Kathryn Blair Moore, 2017-02-27 In the absence of the bodies of Christ and Mary architecture took on a special
representational role during the Christian Middle Ages marking out sites associated with the bodily presence of the dominant
figures of the religion Throughout this period buildings were reinterpreted in relation to the mediating role of textual and
pictorial representations that shaped the pilgrimage experience across expansive geographies In this study Kathryn Blair
Moore challenges fundamental ideas within architectural history regarding the origins and significance of European
recreations of buildings in Jerusalem Bethlehem and Nazareth From these conceptual foundations she traces and re
interprets the significance of the architecture of the Holy Land within changing religious and political contexts from the First
Crusade and the emergence of the Franciscan Custody of the Holy Land to the anti Islamic crusade movements of the

beloved sculptors of the twentieth century yet in recent decades his work has fallen out of favor in the world of contemporary

art criticism This handsome book examines this intriguing contradiction and seeks to reassess Moore's crucial contribution to art of the last century Looking at Moore's early engagements with primitivism his 1930s dialogue with abstraction and surrealism and his postwar interest in large scale public sculpture the authors show how the sculptor helped to define some of the most significant aspects of modernism The authors also contextualize within the polemics of early modernism Moore's emphasis on direct carving instead of modeling and the necessary balance between abstraction and what he called the psychological human element Moore's early sculpture largely unfamiliar to the general public is given particular attention enabling the reader to explore the evolution of thematic and formal elements in his work and his ongoing response to different materials Photographs some by Moore himself of over 120 works including plasters maquettes carvings bronzes and drawings are featured many of which are previously unpublished
