Sociology And Jurisprudence Of Leon Petrazycki

Hussin A.Rothana

Sociology And Jurisprudence Of Leon Petrazycki:

Law and Morality Leon Petrazycki, 2014-04-16 In analyzing the socio psychic nature and operations of intuitive legal rules Petrazycki formulates a theory of law around five conceptual themes anti formalism imperative attributive legal relationships law s functional control law s subjective reality and morality Petrazycki presents the two ways by which law coordinates and regulates social conduct as through its distributive and organizing functions Law and Morality has a basic objective to analyze interrelations between positive and intuitive law Petrazycki s socio psychic orientation toward law is behavioral as well as thoughtful He finds the most suitable methods for obtaining knowledge about legal experiences to be internal and external observation His technique of introspection is similar to Max Weber s conceptual method Petrazycki distinguishes between two kinds of interpretive understanding External observation involves deriving the meaning of an act or symbolic expression from immediate observation without reference to any broader context and internal observation involves placing the particular act in a broader context of meaning involving facts that cannot be derived from a particular act or expression Petrazycki s socio legal ideas remain relevant in today s society His arguments concerning the global expansion of human love have an attraction for those working towards a better world In the context of positive psychology and the growing happiness industry Petrazycki s ideas will compel legal scholars to consider his arguments Petrazycki s work stands out for the scientific ambitions and systematic nature of his thought as well as the influence of his work on later scholars in the sociology of law

Leon Petrazycki Edoardo Fittipaldi, A. Javier Treviño, 2022-09-23 The early 20th century Russo Polish legal thinker Leon Petrazycki 1867 1931 developed a comprehensive social psychology of law Because only a fraction of his work is available in English Petrazycki is today little known and seldom discussed in the Anglophone countries This volume aims to remedy this deficit by introducing Petrazycki s life and work specifically to an English speaking audience It is intended as a reappraisal of some of his views in the context of current advancements This collection of 12 chapters produced by a panel of international scholars from various social science fields will be useful to a new generation of students formulating their own theories and research on socio legal behavior Leon Petrazycki Law Emotions Society will be of interest to students and scholars of sociology of law socio legal studies and philosophy of law

Sociology and Jurisprudence of Leon Petrazycki Jan Górecki, 1975

Classic Writings in Law and Society A. Javier Treviño, 2017-07-05 This volume consists of outstanding essays by contemporary scholars and specialists on classic writings in law and society This second edition expands the previous volume by adding additional statements Included are commentaries on Edward A Ross s Social Control A Survey of the Foundations of Order Karl N Llewellyn s Jurisprudence Realism in Theory and Practice Jerome Frank s Law and the Modern Mind Leon Petrazycki s Law and Morality and Karl Renner s The Institutions of Private Law and their Social Functions The goal of Classic Writings in Law and Society is to acquaint a new generation of students with classic writings by diverse social and legal scholars ranging from Henry Sumner Maine Oliver Wendell Holmes Jr and Hans Kelsen to Eugen

Ehrlich Nicholas S Timasheff and Richard Quinney This work continues to demonstrate their contemporary theoretical relevance Accordingly each chapter speaks of the scholars work in general how the particular book under consideration fits into that corpus and how the book is assessed in a present day context These essays have a clear relation to the classic tradition in sociolegal thought Reading the classics is useful in gaining a better understanding and appreciation of the essential foundation for a post classic approach in law and social inquiry an approach that can be found in such orientations as critical legal studies chaos theory in law and legal semiotics Classic Writings in Law and Society includes commentaries that consider early writings that set the standard for the social scientific approach in examining issues of law and punishment social control joint stock companies business firms and nation states in the study of law and society **Law and Morality**

Leon Petrazycki,2017-07-05 In analyzing the socio psychic nature and operations of intuitive legal rules Petrazycki formulates a theory of law around five conceptual themes anti formalism imperative attributive legal relationships law s functional control law s subjective reality and morality Petrazycki presents the two ways by which law coordinates and regulates social conduct as through its distributive and organizing functions Law and Morality has a basic objective to analyze interrelations between positive and intuitive law Petrazycki s socio psychic orientation toward law is behavioral as well as thoughtful He finds the most suitable methods for obtaining knowledge about legal experiences to be internal and external observation His technique of introspection is similar to Max Weber s conceptual method Petrazycki distinguishes between two kinds of interpretive understanding External observation involves deriving the meaning of an act or symbolic expression from immediate observation without reference to any broader context and internal observation involves placing the particular act in a broader context of meaning involving facts that cannot be derived from a particular act or expression Petrazycki s socio legal ideas remain relevant in today s society His arguments concerning the global expansion of human love have an attraction for those working towards a better world In the context of positive psychology and the growing happiness industry Petrazycki s ideas will compel legal scholars to consider his arguments Petrazycki s work stands out for the scientific ambitions and systematic nature of his thought as well as the influence of his work on later scholars in the sociology of law **Law and Morality**

Leon Petrazycki,A. Javier Trevino,2017-07-05 In analyzing the socio psychic nature and operations of intuitive legal rules Petrazycki formulates a theory of law around five conceptual themes anti formalism imperative attributive legal relationships law s functional control law s subjective reality and morality Petrazycki presents the two ways by which law coordinates and regulates social conduct as through its distributive and organizing functions Law and Morality has a basic objective to analyze interrelations between positive and intuitive law Petrazycki s socio psychic orientation toward law is behavioral as well as thoughtful He finds the most suitable methods for obtaining knowledge about legal experiences to be internal and external observation His technique of introspection is similar to Max Weber s conceptual method Petrazycki distinguishes between two kinds of interpretive understanding External observation involves deriving the

meaning of an act or symbolic expression from immediate observation without reference to any broader context and internal observation involves placing the particular act in a broader context of meaning involving facts that cannot be derived from a particular act or expression Petrazycki's socio legal ideas remain relevant in today's society His arguments concerning the global expansion of human love have an attraction for those working towards a better world In the context of positive psychology and the growing happiness industry Petrazycki's ideas will compel legal scholars to consider his arguments Petrazycki's work stands out for the scientific ambitions and systematic nature of his thought as well as the influence of his work on later scholars in the sociology of law

Conscience and Love in Making Judicial Decisions Alexander Nikolaevich Shytov, 2013-03-14 THE CONSCIENCE OF JUDGES AND APPLICATION OF LEGAL RULES The book is devoted to the problem of the influence of moral judgements on the result of judicial decision making in the process of application of the established positive law It is the conscience of judges that takes the central place in the research Conscience is understood in the meaning developed in the theory of Thomas Aquinas as the complex capacity of the human being to make moral judgements which represent acts of reason on the question of what is right or wrong in a particular situation The reason why we need a theory of conscience in making judicial decisions lies in the nature of the positive law itself On the one hand there is an intrinsic conflict between the law as the body of rigid rules and the law as a living experience of those who are involved in social relationships This conflict particularly finds its expression in the collision of strict justice and equity The idea of equity does not reject the importance of rules in legal life What is rejected is an idolatrous attitude to the rules when the uniqueness of a human being his well being and happiness are disregarded and sacrificed in order to fulfil the observance of the rules The rules themselves are neither good or bad What makes them good or bad is their application

Polish Contributions to the Theory and Philosophy of Law, 2021-11-15 **The Sociology of Law** A. Javier Treviño, 1998 This revised and updated bibliography contains approximately 500 extra references a new chapter on feminist jurisprudence and an expanded glossary almost doubling the size of the work from the original 1994 version *An Introduction to the Sociology of Law* Nicholas Sergeyevitch Timasheff, 2017-07-12 The exiled Russian sociologist and legal scholar Nicholas S Timasheff's place in the forefront of the sociology of law was established with the publication in 1939 of *An Introduction to the Sociology of Law* His magnum opus articulates a systematic legal sociology The book's title is misleading giving the false impression that the volume is merely a textbook intended for classroom use It is much more than this *An Introduction to the Sociology of Law* is a sophisticated treatise that explains precisely and methodically the law as a social force It makes two fundamental points law can indeed must be studied by sociology and law is a combination of socio ethical and imperative coordination of human behavior The Sociology of Law A. Javier Treviño, 2008 *The Philosophy of Law* Christopher Berry Gray, 1999 This encyclopedia offers systematic and sustained coverage of the many dimensions of legal thought and gives expression to the breadth and depth of the philosophy of law **The Philosophy of Law** Christopher Berry

Grey,2013-07-04 From articles centering on the detailed and doctrinal exposition of the law to those which reside almost wholly within the realm of philosophical ethics this volume affords comprehensive treatment to both sides of the philosophico legal equation Systematic and sustained coverage of the many dimensions of legal thought gives ample expression to the true breadth and depth of the philosophy of law with coverage of The modes of knowing and the kinds of normativity used in the law Studies in international constitutional criminal administrative persons and property contracts and tort law including their historical origins and worldwide ramifications Current legal cultures such as common law and civilian European and Aboriginal Influential jurists and their biographies All influential schools and methods Classic Writings in Law and Society A. Javier Trevino,2017-07-05 This volume consists of outstanding essays by contemporary scholars and specialists on classic writings in law and society This second edition expands the previous volume by adding additional statements Included are commentaries on Edward A Ross s Social Control A Survey of the Foundations of Order Karl N Llewellyn s Jurisprudence Realism in Theory and Practice Jerome Frank s Law and the Modern Mind Leon Petrazycki s Law and Morality and Karl Renner s The Institutions of Private Law and their Social Functions The goal of Classic Writings in Law and Society is to acquaint a new generation of students with classic writings by diverse social and legal scholars ranging from Henry Sumner Maine Oliver Wendell Holmes Jr and Hans Kelsen to Eugen Ehrlich Nicholas S Timasheff and Richard Quinney This work continues to demonstrate their contemporary theoretical relevance Accordingly each chapter speaks of the scholars work in general how the particular book under consideration fits into that corpus and how the book is assessed in a present day context These essays have a clear relation to the classic tradition in sociolegal thought Reading the classics is useful in gaining a better understanding and appreciation of the essential foundation for a post classic approach in law and social inquiry an approach that can be found in such orientations as critical legal studies chaos theory in law and legal semiotics Classic Writings in Law and Society includes commentaries that consider early writings that set the standard for the social scientific approach in examining issues of law and punishment social control joint stock companies business firms and nation states in the study of law and society Encyclopedia of Law and Society David S. Clark,2007-07-10 This work will be very valuable for academic and public libraries supporting prelaw law social and cultural studies Summing Up Highly recommended Upper level undergraduates through professionals practitioners general readers CHOICE There are two aspects of scholarship about the legal systems of our day that are especially salient one being for the first time there is a fair amount of genuine research on legal systems and two that this research is increasingly global As soon as you cross a jurisdictional line even if it separates countries that are very similar you enter a different legal system It cannot be assumed that any particular rule doctrine or practice is the same in any two jurisdictions regardless of how close these jurisdictions are in terms of history and tradition The Encyclopedia of Law and Society is the largest comprehensive and international treatment of the law and society field With an Advisory Board of 62 members from 20 countries and six continents the three

volumes of this state of the art resource represent interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics By globalizing the Encyclopedia s coverage American and international law and society will be better understood within its historical and comparative context Key Features Includes more than 700 biographical entries that are historical comparative topical thematic and methodological Presents the rich diversity of European Latin American Asian African and Australasian developments for the first time in one place to reveal the truly holistic interdisciplinary virtues of law and society Examines how and why legal systems grow and change how and why they respond or fail to respond to their environment how and why they impact the life of society and how and why the life of society impacts in turn these legal systems With borders more porous than ever before this Encyclopedia reflects the paradoxical reality of modern life including legal life This valuable resource aims to present research along with the theories on which it is grounded fairly and comprehensively and is a must have for all academic libraries

The Law in Philosophical Perspectives Luc J. Wintgens, 2013-04-17 In this age of collections that is ours many volumes of collections are published They contain contributions of several well known authors and their aim is to present a selective overview of a relevant field of study This book has the same purpose Its aim is to introduce students scholars and all those interested in current problems of legal theory and legal philosophy to the work of the leading scholars in this field The large number of publications both books and articles that have been produced over recent decades makes it quite difficult however for those who are making their first steps in this domain to find firm guidelines The book is new in its genre because of its method The choice was made not to reprint an example of contributors earlier basic articles or a part of one of their books This would only give a partial view of the rich texture of their work Rather the authors were asked to make an original synthesis of their own contributions to the field of legal theory and legal philosophy Brought together in this volume they constitute a truly author ised view of their work This book is also new in that each essay is complemented with bibliographical information in order to encourage further research on the author s self selected work This will help the reader rapidly to become familiar with the whole of the published work of the contributors

Sociology in Europe Birgitta Nedelmann, Piotr Sztompka, 2011-06-01 No detailed description available for Sociology in Europe

Truth and Transitional Justice Alice Panepinto, 2022-02-24 With a unique transitional justice perspective on the Arab Spring this book assesses the relocation of transitional justice from the international paradigm to Islamic legal systems The Arab uprisings and new and old conflicts in the Middle East North Africa and other contexts where Islam is a prominent religion have sparked an interest in localising transitional justice in the legal systems of Muslim majority communities to uncover the truth about past abuse and ensure accountability for widespread human rights violations This raises pressing questions around how the international paradigm of transitional justice and in particular its truth seeking aims might be implemented and adapted to local settings characterised by Muslim majority populations and at the same time drawing from relevant norms and principles of Islamic

law This book offers a critical analysis of the relocation of transitional justice from the international paradigm to the legal systems of Muslim majority societies in light of the inherently pluralistic realities of these contexts It also investigates synergies between international law and Islamic law in furthering truth seeking the formation of collective memories and the victims right to know the truth as key aims of the international paradigm of transitional justice and broadly supported by the shari ah This book will be a useful reference for scholars practitioners and policymakers seeking to better understand the normative underpinnings of potential transitional truth seeking initiatives in the legal systems of Muslim majority societies At the same time it also proposes a more critical and creative way of thinking about the challenges and opportunities of localising transitional justice in contexts where the principles and ideas of Islamic law carry different meanings *From Old Times to New Europe* Agata Fijalkowski, 2016-04-22 *From Old Times to New Europe* considers the post totalitarian legal framework in today s Europe arguing that the study of totalitarianism and post totalitarianism continues to be significant as ever Drawing mainly on the Polish experience this analysis focuses on the significant part played by history in the development of the region s identity and preferences concerning the role of the state in public and private life It examines the political socio economic and legal aspects of key events and draws comparisons with other CEE states whilst implementing key socio legal theories to explain trends and strains in this post Communist and post totalitarian period With the benefit of access to archival sources in Poland and Russia this book will be of interest to students and researchers of European law law and society and international criminal justice **Law and Morality**, 1955

This book delves into Sociology And Jurisprudence Of Leon Petrazycki. Sociology And Jurisprudence Of Leon Petrazycki is a crucial topic that must be grasped by everyone, ranging from students and scholars to the general public.
