The Art Of Prophesying New England Sermons And The Shaping Of Belief:

The Art of Prophesying Teresa Toulouse, 1987-01-01 *A History of Preaching Volume 1* Rev. O.C. Edwards JR., 2016-04-25

A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1 contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth—all of their distinctive contributions receive careful attention. Yet lesser known figures and developments also appear: from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching; to Howell Harris and Daniel Rowlands, preachers of the eighteenth century Welsh revival; to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2, available separately as 9781501833786, contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in scope, fair-minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver, and listen to a sermon, *A History of Preaching* will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission, which studies church uniting and church dividing issues. *A History of Preaching* is ecumenical in scope and will be relevant in all our churches; we all participate in this field, says Riggs.

Jeremiah's Scribes Meredith Marie Neuman,2013-06-13 New England Puritan sermon culture was primarily an oral phenomenon and yet its literary production has been understood mainly through a print legacy In *Jeremiah's Scribes* Meredith Marie Neuman turns to the notes taken by Puritan auditors in the meetinghouse in order to fill out our sense of the lived experience of the sermon By reconstructing the aural culture of sermons Neuman shifts our attention from the pulpit to the pew to demonstrate the many ways in which sermon auditors helped to shape this dominant genre of Puritan New England Tracing the material transmission of sermon texts by readers and writers hearers and notetakers *Jeremiah's Scribes* challenges the notion of stable authorship by individual ministers Instead Neuman illuminates a mode of textual production that pervaded communities and occurred in the overlapping media of print manuscript and speech Even printed sermons she demonstrates bore the traces of their roots in the oral culture of the meetinghouse Bringing material considerations to bear on anxieties over the perceived relationship between divine and human language *Jeremiah's Scribes* broadens our understanding of all Puritan literature Neuman examines the controlling logic of the sermon in relation to nonsermonic writing such as conversion narrative ultimately suggesting the fundamental permeability among disparate genres of Puritan writing

The Captive's Position Teresa A. Toulouse,2013-04-23 Why do narratives of Indian captivity emerge in New England between 1682 and 1707 and why are these texts so centrally concerned with women s experience supported and even written by a powerful group of Puritan ministers In *The Captive s Position* Teresa Toulouse argues for a new interpretation of the captivity narrative one that takes into account the profound shifts in political and social authority and legitimacy that occurred in New England at the end of the seventeenth century While North American narratives of Indian captivity had been written before this period by French priests and other European adventurers those stories had focused largely on Catholic conversions and martyrdoms or male strategies for survival among the Indians In contrast the New England texts represented a colonial Protestant woman who was separated brutally from her family but who demonstrated qualities of religious acceptance humility and obedience until she was eventually returned to her own community Toulouse explores how the female captive s position came to resonate so powerfully for traditional male elites in the second and third generation of the Massachusetts colony Threatened by ongoing wars with Indians and French as well as by a range of royal English interventions in New England political and cultural life figures such as Increase Mather Cotton Mather and John Williams perceived themselves to be equally challenged by religious and social conflicts within New England By responding to and employing popular representations of female captivity they were enabled to express their ambivalence toward the world of their fathers and toward imperial expansion and thereby to negotiate their own complicated sense of personal and cultural identity Examining the captivity narratives of Mary Rowlandson Hannah Dustan Hannah Swarton and John Williams who comes to stand in for the female captive Toulouse asserts the need to read these gendered texts as cultural products that variably engage shape and confound colonial attitudes toward both Europe and the local scene in Massachusetts In doing so *The Captive s Position* offers a new story of the rise and breakdown of orthodox Puritan captivities and a meditation on the relationship between

dreams of authority and historical change **Eloquence Is Power** Sandra M. Gustafson,2012-12-01 Oratory emerged as the first major form of verbal art in early America because as John Quincy Adams observed in 1805 eloquence was POWER In this book Sandra Gustafson examines the multiple traditions of sacred diplomatic and political speech that flourished in British America and the early republic from colonization through 1800 She demonstrates that in the American crucible of cultures contact and conflict among Europeans native Americans and Africans gave particular significance and complexity to the uses of the spoken word Gustafson develops what she calls the performance semiotic of speech and text as a tool for comprehending the rich traditions of early American oratory Embodied in the delivery of speeches she argues were complex projections of power and authenticity that were rooted in or challenged text based claims of authority Examining oratorical performances as varied as treaty negotiations between native and British Americans the eloquence of evangelical women during the Great Awakening and the founding fathers debates over the Constitution Gustafson explores how orators employed the shifting symbolism of speech and text to imbue their voices with power The Arnoldian ,1990 Nineteenth Century Prose ,1988 **Puritan Evangelism** Clifford B Boone,2014-07-08 Scholarly investigation of English Puritanism has included descriptions of Puritan theology and preaching The relationship between the two however has not been thoroughly investigated This study focuses upon the relationship between the theology held by the puritan preacher and the content and delivery of his sermons
