for specific types of speeches e.g. best man or school presentations. It also includes advice on overcoming nerves, voice projection and preparation. An essential guide for anyone who has to stand up in public and speak. *A Novice's Guide to Speaking in Public* Michael Lawrence Faulkner, 2015-10-05. This book has one simple goal to help you succeed in your next presentation or speech. You don't need decades of training to achieve this goal. You don't need the eloquence of Lincoln or Churchill or Martin Luther King. You just need to learn and practice 10 simple rules and we mean simple. Michael Lawrence Faulkner helps you apply basic truths about human nature and nonverbal communication to get your audience on your side and keep them there from the moment you walk on stage to the moment you leave. You'll learn how to prepare well, enter with confidence, own your space and deliver a message that is clear and powerful. Nervous? Of course you are. Everyone is. But Faulkner shows how to make your fears serve you, not immobilize you. Imagining the worst? Everyone does. But as Faulkner shows you, those disasters just won't happen. Made a mistake? Everyone will. But you can move right past it like it never happened. Other public speaking books aim to make you brilliant and they fail. This book aims to make you very good, better than most speakers. That's a goal you can achieve and with Faulkner's help and a little practice, you will. Practical, simple ways to: Keep your language simple. Make your fears work for you. Prepare a conversation, not a speech. Walk with purpose and confidence. Make and keep eye contact. Own your speaking and your space. Ignore your mistakes and keep going. Stop worrying about worst case scenarios. Finish strong. Know when to ignore the rules. **Don Aslett's Stainbuster's Bible** Don Aslett, 2002-08.
