unifying framework to integrate the theories and enhance student understanding **The New Blackwell Companion to the Sociology of Religion** Bryan S. Turner,2016-10-03 THE NEW BLACKWELL COMPANION TO THE Sociology of Religion I enjoyed reading this book for its in depth examination of the complexities of the social forces that are shaping and are being shaped by religious groups around the world I certainly see this being of theoretical value for researchers engaging the new religious realities of our world Sociology of Religion A Quarterly Review The new companion is a timely and valuable work validly updating the original companion and a good addition to the reference shelves of any academic or specialist library Reference Reviews Reflecting recent developments in the field this companion provides a comprehensive introduction to the sociology of religion with a clear emphasis on comparative and historical approaches Covering all the areas relevant to undergraduate courses in this area the Companion begins by laying down the anthropological and sociological foundations of the study of religion and their contemporary developments It continues with an analysis of both traditional and contemporary forms of organization such as church sect typologies as well as megachurches and modern forms of spirituality The secularization and post secular society debates are considered in depth

along with the globalization process fundamentalism charismatic movements and revivalism It also discusses the sociology of Buddhism Christianity Hinduism Islam Judaism and religions of China as well as the areas of American exceptionalism from de Tocqueville onwards religious nationalism women and piety movements and the spirituality of Native American communities Considering new developments in social theory and religion the collection concludes with a discussion of recent work that attempts to understand the future of religion blending the sociology of modern societies anthropological ethnography and philosophical inquiry **Annual Review of the Sociology of Religion. Volume 4 (2013)** ,2013-11-21

Prayer is a phenomenon which seems to be characteristic not only of participants in every religion but also men and women who do not identify with traditional religions It can be practised even by those who do not believe either in a God or transcendent force In this sense therefore we may assert that the prayer is a typically human activity that has accompanied the development of different civilizations over the course of the centuries Both the material issues of concrete daily life as well as more symbolic elements expressed through words gestures body positions and community celebration are brought together in the act of praying Sociology in Nursing and Healthcare E-Book Hannah Cooke,2008-05-23 This title is directed primarily towards health care professionals outside of the United States Nursing practice needs to be informed by an understanding of people and the societies in which they live This introductory text has been designed specifically to discuss those aspects of sociology which are most relevant to nursing and the health care context in which it takes place A user friendly introduction to a subject which students often find strange and new Relates sociology to health and nursing to make the subject relevant to clinical practice Key concepts and chapter summaries aid learning and revision Case studies help relate theory to practice Reference lists in each chapter provide the evidence base Biographical notes on eminent sociologists help bring the subject to life Annotated Further Reading enables more in depth study **Sociology of Religion for Generations X and Y** Adam Possamai,2016-04-08 Generations X and Y are plugged into the contemporary world of consumption popular culture and the internet These generations treat knowledge and belief as a more flexible concept often focusing on the practical rather than the theoretical and often drawing on conflicting sources in both popular and cyber culture Their approach to religious belief and practice requires a new way of studying the sociology of religion Sociology of Religion for Generations X and Y examines key world religions Buddhism Christianity and Islam as well as newer religious groups such as Scientology New Age Witchcraft and online communities such as Jediism and Matrixism The book covers a range of key concepts secularisation and modernisation re enchantment the McDonaldisation of society and the easternisation of the west Each chapter opens with a case study from popular culture or the internet which takes the reader to the heart of the topic being discussed Employing both classical sociological theory and contemporary critical theory Sociology of Religion for Generations X and Y explains where contemporary religion and spirituality are coming from where they are now and where they are going Key Thinkers in the Sociology of Religion Richard K. Fenn,2009-04-09 Key

Thinkers in the Sociology of Religion takes a focused look at the foremost figures in the development of the field From the groundbreaking work of Max Weber right up to that of contemporary writers such as Peter Berger and Niklas Luhmann this volume is an essential companion for the student of sociology of religion Charting the development of theory in this area each chapter looks at the life and work of an individual theorist building to a picture of the field as it is today Richard Fenn's book provides a route to a rounded understanding of the field through the thought that defined it Religion in Sociological Perspective David Yamane, Keith A. Roberts, Jonas M. Hart, 2025-09-16 Religion in Sociological Perspective Eighth Edition introduces the systems of meaning structure and belonging that make up the complex social phenomena we know as religion The author team uses an active learning approach to illustrate the central theories and methods of research in the sociology of religion and show students how to apply these analytical tools to new groups they encounter **Sociology of Religion** Abby Day, 2020-12-30 The first sociology of religion textbook to begin the task of diversifying and decolonizing the study of religion Sociology of Religion develops a sociological frame that draws together the personal political and public showing how religion its origins development and changes is understood as a social institution influenced by and influencing wider social structures Organized along sociological structures and themes the book works with examples from a variety of religious traditions and regions rather than focusing in depth on a selection and foregrounds cultural practice based understandings of religion It is therefore a book about religion not religions that explores the relationship of religion with gender and sexuality crime and violence generations politics and media race ethnicity and social class disease and disability highlighting the position of religion in social justice and equality Each chapter of this book is framed around concrete case studies from a variety of Western and non Western religious traditions Students will benefit from thinking about the discipline across a range of geographical and religious contexts The book includes features designed to engage and inspire students Up to date and comprehensive analysis of engaging and accessible material Case Examples short summaries of empirical examples relating to the chapter themes Visually distinct boxes with bullet points key words and phrases focusing on the context Questions suitable for private or seminar study Suggested class exercises for instructors to use Suggested readings and further readings online resources at the end of each chapter Following a review and critique of early sociology of religion the book engages with more contemporary issues such as dissolving the secular sacred binary and paying close attention to issues of epistemology negotiations marginalities feminisms identities power nuances globalization post multiple modernity ies emotion structuration reflexivity intersectionality and urbanization This book is essential reading for undergraduate and postgraduate students exploring the sociology of religion religion and society religious studies theology globalization and human geography *The SAGE Handbook of the Sociology of Religion* James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I

also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009 *Classical Sociological Theory* George Ritzer, Jeffrey Stepnisky, 2016-12-27 Now with SAGE Publishing and co authored by one of the foremost authorities on sociological theory George Ritzer and Jeffrey Stepnisky s *Classical Sociological Theory* Seventh Edition provides a comprehensive overview of the major theorists and schools of sociological thought from the Enlightenment roots of theory through the early 20th century The integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of classical authors as well as to compare and contrast classical theories New to this Edition In Ch 1 Colonialism is now discussed as a major social force in development of modern society In Ch 2 there is an expanded discussion of the historical significance of Early Women Founders and the contributions of W E B Du Bois The chapter on Du Bois Ch 9 includes new material about his intellectual influences New contemporary commentary about Durkheim has been added to Ch 7 Ch 9 includes new material from recently translated later writings of George Simmel providing new context for his overall theory Addition of Historical Context boxes throughout text Sections on contemporary applications of classical theory have been added to each chapter **Handbook of the Sociology of Religion** Michele Dillon, 2003-08-18 Table of contents [Studies in Religion and the Everyday](#) Farhana Ibrahim, 2024 *Studies in Religion and the Everyday* is a collection of essays addressing the contours of religious beliefs and practices in the context of everyday life

in India Events and processes in contemporary India especially post the 1990s have contributed to distinct modes of articulating religious practices This volume is an attempt to historicize and problematize the categorization of religion as a universally held and analytically distinct feature of human life and seeks to understand the conditions historical political discursive and processes of authorization under which a particular set of practices values and dispositions constitutes the religious at a specific point in time By bringing together studies that draw from diverse methodological and epistemological approaches the book will serve as a useful introduction to religion in India for the general reader and as an indispensable resource for students and researchers The volume presents fresh perspectives on existing fields of study such as the city capital minorities secularization and the state no longer seen as distinct from religion but actively co produced with religion in the context of the theoretical rubric of the everyday thereby marking a departure from approaching the question of religion solely through the lens of identity and conflict Peter L. Berger and the Sociology of Religion Titus

Hjelm,2018-08-23 How and why did The Sacred Canopy by Peter L Berger 1929 2017 become a classic How have scholars used Berger s ideas over the past 50 years since its publication How are these ideas relevant to the future of the sociology of religion Peter L Berger and the Sociology of Religion explores these questions by providing a broad overview of Berger s work as well as more focussed studies The chapters discuss both aspects of Berger s classic text the systematic sociological theorising on religion and the historical theorising on secularisation The articles also critically examine Berger s reversal regarding secularisation and the suggested desecularisation of the world The approaches range from disciplinary history to applications of Berger s ideas The book includes contributions from Nancy Ammerman Steve Bruce David Feltmate Effie Fokas Titus Hjelm D Paul Johnson Hubert Knoblauch Silke Steets Riyaz Timol and Bryan S Turner **Sociological Theory**

George Ritzer,Jeffrey Stepnisky,2017-01-05 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Now with SAGE Publishing and co authored by one of the foremost authorities on sociological theory the Tenth Edition of Sociological Theory by George Ritzer and Jeffrey Stepnisky gives readers a comprehensive overview of the major theorists and schools of sociological thought from sociology s origins through the early 21st century Key theories are integrated with biographical sketches of theorists and are placed in their historical and intellectual context This text helps students better understand the original works of classical and contemporary theorists and enables them to compare and contrast the latest substantive concepts **Seeing Religion** Roman Williams,2015-05-13 The potential of visual

research methods in the sociology of religion is vast but largely untapped This comes as a surprise however given the visual symbolic and material nature of religion and spirituality Evidence of religious faith and practice is materially present in everything from clothing and jewelry to artifacts found in people s homes and workplaces Not only is religion s symbolic and material presence palpable throughout society it also informs attitudes beliefs and behaviors of countless people worldwide

Words and numbers approaches to social research however sometimes miss important dimensions of religion and spirituality in the contemporary world Seeing Religion is an invitation to a visual sociology of religion Contributors draw from their current research to discuss the application of visual methods to the study of religion and spirituality Each chapter stimulates the sociological imagination through examples of research techniques analytical approaches and methodological concerns

Feminist Narratives and the Sociology of Religion Nancy Nason-Clark, Mary Jo Neitz, 2001 In 14 essays US and Canadian sociologists of religion cultivate the growing gender and feminist consciousness in their profession and challenge established scholars and graduate students to be cognizant of it They combine biography and scholarly pursuits academic rigor and personal passion There is no index c Book News Inc *Sociological Theory and the Question of Religion* Andrew McKinnon, Marta Trzebiatowska, 2016-04-01 Religion lies near the heart of the classical sociological tradition yet it no longer occupies the same place within the contemporary sociological enterprise This relative absence has left sociology under prepared for thinking about religion s continuing importance in new issues movements and events in the twenty first century This book seeks to address this lacunae by offering a variety of theoretical perspectives on the study of religion that bridge the gap between mainstream concerns of sociologists and the sociology of religion Following an assessment of the current state of the field the authors develop an emerging critical perspective within the sociology of religion with particular focus on the importance of historical background Re assessing the themes of aesthetics listening and different degrees of spiritual self discipline the authors draw on ethnographic studies of religious involvement in Norway and the UK They highlight the importance of power in the sociology of religion with help from Pierre Bourdieu Marx and Critical Discourse Analysis This book points to emerging currents in the field and offers a productive and lively way forward not just for sociological theory of religion but for the sociology of religion more generally **The SAGE Encyclopedia of the Sociology of Religion** Adam Possamai, Anthony J. Blasi, 2020-02-14 The SAGE Encyclopedia of the Sociology of Religion takes a three pronged look at this namely investigating the role of religion in society unpacking and evaluating the significance of religion in and on human history and tracing and outlining the social forces and influences that shape religion This encyclopedia covers a range of themes from fundamental topics like definitions secularization dimensions of religiosity to such emerging issues as civil religion new religious movements This Encyclopedia also addresses contemporary dilemmas such as fundamentalism and extremism and the role of gender in religion **Political Religion, Everyday Religion: Sociological Trends** Pål Repstad, 2019-04-09 As the title suggests Political Religion Everyday Religion Sociological Trends reflects upon two important trends that have recently emerged in the sociology of religion Firstly there is an increasing interest in the interplay between religion and politics Religion has moved from being almost ignored by sociologists to being acknowledged some would even say overrated as an important political factor Secondly ordinary people s everyday religion has likewise become an important topic for many researchers In this book James Beckford Inger Furseth and other prominent scholars present

critical discussions and empirical studies of both political and everyday religion and the editor P l Repstad shows how these two trends should enter into a closer dialogue The book is essential for both students and experienced researchers in the sociology of religion Contributors are James A Beckford Inger Furseth Kristina Grundetjern Jan Olav Henriksen Ida Marie Heg Nils Martinius Justvik Bjarte Leer Helgesen Paul Leer Salvesen Anne L vland Tomas Rasmussen P l Repstad Tale Steen Johnsen and Irene Trysnes
