Karasu, Toksoz Byram Karasu, 2005 Given the fact that 50% of marriages end in divorce you would think marriage wouldn't be so popular but getting married is one of the most popular of all life events In fact many new couples are willing to face considerable debt for the wedding ceremony alone It seems that many people spend more time on planning the wedding than on thinking about marriage and what it entails The Art of Marriage Maintenance is about marital life after the wedding It is about psychological and biological difficulties between men and women that make marriage so challenging It is about why passion is in danger of fading within marriage how hormones exacerbate behavior and how the brain confounds us It is about how pregnancy and having young children and adolescents often catapult a marriage to its breaking point and how the stresses of mid life contribute to marital discord It is in effect how to ensure a happy enduring marriage It is the art of marriage maintenance *The Art of Sherlock Holmes: West Palm Beach* Phil Growick, 2019-10-08 The Art of Sherlock Holmes is a totally unique experience Imagine a dozen or more of the finest artists in the U S creating art for some the best new short stories written by some of the finest Holmes authors in the world Each artist has envisioned their version of one story specifically selected for them All stories and art in one large hardcover coffee table presentation volume This first edition features artists from West Palm Beach Florida Future editions will be global with participating artists contributing from all over the world The Art of Sherlock Holmes was conceived and curated by Phil Growick himself a renowned Holmes author *The Cambridge Companion to Crime Fiction* Martin Priestman, 2003-11-06 This Companion covers British and American crime fiction from the eighteenth century to the end of the twentieth As well as discussing the detective fiction of writers like Arthur Conan Doyle Agatha Christie and Raymond Chandler it considers other kinds of fiction where crime plays a substantial part such as the thriller and spy fiction It also includes chapters on the treatment of crime in the eighteenth century literature French and Victorian fiction women and black detectives crime on film and TV police fiction and postmodernist uses of the detective form *The Art of Doing Science and Engineering* Richard W. Hamming , 2020-05-26 A groundbreaking treatise by one of the great mathematicians of our age who outlines a style of thinking by which great ideas are conceived What inspires and spurs on a great idea Can we train ourselves to think in a way that will enable world changing understandings and insights to emerge Richard Hamming said we can He first inspired a generation of engineers scientists and researchers in 1986 with *You and Your Research* an electrifying sermon on why some scientists do great work why most don't why he did and why you can and should too The Art of Doing Science and Engineering is the full expression of what *You and Your Research* outlined It's a book about thinking more specifically a style of thinking by which great ideas are conceived The book is filled with stories of great people performing mighty deeds but they are not meant simply to be admired Instead they are to be aspired to learned from and surpassed Hamming consistently returns to Shannon's information theory Einstein's theory of relativity Grace Hopper's work on high level programming Kaiser's work on digital filters and his own work on error correcting codes He also recounts a

number of his spectacular failures as clear examples of what to avoid Originally published in 1996 and adapted from a course that Hamming taught at the US Naval Postgraduate School this edition includes an all new foreword by designer engineer and founder of Dynamicland Bret Victor plus more than 70 redrawn graphs and charts The Art of Doing Science and Engineering is a reminder that a capacity for learning and creativity are accessible to everyone Hamming was as much a teacher as a scientist and having spent a lifetime forming and confirming a theory of great people and great ideas he prepares the next generation for even greater distinction
