Soldiers Of Christ Preaching In Late Medieval And Reformation France:

Soldiers of Christ Larissa Taylor, 1992 She reconstructs popular attitudes about such issues as original sin free will purgatory the devil the sacraments and the magical arts

Preachers and People in the Reformations and Early Modern Period Larissa Taylor, 2021-10-01 Sermons are an invaluable source for our knowledge of religious history and sociology anthropology and the mental landscape of men and women in pre modern Europe of what they were taught and what they practiced But how did an individual process the preached message from the pulpit How exactly do written sermons duplicate the preached Word Do they at all The 11 leading scholars who have contributed to this book do not offer uniform answers or an all encompassing study of preaching in the Reformations and early modern period in Europe They do however provide new insights on Catholic Lutheran and Reformed preaching in Western and Central Europe Part One examines changes in sermon structure style and content in Christian sermons from the thematic sermon typical of the Middle Ages to the wide variety of later preaching styles Catholic preaching after Trent proves not to be monolithic and intolerant but a hybrid of forms past and present applied as needed to particular situations Lutheran homiletic theory is traced from Luther and through Melancthon the intention of the sermon being to transform the worship service based on exegesis of Scripture In Reformed worship the expository sermon often given on a daily basis with a continuing exegesis was designed to communicate the tenets of the faith in terms that the laity could understand plain style Part Two deals with the social history of preaching in France where preachers often incited their hearers to attack human beings or holy objects or were themselves attacked in Italy where preaching became a collective and home grown product in early modern Germany where the authorities strove for uniformity of preaching practice and the preacher was seen as a moral guardian in Switzerland where leaders from Zwingli on sought to bring religious practice conduct and government in line with biblical teaching and propagated a pastoral vision of preaching in England where after the Reformation preachers became the indispensable agents of salvation but clergy and congregations were often ill prepared for the task in Scandinavia where post Reformation sermons have a clear didactic aim teaching obedience to the authorities and in the Low Countries characterized by its numerous denominations all with their own churches and particular practices in terms of preaching The volume ends with a consideration of the influence of late medieval preaching on the Reformation concluding that the diversity of emphasis on how the practice of penance was preached and received very likely affected the appeal or not of the Lutheran Reformed message in a given country

Priests and Their Books in Late Medieval Eichstätt Matthew Wranovix, 2017-10-23 This book analyzes the acquisition and use of texts by the parish clergy in the diocese of Eichstätt between 1400 and 1520 to refute the amusing but misleading image of the lustful and ignorant cleric so popular in the satirical literature of the period By the fifteenth century more widely available local schooling and increasing university attendance had improved the educational level of the clergy priests were bureaucrats as well as pastors and both roles required extensive use of the written word What

priests read is a question of fundamental importance to our understanding of the late medieval parish and the role of the clergy as communicators and cultural mediators Priests were entrusted with saying the Mass preaching doctrine and repentance honoring the saints plumbing the conscience and protecting the legal rights of the Church They baptized children blessed the fields and prayed for the souls of the dead What priests read would have informed how they understood and how they performed their social and religious roles By locating and contextualizing the manuscripts printed books and parish records that were once in the hands of priests in the diocese the author has found evidence for the unexpected the avid acquisition of books a theological awareness and an emerging professional identity This marks an important revision to the conventional view of a dramatic era marked by both the transition from manuscripts to printed books and the outbreak of the Reformation

Representing Judith in Early Modern French Literature Kathleen M. Llewellyn, 2016-03-23 Although attention to the Book of Judith and its heroine has grown in recent years this is the first full length study to focus on adaptations of the Bible's Old Testament Book of Judith across a range of literary genres written in French during the early modern era Author Kathleen Llewellyn bases her analysis on references to Judith in a number of early modern sermons as well as the Judith texts of four early modern writers The texts include two theatrical dramas *Le Mystère de Judith et Holoferne* c 1500 believed to have been written by Jean Molinet and *Le Miroir des veufves Tragédie sacrée d'Holoferne Judith* by Pierre Heyns 1596 as well as two epic poems *La Judit* 1574 by Guillaume de Salluste Du Bartas and *Gabrielle de Coignard's Imitation de la victoire de Judich* 1594 Llewellyn's goal is to see Judith as she was envisioned by early modern French writers and their readers and to understand how the sixteenth century shaped their view of the heroine Noting aspects of that story that were emphasized by sixteenth century authors as well as elements that those writers altered to suit their purposes she also examines the ways in which writers of this era made use of Judith's story as a means to explore interests and concerns of early modern writers readers and spectators *Representing Judith in Early Modern French Literature* provides a deeper understanding of early modern ideas regarding the role of women the use of exemplary stories in preaching and teaching theories of vision and the importance of community in Renaissance France

Authority and Society in Nantes During the French Wars of Religion, 1558-1598 Elizabeth C. Tingle is Senior Lecturer in History at the University of Northampton, Elizabeth C. Tingle, 2013-07-19 Elizabeth Tingle explores the theory and practice of authority during the sixteenth century in France through an examination of the religious culture and political institutions of the city of Nantes She provides a survey of the socio economic structures of the mid sixteenth century city

Feasting in a Famine of the Word Mark W. Birkholz,Jacob Corzine,Jonathan Mumme,2016-02-16 The Lord warns of a famine of hearing the word of the Lord Amos 8 11 Has this warning come to pass in our day There is no shortage of preachers but how often do they miss the mark in actually delivering the word of God to their hearers leaving them hungry The authors of these essays seek to equip preachers with resources to offer their hearers a rich feast from the word of the Lord Writing from a Lutheran perspective contributors from across the globe provide a fresh approach to preaching These authors represent seasoned pastors and professors as well as young scholars All are actively

preaching and teaching God's word on a regular basis This book covers a wide range of topics relating to preaching from the scriptural background and hermeneutical issues to historical examples of notable preachers and also practical guides to crafting and delivering a sermon These essays will assist preachers in proclaiming God's word in a manner that provides a feast for those living in a famine stricken world **Faith on the Margins** Charles H. Parker, 2009-07-01 After the 1572 revolt against Spain the new Dutch Republic outlawed Catholic worship and secularized church property Calvinism prevailed as the public faith yet Catholicism experienced a resurgence in the first half of the 17th century In a wide ranging analysis of a marginalized yet vibrant minority Parker examines this remarkable revival
