Speaking the Language of Desire Raymond Carney,1989-03-31 Although Carl Dreyer is universally acknowledged to be one of the supreme masters of world cinema it is one of the oddities of film history that beyond *The Passion of Joan of Arc* his works have seldom had the general recognition that they undeniable deserve This book is an attempt to bring his films to the awareness of contemporary filmgoers everywhere The author argues that the key to an understanding of Dryers work is to be found in an appreciation of his distinctive style

The Silents of Jesus in the Cinema (1897-1927) David Shepherd,2016-03-31 While Jesus has attracted the sporadic interest of film makers since the epics of the Sixties it is often forgotten that between the advent of motion pictures in the 1890s and the close of the silent era at the end of the 1920s some of the longest most expensive and most watched films on both sides of the Atlantic were focused on the Life and Passion of the Christ Drawing upon rarely seen archival footage and the work of both the era s most important directors e g Alice Guy Ferdinand Zecca Sidney Olcott D W Griffith Carl Dreyer and C B DeMille and others who have been all but forgotten this collection of essays offers a representative survey of the Silents of Jesus illustrating the ways in which the earliest films and those which followed were influenced by a multiplicity of factors Written by leading scholars in biblical and early film studies this collection explores the ways in which the Silents of Jesus were shaped not only by the performing and visual arts of the nineteenth century and the technological challenges and opportunities of a new medium and industry but also by the artistic theological and ideological predilections of studios and directors and the expectations of audiences as the genre evolved Taken together the essays collected here offer a seminal treatment of the genesis and early evolution of the cinematic Jesus

Video Multimedia Visual Authorship Torben Kragh Grodal, Bente Larsen, Iben Thorving Laursen, 2005 Visual Authorship is a collection of essays which offers a new approach to the study of authorship. The contributors point out that individual creativity is essential in the richly faceted media landscape of today. The individual creativity and the role of authorship are discussed in relation to film, television, computer games and the Internet. Theories of cognition and emotion offer new tools for the understanding of visual aesthetics; they explain why works of art are created by individuals and not by discourses and ideologies. Several contributors analyse in detail the works of Lars von Trier. Something Wicked Douglas Brode, Leah Deyneka, 2024-10-31 An anthology of essays that deal with Witchcraft and the figure of the Witch as they have been presented in motion pictures, television and popular culture in order to understand how, why and when the common anti-Witchcraft anti-Witch attitude evolved. Mainstream tales of Witchcraft including modern movies, novels, TV series and other examples of our popular culture more often than not express the traditional notion of a Witch as a wild, dangerous, untamable, nasty woman obsessed with a desire for power to control all around her. In most narratives such a hunger is presented as a negative. In truth, The Witch is a symbol of threatening evil only to those men and women who accept a conservative sensibility. For members of either gender who do not, The Witch is perceived as hero and role model. This collection begins with the Biblical figure of Lilith followed by Morgan le Fey from Arthurian legend, myth in literature as well as in popular culture followed by the more contemporary depictions of the Witch that start to appear in the 1960s, for example in the Bewitched sitcom, the Star Wars franchise, Harry Potter and even the television show Scooby Doo. International depictions of the Witch are discussed including Italy's Dario Argento's films *Suspiria* and *Inferno*. The final section of this collection focuses on the most iconic depictions of the Witch produced during the 21st century including *A Discovery of Witches*, *Penny Dreadful*, *Game of Thrones* and the history of the Witch in films by the Walt Disney studio from its origins more than a century ago to the latest releases, arguing that here, if perhaps surprisingly, we discover the most fair and balanced portraits of Witches in the history of film and TV. **European Directors and Their Films** Bert Cardullo, 2012-08-09 In *European Directors and Their Films: Essays on Cinema*, Bert Cardullo offers readable analyses of some of the most important film artists and individual films of the last several decades. Beyond simple biographical capsules and plot summaries, these readings demonstrate with elegance and clarity what cinema means as well as shows explaining how international moviemakers use the resources of the medium to pursue complex, significant human goals.
