**THE ART OF BEING YOU** Moe Dalz,2022-10-02 It's obvious that sometimes the high rated percentages of happiness is brought to us by doing our own ways that's why we always need to breathe and figure out on how we can build a better version of our own selves A lot of things in life have got so many sadness bonded in more than happiness That's why it's very easy to fake a smile but it's comparatively hard to fake sorrow in reality because everyone needs and deserves to be happy Sometimes we may feel less like we need someone or something to cover up what we have been passing through or the things we encounter here and there but trust me None of them things matters We only need to be open in the eyes again and again every day when we see something is not right because we are not the first ones to face challenges and we are not special means anything can happen to us in any time and it can hurt us sometimes or make us happy This is more often depends on the personality and the attitude Trust me you need no one to make things happen I mean no one from inside but you You can keep your friends and family and you can be so happy with them but again when you think in a deep thoughts you will return to what I'm saying here President Barrack Obama needed no one but himself on his ways of becoming the first black president of America originated from East Africa Kenya The same thing happened to all successful people who have made changes in some sort of fields like politics football basketball music mechanics computing etc It is clearly open that people who are surrounding you right now are nothings to you You give them respects and you are happy with them but they are completely nothing when it comes to you including your parents sometimes
