Speaking His Mind:

Why It's OK to Speak Your Mind Hrishikesh Joshi, 2021-03-08 Political protests debates on college campuses and social media tirades make it seem like everyone is speaking their minds today Surveys however reveal that many people increasingly feel like they're walking on eggshells when communicating in public Speaking your mind can risk relationships and professional opportunities It can alienate friends and anger colleagues Isn't it smarter to just put your head down and keep quiet about controversial topics In this book Hrishikesh Joshi offers a novel defense of speaking your mind He explains that because we are social creatures we never truly think alone What we know depends on what our community knows And by bringing our unique perspectives to bear upon public discourse we enhance our collective ability to reach the truth on a variety of important matters Speaking your mind is also important for your own sake It is essential for developing your own thinking And it's a core aspect of being intellectually courageous and independent Joshi argues that such independence is a crucial part of a well lived life The book draws from Aristotle John Stuart Mill Friedrich Nietzsche Bertrand Russell and a range of contemporary thinkers to argue that it's OK to speak your mind

Key Features Shows that we have not just a right but a moral duty to publicly share what we know Argues that discussing your unique ideas with others is essential for developing as a critical thinker Explores the value of intellectual honesty and independence in the writings of John Stuart Mill and Friedrich Nietzsche and connects their thinking to contemporary problems Argues that avoiding cultural blind spots today is important for the fate of future generations

Speaking His Mind Stephen Joel Trachtenberg, 1994 An enlightening and fascinating collection of speeches by Stephen Trachtenberg this book touches upon many of the fundamental issues facing institutions of higher education Trachtenberg asks why although everybody agrees something must be done about our public education system nothing or next to nothing has actually happened If what our students most lack are technical and mathematical skills is the debate over western tradition vs multiculturalism a red herring Can total quality management really work in the stratified environment of American higher education Whether examining the role of business in education the value of political correctness the frayed self image of American higher education or the legacy of Martin Luther King Jr Trachtenberg brings to each topic not only his thought provoking insight and wry humor but his own wealth of real life experience in education government and business

Speaking My Mind Ronald Reagan, 2004-08 The most important speeches of America's Great Communicator Here in his own words is the record of Ronald Reagan's remarkable political career and historic eight year presidency

Speaking My Mind Dorit Bar-On, 2004-11-18 Dorit Bar-On develops and defends a novel view of avowals and self knowledge Drawing on resources from the philosophy of language the theory of action epistemology and the philosophy of mind she offers original and systematic answers to many long standing questions concerning our ability to know our own minds We are all very good at telling what states of mind we are in at a given moment When it comes to our own present states of mind what we say goes an avowal such as I'm feeling so anxious or

I m thinking about my next trip to Paris it is typically supposed tells it like it is But why is that Why should what I say about my present mental states carry so much more weight than what others say about them Why should avowals be more immune to criticism and correction than other claims we make And if avowals are not based on any evidence or observation how could they possibly express our knowledge of our own present mental states Bar On proposes a Neo Expressivist view according to which an avowal is an act through which a person directly expresses rather than merely reports the very mental condition that the avowal ascribes She argues that this expressivist idea coupled with an adequate characterization of expression and a proper separation of the semantics of avowals from their pragmatics and epistemology explains the special status we assign to avowals As against many expressivists and their critics she maintains that such an expressivist explanation is consistent with a non deflationary view of self knowledge and a robust realism about mental states The view that emerges preserves many insights of the most prominent contributors to the subject while offering a new perspective on our special relationship to our own minds

Speaking My Mind Tony Campolo,2005-03-30 Fifteen years ago Tony Campolo s 20 Hot Potatoes That Christians Are Afraid to Touch pushed pulled and prodded Christians into serious consideration of controversial but critical issues related to the Christian life Campolo challenged his more than 150 000 readers to re think their convictions and prejudices and to do something about them Dubbed by Christianity Today as the positive prophet and a ferocious critic of Christians left and right Campolo lives up to his reputation in this latest book examining some of today s toughest questions and issues Is evangelical Christianity anti feminist Is our affluent lifestyle at odds with our faith Is America really in moral decline Is Islam really an evil religion Should Christian parents pull their kids out of public schools Was the war with Iraq a just war Speaking My Mind Tony Campolo at his best

could happen in the past right before our eyes how can we have the assurance that such a thing will not be repeated in the future Thus while the Lord still grants me the days I would like to do as much as I can to put things clearly into writing Then the dear ones who are in and who will be brought into the Lord s recovery can have a clear view about what it is pp 51 52 God is unique His plan is unique His work is unique His way to carry out His work is unique And the very instrument used for His way is the ministry Thus this ministry is also unique In the New Testament there is the unique Christ the unique way and the unique focus to carry out the unique circumference the church by the unique ministry p 57 In the Lord s recovery we are doing one work carrying out one ministry We are serving one Lord worshipping one God We are in His unique plan in His unique economy in His unique work in His unique way We minister His unique focus p 60 If we are not in the focus and if we do not experience what we preach to others we face two perils One sooner or later there will be divisions Two if we don t practice the focal points the saints have no way to practice them The things we teach will eventually become doctrines in the Lord s recovery There will be no reality The recovery will be just empty If we don t care for the Lord s recovery by paying heed to all these unique points then we will care for the spreading of our work To care for the spread of our work is dangerous It will produce different works to build up different ministries Then division will result I am fearful and trembling of these two perils the peril of different works being produced to cause division and the peril of emptiness pp 62 63 May the Lord speak to us in these messages to show us the uniqueness of His recovery May the Lord keep us secure in this vision and may He keep His recovery from division and from emptiness Last of all in the sections regarding reports and announcements we include a schedule of the upcoming conferences and trainings in Europe for 2005

All Theater Is Revolutionary Theater Benjamin Bennett, 2018-07-05 *All Theater Is Revolutionary Theater* is the first book to consider why in the Western tradition and only in the Western tradition theatrical drama is regarded as its own literary or poetic type when the criteria needed to differentiate drama from other forms of writing do not resemble the criteria by which types of prose or verse are ordinarily distinguished Through close readings of such playwrights as Beckett Brecht Brecht Bchner Eliot Shaw Wedekind and Robert Wilson Benjamin Bennett looks at the relationship between literature and drama identifying typical problems in the development of dramatic literature and exploring how the uncomfortable association with theatrical performance affects the operation of drama in literary history Bennett s historical investigations into theoretical works ranging from Aristotle to Artaud Brecht and Diderot suggest that the attempt to include drama in the system of Western literature causes certain specific incongruities that in his view have the salutary effect of preserving the otherwise endangered possibility of a truly liberal progressive or revolutionary literature

King's College Lectures on Elocution. Being the substance of the introductory course of lectures and practical instruction in public Charles John PLUMPTRE, 1870 *The Lord Appeared* James Agnew, 2025-09-30 The Old Testament is filled with appearances of YHWH Although these appearances are often interpreted as visions dreams or angelic messengers many in pre Christian Judaism attributed them to YHWH s Word a unique divine person who mediated between YHWH and creation This Word was not considered a separate creature outside of God but rather as an aspect or part of God By following a trail of data across Israel s scriptures and its earliest commentators *The Lord Appeared* argues that Christians originally viewed Jesus as this Word of ancient Judaism Drawing on a wide range of scholarly sources James Agnew presents a rigorous case for the deity of Christ and outlines an intuitive model for understanding Jesus s relationship to YHWH [Seeing Christ in the Old Testament \(part 1\)](#) Stephen Kaung, 2012-01-23 The word of God is living and operative Hebrews 4 12a It is living and not just letter because it gives life The Scriptures are operative because they contain not only theological ideas to be pondered but also spiritual realities to be experienced For every scripture is divinely inspired God breathed and profitable for teaching for conviction for correction for instruction in righteousness that the man of God may be complete fully fitted to every good work II Timothy 3 16 17 Ye search the scriptures said the Lord Jesus Christ for ye think that in them ye have life eternal and they it is which bear witness concerning me and ye will not come to me that ye might have life John 5 39 40 It behooves us therefore to diligently read the Bible and meditate on it To encourage God s people to study God s word brother Stephen Kaung delivered a series of messages on the sixty six books of the Bible Commencing in 1983 each Lord s day the survey of one book was shared from the New Testament and a similar sharing from the Old Testament commenced in 1986 Each message is merely a panoramic view of each book of the Bible a tasting of the sweetness of God s word The aim is to provide the saints with some basic understanding in their search of God s word These being spoken messages no acknowledgement of the names of the many commentaries consulted is indicated This survey of the Holy Bible will be published as Volume I and Volume II under the overall title of *God Has Spoken* with Volume I bearing the subtitle *Seeing Christ in the Old Testament* and consisting of two physical volumes Part One Genesis to Song of Songs and Part Two Isaiah to Malachi and Volume II bearing the subtitle *Seeing Christ in the New Testament* May God use these volumes to increase our love for His word *Second Thoughts of an Idle Fellow* Jerome Klapka Jerome, 1898 Now which would you advise dear You see with the red I shan t be able to wear my magenta hat **Teacher** , 1857
