Speak Out On Rape:

Unveiling Justice: Rape Survivors Speak out , Nepal a country emerging from armed conflict and with a strong base of patriarchy and feudalism at its roots has institutionalized the norm of violence as portrayed in social values political criminalisation and impunity The practice of routinely subjecting women to various forms of violence from the womb to the grave is pervasive Socially the sanctity of marriage remains a key structure through which the liberty of women is hampered Thus the inter linkages of women s chastity with their sexuality wherein any breaches are considered to be contaminating norms have contributed to situate rape as the crime shrouded in secrecy giving rise to a pervasive and prevalent culture of silence among the survivors Rape is a heinous human rights violation that infringes upon the sexual autonomy and integrity of an individual Nepal committed herself to uphold the international human rights norms as stipulated in the Convention on the Elimination of all forms of Discrimination against Women CEDAW Convention on the Rights of the Child International Covenant of Civil and Political Rights ICCPR International Covenant on Economic Social and Cultural Rights ICESCR as a State party to international law In addition with the UNSCR 1325 and 1820 which are clear on promoting women s participation and working towards combating sexual violence it is mandatory for the Government of Nepal to put in place mechanisms to actualize its commitment to women s rights It is within this mandate that WOREC Nepal and Isis WICCE set out to examine the extent to which survivors of rape and sexual violence access justice and the efficacy of response mechanisms in an effort to inform and draw the attention of decision and policy makers activists development workers legal practitioners and academic practitioners to this critical development concern Based on 55 in depth interviews with survivors 114 key informant interviews 33 focus group discussions as primary sources and media review MR of 201 cases and analysis of 723 documented cases WOREC xvii by organizations OR as secondary sources the research team covered the 10 districts of Morang Dhanusha Kailali Udayapur Kavrepalanchowk Kathmandu Baglung Dailekh Dolakha and Darchula Major findings i Prevalence and magnitude of rape The findings show that the reporting and documentation of rape cases is still very marginal An average of 443 cases in a year¹ reflects a high prevalence of rape if systems are conducive for survivors to report The analysis further indicates that rape is a deeply entrenched national problem that transcends class caste ethnicity age economic educational geographical and religious status From the regional perspective Terai Madhes was rated at 46 5% MR and 45 1% OR and Jhapa 43 OR district as having the highest rate of rape According to the media review the most affected group was in Hill Janjati 39 3% and as per organizations documentation review Brahmin Chhetri and Hill Dalit 24 5% for each followed by Hill Janjati 23% The groups of minors 62 8% OR 63 6% MR and 65 9% police students 67 9% MR and 62 5% OR and unmarried women 79 4% MR and 88 3% OR were the most vulnerable and affected Though it is a fact that rape within marriage exists it remains a taboo subject which is kept well hidden and institutionalized within the family structure It was therefore difficult to identify and document marital rape related cases *Speak Out on Rape!* Margaret Oldroyd

Jacquet,2019-09-17 From 1950 to 1980 activists in the black freedom and women s liberation movements mounted significant campaigns in response to the injustices of rape These activists challenged the dominant legal and social discourses of the day and redefined the political agenda on sexual violence for over three decades How activists framed sexual violence as either racial injustice gender injustice or both was based in their respective frameworks of oppression The dominant discourse of the black freedom movement constructed rape primarily as the product of racism and white supremacy whereas the dominant discourse of women s liberation constructed rape as the result of sexism and male supremacy In *The Injustices of Rape* Catherine O Jacquet is the first to examine these two movement responses together explaining when and why they were in conflict when and why they converged and how activists both upheld and challenged them Throughout she uses the history of antirape activism to reveal the difficulty of challenging deeply ingrained racist and sexist ideologies the unevenness of reform and the necessity of an intersectional analysis to combat social injustice *Rape On The Public Agenda* Maria Bevacqua,2000-08-10 An examination of the history development and impact of the feminist anti rape movement **Standing Up, Speaking Out** Matthew R. Meier,Casey R. Schmitt,2016-10-14 In recent decades some of the most celebrated and culturally influential American oratorical performances have come not from political leaders or religious visionaries but from stand up comics Even though comedy and satire have been addressed by rhetorical scholarship in recent decades little attention has been

paid to stand up This collection is an attempt to further cultivate the growing conversation about stand up comedy from the perspective of the rhetorical tradition It brings together literatures from rhetorical cultural and humor studies to provide a unique exploration of stand up comedy that both argues on behalf of the form s capacity for social change and attempts to draw attention to a series of otherwise unrecognized rhetors who have made significant contributions to public culture through comedy

narrative immunity for footballers against allegations of sexual assault This book details how popular conceptions of masculinity and femininity inform the way footballers bodies team bonding women sex and alcohol are portrayed in the media and connects stories relating to the cases with sports reporting generally Uncovering similar patterns of narrative grammar and discourse across these distinct yet related fields Waterhouse Watson shows how these discourses are naturalised with reports on the cases intertwining with broader discourses of football reporting to provide immunity Despite the prevalence of stories that discredit the alleged victims Waterhouse Watson also examines attempts to counter these pervasive rape myths articulating successful strategies and elucidating the limitations built into journalistic practices and language itself **Michigan Ensian** ,1994 *Feminist Theatres in the USA* Charlotte Canning,2005-06-28 Interviews with over 30 women provide first hand accounts of the excitement struggles and innovations of the dynamic feminist theatre of the 1970s and 80s A compelling combination of historical survey critique and celebration Freedom Rights Danielle L. and situates them within a broader societal frame. It is through an understanding of social processes and psychological mechanisms that underpin sexual violence that violence can be combated and harm reduced and at this individual level that evidence based interventions can be designed to change policy and practice. The Handbook is split into four sections: Legacies, Setting the Scene, offers a critical overview of historical legal and cultural processes which help to explain the origins of current thinking and offer steers for future developments; Theories and Concepts examines contemporary thinking on sexual violence and reviews explanatory frameworks from a number of perspectives; Acts of Sexual Violence reviews a number of specific types of sexual violence elaborating the range of circumstances victims and perpetrators with a view to addressing the general and pervasive nature of such violence thus contradicting narrow cultural stereotyping; Responding to Sexual Violence overviews and evaluates current policies and practices and offers new ideas to develop different types of interventions. The editors' conclusion not only draws out the key themes and ideas from contributions to the Handbook but also considers the nature of and the extent to which any progress has been made in understanding and responding to sexual violence. This will be a key text for students and academics studying sexual violence and an essential reference tool for professionals working in the field including police officers, probation staff, lawyers and judges.
