

Spectaculum Volume 2 2004

Lei Shi

Spectaculum Volume 2 2004:

A History of Russian Exposition and Festival Architecture Alla Aronova, Alexander Ortenberg, 2018-10-03 This collection of thirteen vignettes addresses several important episodes in the history of Russian temporary architecture and public art from the royal festivals during the times of Peter the Great up to the recent venues including the Sochi Winter Olympics The forms and the circumstances of their design were drastically different however the projects discussed in the book share a common feature they have been instrumental in the construction of Russia's national identity with its perception of the West simultaneously a foe and a paragon looming high over this process The book offers a history of multidirectional relationships between diplomacy propaganda and architecture **Poetry Project**, 2006 *Literary Magazine Review*, 2004

The Theatrical Spectaculum Tova Gamliel, 2019-12-11 This book offers a new mythic perspective on the secret of the allure and survival of a current archaic institution the Western theatre in an era of diverse technological media Central to the theory is the spectaculum a stage world that mirrors a monotheistic cosmic order Tova Gamliel here not only alerts the reader to the possibility of the spectaculum's existence but also illuminates its various structural dimensions the cosmological ritual and sociological Its cosmo logical meaning is a Judeo Christian monotheistic consciousness of non randomness an exemplary order of the world that the senses perceive The ritual meaning denotes the centrality of the spectaculum as the theatre repeatedly reenacts the mythical and paradigmatic event of Biblical revelation Its social meaning concerns any charismatic social theory that is anchored in the epitomic structure of social sovereignty stage and audience that the Western theatre advances in an era characterized by hypermedia **Caesar and the Bellum Alexandrinum** Jan Felix Gaertner, Bianca C. Hausburg, 2013-09-18 Das Bellum Alexandrinum beschreibt die Ereignisse des römischen Bürgerkriegs zwischen 49 und 47 v Chr und berichtet von Caesars Aufenthalt im ägyptischen Alexandria und seiner Auseinandersetzung mit Ptolemaios XIII Die beiden Autoren widmen sich in diesem Buch vor allem den bisher weitgehend unerforschten Aspekten der literarischen Technik sowie den Bezügen des Bellum Alexandrinum zur griechischen und römischen Historiografie Zugleich bietet das Buch aber auch eine detaillierte Untersuchung der Sprache und rekonstruiert die Umstände der Entstehung Es zeigt dass der Bericht aus mehreren Einzelberichten zusammengefasst wurde die sich sprachlich inhaltlich und erzähltechnisch deutlich voneinander unterscheiden *The Renaissance Ethics of Music* Hyun-Ah Kim, 2015-10-06 In early modern Europe music particularly singing was the arena where body and soul came together embodied in the notion of musica humana Kim uses this concept to examine the framework within which music and song were used to promote moral education and addresses Renaissance ideas of religion education and music **Queen Hedwig Eleonora and the Arts** Lisa Skogh, 2017-07-05 As queen consort and dowager Hedwig Eleonora 1636 1715 held a unique position in Sweden for more than half a century As the dominant collector and patron of art and architecture in the realm she left a strong mark on Swedish court culture Her dynastic network among the Northern European courts was extensive and

this helped to make Sweden a major cultural center in Northern Europe in the later seventeenth century This book represents the first major scholarly publication on the full range of Hedwig Eleonora s endeavours from the financing of her court to her place within a larger princely network to her engagements with various cultural pursuits to her public image As the contributors show despite her high profile political position and conspicuous patronage Hedwig Eleonora experienced little of the animosity directed at many other foreign queens and regents such as the Medici in France and Henrietta Maria in England In this way she provides a model for a different and more successful way of negotiating the difficulties of joining a foreign court the analysis of her circumstances thus adds a substantial dimension to the study of early modern queenship Presenting much new scholarship this volume highlights one extremely significant early modern woman and her imprint on Northern European history and fosters international awareness of the importance of early modern Scandinavia for European cultural history

Opera After the Zero Hour Emily Richmond Pollock,2019-08-20 During the reconstruction of West Germany s cultural life after World War II opera resumed its central place in civic life but German cultural traditions were tainted by the horrors of National Socialism Emily Richmond Pollock s *Opera After the Zero Hour* explores composers experiments to find expressive strategies and traditional reference points could still work for new opera and promotes a more nuanced understanding of the relationship between opera and modernism

Cities and Fascination Wolf-Dietrich Sahr,2016-05-23 Bringing together leading urban scholars this book discusses the linkages between the economic social and psychological factors of the urban environment It focuses on the growth of private urbanity that has led to a spectacularization of the city the most extreme component of attention being the fascination which is aroused by attractions and state managed events The complex characteristics of this fascination are examined under the dimensions of aesthetics emotions lived experiences and power structures and governance The interdisciplinary nature of this collection has wide international appeal and will be of interest to academics of social and cultural geography and cultural and media studies

The Ashgate Research Companion to the Counter-Reformation Alexandra Bamji,Geert H. Janssen,Mary Laven,2016-03-23 In the last two decades the history of the Counter Reformation has been stretched and re shaped in numerous directions Reflecting the variety and innovation that characterize studies of early modern Catholicism today this volume incorporates topics as diverse as life cycle and community science and the senses the performing and visual arts material objects and print culture war and the state sacred landscapes and urban structures Moreover it challenges the conventional chronological parameters of the Counter Reformation and introduces the reader to the latest research on global Catholicism The Ashgate Research Companion to the Counter Reformation presents a comprehensive examination of recent scholarship on early modern Catholicism in its many guises It examines how the Tridentine reforms inspired conflict and conversion and evaluates lives and identities spirituality culture and religious change This wide ranging and original research guide is a unique resource for scholars and students of European and transnational history

St Petersburg and the Russian

Court, 1703-1761 P. Keenan, 2013-06-24 This book focuses on the city of St Petersburg the capital of the Russian empire from the early eighteenth century until the fall of the Romanov dynasty in 1917 It uses the Russian court as a prism through which to view the various cultural changes that were introduced in the city during the eighteenth century **The Dynastic**

Centre and the Provinces, 2014-04-17 The dynastic centre and the provinces were linked by agents and ritual occasions

This book includes contributions by specialists examining these connections in late imperial China early modern Europe and the Ottoman empire suggesting important revisions and an agenda for comparison **War as Spectacle** Anastasia

Bakogianni, Valerie M. Hope, 2015-10-22 War as Spectacle examines the display of armed conflict in classical antiquity and its impact in the modern world The contributors address the following questions how and why was war conceptualized as a spectacle in our surviving ancient Greek and Latin sources How has this view of war been adapted in post classical contexts and to what purpose This collection of essays engages with the motif of war as spectacle through a variety of theoretical and methodological pathways and frameworks They include the investigation of the portrayal of armed conflict in ancient Greek and Latin Literature History and Material Culture as well as the reception of these ancient narratives and models in later periods in a variety of media The collection also investigates how classical models contribute to contemporary debates about modern wars including the interrogation of propaganda and news coverage Embracing an interdisciplinary approach to the study of ancient warfare and its impact the volume looks at a variety of angles and perspectives including visual display and its exploitation for political capital the function of internal and external audiences ideology and propaganda and the commentary on war made possible by modern media The reception of the theme in other cultures and eras demonstrates its continued relevance and the way antiquity is used to justify as well as to critique later conflicts Wonder and Skepticism in

the Middle Ages Keagan Brewer, 2016-01-29 Wonder and Skepticism in the Middle Ages explores the response by medieval society to tales of marvels and the supernatural which ranged from firm belief to outright rejection and asks why the believers believed and why the skeptical disbelieved Despite living in a world whose structures more often than not supported belief there were still a great many who disbelieved most notably scholastic philosophers who began a polemical programme against belief in marvels Keagan Brewer reevaluates the Middle Ages reputation as an era of credulity by considering the evidence for incidences of marvels miracles and the supernatural and demonstrating the reasons people did and did not believe in such things Using an array of contemporary sources he shows that medieval responders sought evidence in the commonality of a report similarity of one event to another theological explanations and from people with status to show that those who believed in marvels and miracles did so only because the wonders had passed evidentiary testing In particular he examines both emotional and rational reactions to wondrous phenomena and why some were readily accepted and others rejected This book is an important contribution to the history of emotions and belief in the Middle Ages

Festivals in Latin Literature Anke Walter, 2025-04-26 Festivals feature prominently in Latin literature even in works

that are not explicitly dedicated to festive days like Ovid's *Fasti*. Festivals in Latin Literature explores the role of festivals in elegiac lyric and epic poetry as well as historiography. In all of these festivals play a more pervasive role than has so far been realised. Tibullus' elegiac oeuvre rests on an interplay between amatory and festive poetics that even has a political meaning to it and Propertius uses festivals in his fourth book of elegies to question from an amatory perspective the memory typically associated with some key Roman festivals. In the poetry of Sulpicia and Ovid's *Tristia*, festivals allow voices that are otherwise marginalised to shape their own fame and commemoration. Horace's *Odes* and the *Carmen saeculare* rest on an intriguing interplay of festivity in the private sphere which forms but a fleeting and precious moment and the monumentality of public festivals in which the poet styles himself as a master of Roman time. Post-Vergilian Latin epicists use festivals to explore the fragility of human identity in a world dominated by the gods in Ovid's *Metamorphoses* and to question further the commemoration connected with festive days. In particular Statius in his *Thebaid* undermines the foundational importance of festivals in the *Aeneid*, vividly staging the problematic meaning of festivals that convey a premature commemoration of an epic conflict that is unspeakable *nefas*. Finally in Livy's *ab urbe condita* and Tacitus' *Histories*, festivals both provide structure and capture long-term developments in Roman history, including Rome's rise to power and the collapse of its morals, while situating both works in broader historiographical and intertextual dialogues. The book sheds new light on these authors and works, uncovering their unique festive poetics. It demonstrates that Latin literature adds important new aspects to our general understanding of festivals, which, as seen throughout the book, offer even richer avenues of creating meaning and shaping or questioning commemoration than is often assumed.

[Dynastic Marriages 1612/1615](#) Margaret M.

McGowan, 2016-04-29 The union of the two royal houses, the Habsburgs and the Bourbons, in the early seventeenth century illustrates the extent to which marriage was a tool of government in Renaissance Europe and festivals a manifestation of power and cultural superiority. With contributions from scholars representing a range of disciplines, this volume provides an all-round view of the sequence of festivals and events surrounding the dynastic marriages which were agreed upon in 1612 but not celebrated until 1615, owing to the constant interruption of festivities by Protestant uprisings. The occasion inspired an extraordinary range of records: from exchanges of political pamphlets, descriptions of festivities, visual materials, the music of songs and ballets, and the impressions of witnesses and participants. The study of these remarkable sources shows how a team of scholars from diverse disciplines can bring into focus again the creative genius of artists, painters, architects and costume designers, musicians and poets, experts in equestrianism, in pyrotechnics and in the use of symbolic languages. Their artistic efforts were staged against a background of intense political diplomacy and continuing civil strife, and yet the determination of Marie de Médicis and her advisers and of the Duke of Lerma brought to a triumphant conclusion negotiations and spectacular commemorations whose legacy was to inform festival art throughout European courts for decades. In addition to printed and manuscript sources, the volume identifies ways of giving future researchers access to

festival texts and studies through digitization making the book both an in depth analysis of a particular occasion and a blueprint for future engagement with digital festival resources *Catalogue of the Library of the Late Richard Heber*, 1834

The Oxford Handbook of Neo-Latin Sarah Knight, Stefan Tilg, 2015-05-01 From the dawn of the early modern period around 1400 until the eighteenth century Latin was still the European language and its influence extended as far as Asia and the Americas At the same time the production of Latin writing exploded thanks to book printing and new literary and cultural dynamics Latin also entered into a complex interplay with the rising vernacular languages This Handbook gives an accessible survey of the main genres contexts and regions of Neo Latin as we have come to call Latin writing composed in the wake of Petrarch 1304-74 Its emphasis is on the period of Neo Latin's greatest cultural relevance from the fifteenth to the eighteenth centuries Its chapters written by specialists in the field present individual methodologies and focuses while retaining an introductory character The Handbook will be valuable to all readers wanting to orientate themselves in the immense ocean of Neo Latin literature and culture It will be particularly helpful for those working on early modern languages and literatures as well as to classicists working on the culture of ancient Rome its early modern reception and the shifting characteristics of post classical Latin language and literature Political social cultural and intellectual historians will find much relevant material in the Handbook and it will provide a rich range of material to scholars researching the history of their respective geographical areas of interest *Church Dogmatics The Doctrine of Creation, Volume 3, Part 1* Karl Barth, 2004-03-08 Described by Pope Pius XII as the most important theologian since Thomas Aquinas the Swiss pastor and theologian Karl Barth continues to be a major influence on students scholars and preachers today Barth's theology found its expression mainly through his closely reasoned fourteen part magnum opus *Die Kirchliche Dogmatik* Having taken over 30 years to write the *Church Dogmatics* is regarded as one of the most important theological works of all time and represents the pinnacle of Barth's achievement as a theologian T T Clark International is now proud to be publishing the only complete English translation of the *Church Dogmatics* in paperback *Law and Ethics in Greek and Roman Declamation* Eugenio Amato, Francesco Citti, Bart Huelsenbeck, 2015-03-10 Ancient declamation the practice of delivering speeches on the basis of fictitious scenarios defies easy categorization It stands at the crossroads of several modern disciplines It is only within the past few decades that the full complexity of declamation and the promise inherent in its study have come to be recognized This volume which contains thirteen essays from an international team of scholars engages with the multidisciplinary nature of declamation focusing in particular on the various interactions in declamation between rhetoric literature law and ethics Contributions pursue a range of topics but also complement each other Separate essays by Brescia Lentano and Lupi explore social roles their tensions and expectations as defined through declamation With similar emphasis on historical circumstances Quiroga Puertas and Tomassi consider the adaptation of rhetorical material to frame contemporary realities Schwartz draws attention to the sometimes hazy borderline between declamation and the courtroom The relationship

between laws and declamation a topic of abiding importance is examined in studies by Berti Breij and Johansson Also with an eye to the complex interaction between laws and declamation Pasetti offers a narratological analysis of cases of poisoning Citti discovers the concept of natural law represented in declamatory material While looking at a case of extreme cruelty Huelsenbeck evaluates the nature of declamatory language emphasizing its use as an integral instrument of performance events Zinsmaier looks at discourse on the topic of torture in rhetorical and legal contexts

Whispering the Strategies of Language: An Mental Journey through **Spectaculum Volume 2 2004**

In a digitally-driven earth wherever displays reign great and immediate conversation drowns out the subtleties of language, the profound techniques and mental subtleties hidden within phrases often get unheard. Yet, located within the pages of **Spectaculum Volume 2 2004** a captivating literary treasure blinking with organic thoughts, lies an exceptional quest waiting to be undertaken.
