Speaking Of Poetry:

The Speaking of Poetry Wallace Bertram Nichols,1949 **The Speaking of English Verse** Elsie Fogerty,1923

Sound Ideas B. Eugene McCarthy,Fran Quinn,2013 Hearing and speaking are essential to making poems live Poems are a physical experience This book explains how to find your way to the heart of a poem by taking it off the page The authors have taught poetry successfully with this method for many years and now they share it beyond their own classrooms Taking poems off the page a teacher and a poet share their years of experience making poetry live Hard to believe that anyone serious about poetry either student or teacher wouldn't want to own this book Reading *Sound Ideas* is like being in a class with the best poet and teacher of your life McCarthy and Quinn are those poet teachers each having fallen in love with poetry each having given over their lives to its beauty and power And this book is that classroom one which comes alive with force and pleasure with their shared belief that poetry itself comes truly alive when one speaks and hears it when it enters the consciousness through that breath and release when it has the power to change lives This book offers something new and necessary in the study of poetry John Hogden Poetry weds the body to the soul and *Sound Ideas* is a superb introduction to the manifold ways in which poets touch us to the core of our being This should be required reading for anyone interested in poetry particularly for those who hope to make poems themselves A brilliant book Christopher Merrill *Poetry Review*

Stephen Phillips,Galloway Kyle,1927 **Outspoken!** Sara Holbrook,Michael Salinger,2006 In *Outspoken* poet educators Sara Holbrook and Michael Salinger take you through the process of developing implementing and assessing poetry performance and beyond Beginning with ideas for encouraging even the most reluctant students to speak clearly and write from the heart this handbook uses familiar workshop structures to guide young poets toward vibrant completed pieces and an exciting dynamic delivery **Performance** ,1996 *Twentieth-Century French Poetry* Hugues Azérad,Peter Collier,2010-05-20 Modern French poetry is unique in the boldness and creativity of its experiments in form and genre from classical verse to vers libre from calligrammes to prose poems and po sie sonore This anthology includes 32 poems by French and francophone poets each followed by an accessibly written detailed commentary The different approaches adopted in the close readings by specialists in their field reflect the major trends in current literary criticism and theory A foreword by one of France's foremost poets Yves Bonnefoy a general introduction and an afterword provide a helpful theoretical framework for the study of modern poetry An extensive bibliography concise biographies of the poets and a glossary of literary terms are included Students of French and of comparative literature will gain a deeper understanding of the development of French verse and of the artistic movements especially in the visual arts which have shaped twentieth century French poetry

Speaking poetry Geoffrey H. Crump,1976 *The Moment of Speech* Annie Morrison,2021-11-18 Annie Morrison creator of the Morrison Bone Prop abandons the notion that language and thought are mainly processed in the left cerebral hemisphere and coaches the actor to speak from the heart Through this method words acquire physical properties such as

weight texture colour and kinetic force Think about Martin Luther King Mao Zedong or Malala Yousafzai potent speech impacts external events And internally it forms and shapes the world of the speaker Seeing articulation as a purely mechanical skill is detrimental to an actor s process it is crucial to understand what language is doing on a biological level This workbook is invaluable for actors both professional and in training and also for voice and speech teachers *Mute Poetry, Speaking Pictures* Leonard Barkan,2013 No detailed description available for Mute Poetry Speaking Pictures

Peter B. Howarth,2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore s accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom

made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti-charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do
