Speculations Thomas Ernest Hulme, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company **Speculations**, 1977 *Speculations* T. E. Hulme, 2011-11-30 The history of the philosophers we know but who will write the history of the philosophic amateurs and readers Who will tell us of the circulation of Descartes who read the book and who understood it Or do philosophers like the mythical people on the island take in each other's washing Are they the only readers of each other's books For I take it a man who understands philosophy is inevitably irritated into writing it The few who have learnt the jargon must repay themselves by employing it A new philosophy is not like a new religion a thing to be merely thankful for and accepted mutely by the faithful It is more of the nature of food thrown to the lions the pleasure lies in the fact that it can be devoured It is food for the critics and all readers of philosophy I suppose are critics and not faithful ones waiting for the new gospel **Speculations** Thomas Ernest Hulme, 1965 Speculations Herbert Read, 2010-11-05 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company Speculations Thomas Ernest Hulme, 1954 **Speculations** Thomas E. Logan, 2016-05-13 Humphrey Jennings ranks amongst the greatest film makers of twentieth century Britain Although a relatively unknown figure to the

wider public his war time documentaries are regarded by many including Lord Puttnam Lindsay Anderson and Mike Leigh as amongst the finest films of their time Groundbreaking both in terms of their technique and their interest in and respect for the everyday experiences of ordinary people these films are much more than mere government propaganda Instead Jennings work offers an unparalleled window into the British home front and the hopes fears and expectations of a nation fighting for its survival Yet until now Jennings has remained a shadowy figure with his life and work lacking the sustained scholarly investigation and reassessment they deserve As such film and social historians will welcome this new book which provides an up to date and thorough exploration of the relationships between Jennings life ideas and films Arguing that Jennings s film output can be viewed as part of a coherent intellectual exercise rather than just one aspect of the artistic interests of a wide ranging intellectual Philip Logan paints a much fuller and more convincing picture of the man than has previously been possible He shows for the first time exactly how Jennings s artistic expression was influenced by the fundamental intellectual social and cultural changes that shook British society during the first decades of the twentieth century Combining biography social history and international artistic thought the book offers a fascinating insight into Jennings his work the wider British documentary film movement and the interaction between art and propaganda Bringing together assessments of his tragically short life and his films this book is essential reading for anyone with an interest in British cinema or the social history of Britain in the 1930s and 40s
