Spensers Amoretti Analogies Of Love

Patrick Cheney

Spensers Amoretti Analogies Of Love:

Spenser's Amoretti William Clarence Johnson,1990 This work analyzes Spenser's setting of the entire Amoretti courtship against a backdrop of sacred time and his efforts to demonstrate the interpenetration of the divine and the human. The eighty-nine sonnets are shown to be sequential in their complex pattern of balanced themes, structural frameworks, developing images, and clusters of etymological wordplay. *Echoes of Desire* Heather Dubrow,2018-03-15 *Echoes of Desire* variously invokes and interrogates a number of historicist and feminist premises about Tudor and Stuart literature by examining the connections between the anti-Petrarchan tradition and mainstream Petrarchan poetry. It also addresses some of the broader implications of contemporary critical methodologies. Heather Dubrow offers an alternative to the two predominant models used in previous treatments of Petrarchism: the all-powerful poet and silenced mistress on the one hand, and the poet as subservient patron on the other. **Spenser's Heavenly Elizabeth** Donald Stump,2019-11-07 This book reveals the queen behind Edmund Spenser's *The Faerie Queene*. Placing Spenser's epic poem in the context of the tumultuous sixteenth century, Donald Stump offers a groundbreaking reading of the poem as an allegory of Elizabeth I's life. By narrating the loves and wars of an Arthurian realm that mirrors Elizabethan England, Spenser explores the crises that shaped Elizabeth's reign: her break with the pope to create a reformed English Church, her standoff with Mary Queen of Scots, offensives against Irish rebels and Spanish troops, confrontations with assassins and foreign invaders, and the apocalyptic expectations of the English people in a time of national transformation. Brilliantly reconciling moral and historicist readings, this volume offers a major new interpretation of *The Faerie Queene*. **The Song of Songs and Its Tradition in Renaissance Love Lyric** Camilla Caporicci,2025-01-29 Traditionally attributed to King Solomon and called by Rabbi Akiva the Holy of Holies among sacred Scriptures, *Mishnah Yadayim* 3:5, the *Song of Songs* is one of the most fascinating and controversial biblical books and played an essential role in the shaping of European spirituality and culture. Combining in a unique way a sensual and deeply lyrical celebration of love with a well-established tradition of Christian allegorical interpretation, this text crucial to both the Middle Ages and the early modern period held a particular appeal for poets devoted not only to religious verse but also to love poetry. *The Song of Songs and Its Tradition in Renaissance Love Lyric* is the first systematic and wide-ranging investigation of the multifaceted use of the *Song of Songs* in Renaissance love lyric poetry, with specific attention to Italian, French, and especially English poetic production. At the same time, this investigation is embedded into a narrative that comprises two initial chapters devoted to medieval poetry and to Francesco Petrarca, represents an unprecedented attempt to trace the role of the *Song of Songs* in the rise and development of the European love lyric, following its path or rather one of its paths from the medieval origins of this tradition to the end of the sixteenth century. The picture of the general impact of the *Song of Songs* in the development of the European love lyric is combined with in-depth analysis of key works by specific authors, including Dante Alighieri, Francesco Petrarca, Torquato Tasso, Marguerite de

Navarre Anne de Marquets Cl ment Marot Richard Barnfield Edmund Spenser William Shakespeare John Donne Elizabeth Melville and Aemilia Lanyer promoting a contextualization of their significance within a new interpretative framework While the comparative standpoint characterizing this study fosters a deeper comprehension of the evolution of the European love lyric its multidisciplinary approach which considers the Song of Songs as the centre of a web of dynamics pertaining to the fields of literature philosophy theology and religious and cultural history contributes to the understanding of the thought and spirit of ages crucial to the shaping of European culture

The Rhetoric of Courtship in Elizabethan Language and Literature Catherine Bates, 1992-06-18 The Rhetoric of Courtship is about the literature of the Elizabethan period with a particular focus on the literature of the court This book considers how writers and courtiers related to Elizabeth I within a system of patronage and how they portrayed this relationship in fictional courtship of poetry and prose

The Cambridge History of English Poetry Michael O'Neill, 2010-04-29 A literary historical account of English poetry from Anglo Saxon writings to the present

The Shorter Poems Edmund Spenser, Richard McCabe, 2006-12-07 Although he is most famous for *The Faerie Queene* this volume demonstrates that for these poems alone Spenser should still be ranked as one of England's foremost poets Spenser's shorter poems reveal his generic and stylistic versatility his remarkable linguistic skill and his mastery of complex metrical forms The range of this volume allows him to emerge fully in the varied and conflicting personae he adopted as satirist and eulogist elegist and lover polemicist and prophet The volume includes *The Shepheardes Calender* *Complaints* and *A Theatre for Wordlings*

The Limits of Eroticism in Post-Petrarchan Narrative Dorothy Stephens, 1998-11-26 Although theories of exploitation and subversion have radically changed our understanding of gender in Renaissance literature to favour only those theories is to risk ignoring productive exchanges between masculine and feminine in Renaissance culture Appropriation is too simple a term to describe these exchanges as when Petrarchan lovers flirt dangerously with potentially destructive femininity Spenser revises this Petrarchan phenomenon constructing flirtations whose participants are figures of speech readers or narrative voices His plots allow such exchanges to occur only through conditional speech but this very conditionality powerfully shapes his work Seventeenth century works including a comedy by Jane Cavendish and *Elizabeth Brackley* and *Upon Appleton House* by Andrew Marvell suggest that the civil war and the upsurge of female writers necessitated a reformulation of conditional erotics

Architectural Rhetoric in Shakespeare and Spenser Jennifer C. Vaught, 2019-09-23 Jennifer C Vaught illustrates how architectural rhetoric in Shakespeare and Spenser provides a bridge between the human body and mind and the nonhuman world of stone and timber The recurring figure of the body as a besieged castle in Shakespeare's drama and Spenser's allegory reveals that their works are mutually based on medieval architectural allegories exemplified by the morality play *The Castle of Perseverance* Intertextual and analogous connections between the generically hybrid works of Shakespeare and Spenser demonstrate how they conceived of individuals not in isolation from the physical environment but in profound relation to it This book approaches the

interlacing of identity and place in terms of ecocriticism posthumanism cognitive theory and Cicero's art of memory Architectural Rhetoric in Shakespeare and Spenser examines figures of the permeable body as a fortified yet vulnerable structure in Shakespeare's comedies histories tragedies romances and Sonnets and in Spenser's *Faerie Queene* and *Complaints* *The Cambridge Companion to Spenser* Andrew Hadfield, 2001-06-18 The Cambridge Companion to Spenser provides an introduction to Spenser that is at once accessible and rigorous Fourteen specially commissioned essays by leading scholars bring together the best recent writing on the work of the most important non-dramatic Renaissance poet The contributions provide all the essential information required to appreciate and understand Spenser's rewarding and challenging work The Companion guides the reader through Spenser's poetry and prose and provides extensive commentary on his life the historical and religious context in which he wrote his wide reading in Classical European and English poetry his sexual politics and use of language Emphasis is placed on Spenser's relationship to his native England and to Ireland where he lived for most of his adult life as well as the myriad of intellectual contexts which inform his writing A chronology and further reading lists make this volume indispensable for any student of Spenser **A Critical Companion to Spenser Studies** Bart Van Es, 2005-11-30 This book provides an authoritative guide to debate on Elizabethan England's poet laureate It covers key topics and provides histories for all of the primary texts Some of today's most prominent Spenser scholars offer accounts of debates on the poet from the Renaissance to the present day Essential for those producing new research on Spenser *Edmund Spenser* Colin Burrow, 1996 In this approachable and informative book Colin Burrow clarifies the genres and conventions of work in Spenser's poetry *Spenser's Famous Flight* Patrick Cheney, 1993-12-15 In Spenser's famous Flight Patrick Cheney challenges the received wisdom about the shape and goal of Spenser's literary career He contends that Spenser's idea of a literary career is not strictly the conventional Virgilian pattern of pastoral to epic but a Christian revision of that pattern in light of Petrarch and the Reformation Cheney demonstrates that far from changing his mind about his career as a result of disillusionment Spenser embarks upon and completes a daring progress that secures his status as an Orphic poet In October Spenser calls his idea of a literary career the famous flight Both classical and Christian culture has authorized the myth of the winged poet as a primary myth of fame and glory Cheney shows that throughout his poetry Spenser relies on an image of flight to accomplish his highest goal **Edmund Spenser and the romance of space** Tamsin Badcoe, 2019-07-30 Edmund Spenser and the romance of space seeks to gauge the roles that aesthetic subjectivity and the imagination play in early modern spatial and textual practices *A New Companion to English Renaissance Literature and Culture* Michael Hattaway, 2010-05-10 In this revised and greatly expanded edition of the Companion 80 scholars come together to offer an original and far-reaching assessment of English Renaissance literature and culture A new edition of the best-selling Companion to English Renaissance Literature revised and updated with 22 new essays and 19 new illustrations Contributions from some 80 scholars including Judith H. Anderson Patrick Collinson Alison Findlay Germaine

Greer Malcolm Jones Arthur Kinney James Knowles Arthur Marotti Robert Miola and Greg Walker Unrivalled in scope and its exploration of unfamiliar literary and cultural territories the Companion offers new readings of both literary and non literary texts Features essays discussing material culture sectarian writing the history of the body theatre both in and outside the playhouses law gardens and ecology in early modern England Orientates the beginning student while providing advanced students and faculty with new directions for their research All of the essays from the first edition along with the recommendations for further reading have been reworked or updated

Spenser's Legal Language Andrew Zurcher, 2007 This volume explores Spenser's linguistic experimentation and his engagement with political and particularly legal thought and language in his major works demonstrating by thorough lexical analysis and illustrative readings how Spenser figured the nation both descriptively and prescriptively

Mythologies of Internal Exile in Elizabethan Verse A.D. Cousins, 2018-10-26 Writers of the English Renaissance like their European contemporaries frequently reflect on the phenomenon of exile an experience that forces the individual to establish a new personal identity in an alien environment Although there has been much commentary on this phenomenon as represented in English Renaissance literature there has been nothing written at length about its counterpart namely internal exile marginalization or estrangement within the homeland This volume considers internal exile as a simultaneously twofold experience It studies estrangement from one's society and correlatively from one's normative sense of self In doing so it focuses initially on the sonnet sequences by Sidney Spenser and Shakespeare which is to say the problematics of romance then it examines the verse satires of Donne Hall and Marston likewise the problematics of anti romance This book argues that the authors of these major texts create mythologies via the myths of and accumulated mythographies about Cupid satyrs and Proteus through which to reflect on the doubleness of exile within one's own community These mythologies at times accompanied by theologies of alienation suggest that internal exile is a fluid and complex experience demanding multifarious reinterpretation of the incongruously expatriate self The monograph thus establishes a new framework for understanding texts at once diverse yet central to the Elizabethan literary achievement

Metaphors of Confinement Monika Fludernik, 2019 *Metaphors of Confinement* The Prison in Fact Fiction and Fantasy offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors

through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods

The Facts on File Companion to British Poetry Before 1600 Michelle M. Sauer, 2008 Some of the most important authors in British poetry left their mark on literature before 1600 including Geoffrey Chaucer Edmund Spenser and of course William Shakespeare The Facts On File Companion to British Poetry before 1600 is an encyclopedic guide to British poetry from the beginnings to the year 1600 featuring approximately 600 entries ranging in length from 300 to 2 500 words

From Renaissance to Baroque Louis Lohr Martz, 1991 English religious poetry Donne and Herbert Donne's Anniversaries revisited The generous ambiguity of Herbert's Temple Marlowe's amorous poem Spenser's Amoretti Pure and impure pastoral The Winter's tale The masks of mannerism Thomas Carew Richard Crashaw Vaughan and Rembrandt
