The Art of the Pacific Islands, 1979      **The Art of the Pacific Islands** Douglas Newton, 19??      **Primitive Art of the Pacific Islands** Jane P. Powell, Martin L. Friedman, 2013-03      *The Art of the Pacific Islands* P. W. Gathercole, Adrienne L. Kaeppler, Douglas Newton, National Gallery of Art (U.S.), 1979

In spite of the wealth it has to offer the art of the Pacific Islands remains perhaps the least known of the world's art to the modern audience Throughout this mass of islands there existed hundreds of cultures many of them sustained by only a few hundred people The cultures developed into richly disparate modes with elaborate social systems and highly refined systems of intellectual and religious life Most striking of all however is that these cultures created an extraordinary range of art styles to express and serve their beliefs The aim of the exhibition this catalog accompanied was to highlight objects that were made before or collected at the earliest contact by Westerners and which therefore reflect the most pristine state of the cultures Many of the works included had never before been published or exhibited

*Pacific Art in Detail* Jennifer Newell, 2011 Across the great breadth of the Pacific artists have always employed a wide variety of materials and techniques to create objects for specific purposes from the domestic to the sacred from the elegantly simple to the sumptuously ornate and from the historic to the contemporary In this book the author draws on striking and colourful examples from the Pacific's major cultural regions Polynesia Melanesia and Micronesia beginning with an introduction asking What is Pacific art Every artwork is reproduced in close detail with intriguing elucidating captions enabling comparisons between diverse objects and media Ideal as an introduction to any museum or gallery visit a spur to creative inspiration or simply an insight into the wealth of art from Oceania this beautiful book offers a striking and unusual view and evokes and honours the skills of the most accomplished artists and craft workers of the Pacific past and present

Arts of the Pacific Islands Anne D'Alleva, 2010 In this comprehensive survey of the art of the Pacific Islands including the Melanesian Polynesian Micronesian and New Guinean traditions author Anne D'Alleva explains the significance of these artworks by contextualizing them within each island's unique culture and practices In the process D'Alleva examines the biases of both artists and Western viewers telling an important history of both people and ideas through a detailed analysis of sculpture paintings textiles dance jewelry and architecture As these nations faced alternating periods of isolation colonization and contact with each other and the West their forms of art were drastically altered to incorporate foreign influences and to develop autonomous identities and cultural independence Therefore their artistic practices explore the inherent tension between tradition and modernity within these communities Ranging from the prehistoric period to the modern era and accompanied by a timeline bibliography and glossary of terms this book raises important questions for continued debate and study of the art of the Pacific Rim
