Speaking of God Today Paul D. Opsahl, Marc H. Tanenbaum, 1974 Papers presented at colloquia sponsored by the Division of Theological Studies of the Lutheran Council in the U S A and the Interreligious Affairs Department of the American Jewish Committee The Apostolic Imperative Carl E. Braaten, 2016-10-31 With perceptive insight and vigor Dr Braaten addresses today s crisis in ministry in Protestant and Catholic communities Numerous studies reveal widespread confusion about the nature and scope of the church s mission There is a split consciousness in the church at all levels between evangelism and social action and between lay and ordained forms of ministry The Apostolic Imperative summons the church to embody the apostolic norms of primitive Christianity in its theology and practice A misinterpretation or neglect of the apostolic norms in the life of the church makes the church captive to narrow traditions or victim of fashionable trends says Braaten The aim of this book is to ground our theological thinking in the essentials of apostolic faith its witness to the cross and resurrection of Jesus and its obedience to his command to convey his message to all the world The theology of mission in this book is biblically based evangelically motivated ecumenically oriented and practically posed to grapple with the issues of the immediate future Historical Dictionary of Lutheranism Günther Gassmann, Mark W. Oldenburg, 2011-10-10 The Reformation of the 16th century was a complex and multifaceted political social cultural and religious process Most historians agree however that in the framework of this process it was the religious and theological efforts to reform and renew the late medieval church decadent and irrelevant in many ways that were the initiating forces that set a broad historical movement in motion Among these reforming religious and theological forces the Lutheran reform movement was the most important and influential one It was the historical impact of the theological genius of the Wittenberg professor Martin Luther 1483 1546 that profoundly changed and shaped the face of Europe and beyond Today Lutheranism has become a worldwide communion of churches that stretches from Germany to Siberia Papua New Guinea Madagascar and Surinam The second edition of the Historical Dictionary of Lutheranism presents information on major theological issues historical developments of Lutheranism worldwide Lutheran ecumenical and missionary involvement and activities worship and liturgy spirituality social ethics inter religious and Jewish relations Lutheranism and the arts theology and important representatives of Lutheranism This is done through a detailed chronology an introductory essay an appendix of Lutheran Churches a bibliography and hundreds of cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about Lutheranism **Jewish-Christian Relations Since the Second World War** Geoffrey Wigoder, 1988 The five sections of the book are entitled Christian Attitudes to Judaism and the Jews Jewish Attitudes to the Dialogue The Vatican and the Jews Israel in the Dialogue The Dialogue in Israel Ch 3 discusses the Nostra Aetate declaration 1965 The Churches undertook the revision of many religious teachings in order to eliminate the traditional antisemitic stereotype of the Jews Not enough however is being done in either Jewish or Christian education

to build up understanding of the values and beliefs of the other The appendix pp 143 167 contains documents statements by the Vatican Nostra Aetate the Guidelines the Notes and the World Council of Churches

The Jews as a Chosen People S. Leyla Gurkan, 2008-12-05 The concept of the Jews as a chosen people is a key element of the Jewish faith and identity This book explores the idea of chosenness from the ancient world through modernity and into the Post Holocaust era Analysing a vast corpus of biblical ancient rabbinic and modern Jewish literature the author seeks to give a better understanding of this central doctrine of the Jewish religion She shows that although the idea of chosenness has been central to Judaism and Jewish self definition it has not been carried to the present day in the same form Instead it has gone through constant change depending on who is employing it against what sort of background and for what purpose Surveying the different and sometimes conflicting interpretations of the doctrine of chosenness that appear in Ancient Modern and Post Holocaust periods the dominant themes of Holiness Mission and Survival are identified in each respective period The theological philosophical and sociological dimensions of the question of Jewish chosenness are thus examined in their historical context as responses to the challenges of Christianity Modernity and the Holocaust in particular This book will be of interest to scholars and students of Jewish Studies the Holocaust religion and theology

In the Days of Caesar Amos Yong, 2010-09-14 In the Days of Caesar is a constructive political theology formulated in sustained dialogue with the Pentecostal and charismatic renewal one of the most vibrant religious movements at the beginning of the twenty first century Amos Yong here argues that the many tongues practices and gifts of renewal Christianity offer up new resources for thinking about how Christian community can engage and transform the social political and economic structures of the world Yong has three goals here First he seeks to correct stereotypes of Pentecostalism both political and theological Secondly he aims to provoke Pentecostals to reflect theologically from out of the depths of their own Pentecostalism rather than merely to adopt some framework for theological or political self understanding Finally Yong shows that a distinctively Pentecostal form of theological reflection is not a parochial activity but has constructive potential to illuminate Christian belief and practice This book s engagement with political theology from a Pentecostal perspective is the first of its kind

Covenant Brothers Daniel G. Hummel, 2019-04-30 Weaving together the stories of activists American Jewish leaders and Israeli officials in the wake of the establishment of the state of Israel in 1948 Covenant Brothers portrays the dramatic rise of evangelical Christian Zionism as it gained prominence in American politics Israeli diplomacy and international relations after World War II According to Daniel G Hummel conventional depictions of the Christian Zionist movement the organized political and religious effort by conservative Protestants to support the state of Israel focus too much on American evangelical apocalyptic fascination with the Jewish people Hummel emphasizes instead the institutional international interreligious and intergenerational efforts on the part of Christians and Jews to mobilize evangelical support for Israel From missionary churches in Israel to Holy Land tourism from the Israeli government to the American Jewish Committee and from Billy

Graham's influence on Richard Nixon to John Hagee's courting of Donald Trump Hummel reveals modern Christian Zionism to be an evolving and deepening collaboration between Christians and the state of Israel He shows how influential officials in the Israeli Ministry of Religious Affairs and Foreign Ministry tasked with pursuing a religious diplomacy that would enhance Israel's standing in the Christian world combined forces with evangelical Christians to create and organize the vast global network of Christian Zionism that exists today He also explores evangelicalism's embrace of Jewish concepts motifs and practices and its profound consequences on worshippers political priorities and their relationship to Israel Drawing on religious and government archives in the United States and Israel Covenant Brothers reveals how an unlikely mix of Christian and Jewish leaders state support and transnational networks of institutions combined religion politics and international relations to influence U S foreign policy and eventually global geopolitics

Faith Transformed John C. Merkle, 2003 Traditionally Christian churches have taught that the validity of Judaism came to an end with the

emergence of Christianity But in the last half century many Christians have repudiated this teaching and have affirmed the abiding validity of Judaism Consequently they have had to reevaluate Christian self understanding in relation to Judaism In Faith Transformed Christian scholars who have been at the forefront of Christian Jewish relations share how their encounters with Jews and Judaism have transformed their understanding and practice of Christianity They reveal how their Christian faith has been profoundly enriched by drawing inspiration from the Jewish tradition

The Jewish People and Jesus Christ After Auschwitz Jakob Jocz, 1991-10-08 The author marks the end of World War II as the closing of an important period of history and the possible new beginning for the Jewish people the church and the world at large He cites two events as of major importance the creation of the Jewish state of Israel and the second Vatican Council He takes a look at the evolution of a new kind of Judaism that is more tolerant and accepting of Jesus as Jew just as the church intensifies its commitment to Judaism Christian dialogue Originally published by Baker Book House in 1981

A Guest in the House of Israel Clark M. Genocide, Critical Issues of the Holocaust Alex Grobman, Daniel Landes, Sybil Milton, 1983

Revelation and Mystery in Ancient Judaism and Pauline Christianity Markus Bockmuehl, 2009-10-01 The theme of revealed heavenly mysteries was a commonplace in Judaism from which it passed on to Christianity Markus Bockmuehl outlines how this theme developed by showing where ideas of revelation and mystery coalesce An interesting and very thorough study Journal of Biblical Literature A thoughtful and illuminating study of a subject which rather surprisingly in the light of its centrality to the question of Christian origins has not hitherto been investigated in detail Whereas both revelation and mystery have been studied separately in the context of early Jewish and Christian literature Bockmuehl's original contribution is to examine the interconnectedness of the two ideas Journal of Jewish

Studies This book is an excellent contribution to biblical scholarship. It synthesizes the light that a biblically based mystery sheds on revelation and revelation sheds on mystery. Bockmuehl treats admirably many difficult passages and scholarly disputes. He develops the progress of biblical understanding regarding revelation and mystery carefully balancing analysis with synthesis, a talent that is somewhat rare of late. *Journal of Ecumenical Studies* A most useful study. Bockmuehl has brought together material from an enormously wide range of primary and secondary literature for which we are greatly in his debt. *Journal of Theological Studies* For single authors like Philo, Josephus, and especially Paul, Bockmuehl's studies significantly add to the discussion. *Religious Studies Review* Bockmuehl examines the concepts of revelation and mystery not as distinct entities but in their theological interplay: the revelation of heavenly mysteries. This book's breadth and depth will repay the attentive reader. *Journal for the Study of the New Testament*

Long Night's Journey into Day Alice L. Eckardt, A. Roy Eckardt, Irving Greenberg, Franklin H. Littell, 2016-11-08 Long Night's Journey Into Day is a stimulating and provocative attempt to deal with the impact and meaning of the Holocaust within contemporary Christian and Jewish thought. To Jews the Holocaust is the most terrible happening in their history, but it must also be seen as a Christian event. The Eckardts call for a radical rethinking of the Christian faith in the light of the Holocaust, examining such issues as the relation between human and demonic culpability, the charge of God's guilt, and the reality of forgiveness. They clarify the theological meaning of the Holocaust and the responsibility that must be borne for it by the Christian Church and discuss possible responses to it as exemplified in the writings of selected modern theologians and church councils. This enlarged and revised edition takes into account new topics and developments, including the issue of Austrian responsibility for the Holocaust, the significance and aftermath of Bitburg, and antisemitism in German feminism. More detailed attention is also given to other modern genocides and occasions of humanly caused mass death. Additional literary, historical, and religious works are considered, and appropriate quotations incorporated. The new edition also includes a revised preface, an updated bibliography, and two new appendices.
