The Art of the Story-Teller Marie L. Shedlock, 2023-09-14 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision **The Art of the Story-teller** Marie L. Shedlock, 1915 *The Art of the Story-teller* Marie L. Shedlock, 1916 **The Art of the StoryTeller** Marie Shedlock, 2016-12-02 Miss Shedlock has put together in this little book such observations and suggestions on story telling as can be put in words Those who have the artist s spirit will find their sense of values quickened by her words and they will be led to escape some of the errors into which even the greatest artists fall To those who know the book is a revelation of the intimate relation between a child s instincts and the finished art of dramatic presentation To those who do not know it will bring echoes of reality from the Preface This classic is now republished for modern writers and storytellers to perfect their craft The goal is riveted readers that want to buy your next book and the one after The degree you can tell a story and breathe life into its characters will measure your success as a storyteller and so an author Get Your Copy Now **The Art of the Story-Teller** Shedlock Marie L, 2016-06-21 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy The Art of the Story-teller Marie L. Shedlock, 1951-01-01 A master storyteller shows storytelling as a literary form of communication teaches how to tell stories and get effects and lists selected stories Art of the Story-Teller , 1915 The Art of the Story-Teller Marie L. Shedlock, 2018-10-10 The Art of the Story Teller Large Print By Marie L Shedlock Some day we shall have a science of education comparable to the science of medicine but even when that day arrives the art of education will still remain the inspiration and the guide of all wise teachers The laws that regulate our physical and mental development will be reduced to order but the impulses which lead each new generation to play its way into possession of all that is best in life will still have to be interpreted for us by the artists who with the wisdom of years have not lost the direct vision of children The Art of the Story-Teller Marie L. Shedlock, 2016-09-05 The Art of the Story Teller by Marie L Shedlock Storytelling is the conveying of events in words images and sounds often by improvisation or embellishment Story telling is almost the oldest art in the world the first conscious form of literary communication In the East it still survives and it is not an uncommon thing to see a crowd at a street corner held by the simple narration of a story There are signs in the West of a growing interest in this ancient art and we may yet live to see the renaissance of the troubadours and the minstrels whose appeal will then rival that of the mob orator or itinerant politician One of the surest signs of a belief in the educational power of the story is its introduction into the curriculum of the training college and the classes of the elementary and secondary schools It is just at

the time when the imagination is most keen the mind being unhampered by accumulation of facts that stories appeal most vividly and are retained for all time *Art of the Story-teller* Marie L. Shedlock,1920 [The Art of the Story-Teller \(Classic Reprint\)](#) Marie L. Shedlock,2017-11-22 Excerpt from The Art of the Story Teller The justification of the old fashioned moral was not artistic but didactic It embodied the determination of the story teller to see that his pupils got the full benefit of the lesson involved If the moral is to be cut out the story teller must be sure that the lesson is so clearly conveyed in the text that any further elaboration would be felt as an impertinent addition Whately assures us that men prefer metaphors to Similes because in the Simile the point is baldly stated whereas in the metaphor the reader or hearer has to be his own interpreter All education is in the last resort self education and Miss Shedlock sees to it that her stories compel her hearers to make the application she desires In two other points modern opinion is prepared to give our authoress rein where our forefathers would have been inclined to restrain her The sense of humour has come to its proper place in our school rooms pupils humour be it understood for there always was scope enough claimed for the humour of the teacher So with the imagination The time is past when this mode of being conscious was looked at askance in school Parents and teachers no longer speak contemptuously about the busy faculty and quote Genesis in its condemnation Miss Shedlock has been well advised to keep to her legitimate subject instead of wandering afield in a Teutonic excursion into the realms of folk lore What parents and teachers want is the story as here and now existing and an account of how best to manipulate it This want the book now before us admirably meets About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Art of the Storyteller** Marie L. Marie L. Shedlock,2015-10-16 Some day we shall have a science of education comparable to the science of medicine but even when that day arrives the art of education will still remain the inspiration and the guide of all wise teachers The laws that regulate our physical and mental development will be reduced to order but the impulses which lead each new generation to play its way into possession of all that is best in life will still have to be interpreted for us by the artists who with the wisdom of years have not lost the direct vision of children Some years ago I heard Miss Shedlock tell stories in England Her fine sense of literary and dramatic values her power in sympathetic interpretation always restrained within the limits of the art she was using and her understanding of educational values based on a wide experience of teaching all marked her as an artist in story telling She was equally at home in interpreting the subtle blending of wit and wisdom in Daudet the folk lore philosophy of Grimm or the deeper world philosophy and poignant human appeal of Hans Christian Andersen Then she came to America

and for two or three years she taught us the difference between the nightingale that sings in the tree tops and the artificial bird that goes with a spring Cities like New York Boston Pittsburgh and Chicago listened and heard if sometimes indistinctly the notes of universal appeal and children saw the Arabian Nights come true *The Art of Story-Teller (Part 1-2-3)* Marie L. Shedlock,2021-02-23 The Art of Story Teller Part 1 2 3 has been considered a very important part of the human history but is currently not available in printed formats Hence so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format so that it is never forgotten and always remembered by the present and future generations These books are not made of scanned copies of their original work and hence the text is clear and readable This whole book has been reformatted retyped and designed **Childhood Regained** Fernando Savater,1982 This is a collection of chapters each on a favorite book or author of Savater s and each book or author is an example of an archetype of literature Savater does not write academic analysis but as someone who reads and loves literature He recalls the enthusiasm of a child reading a good story for the first time and he recalls the stories he has re read and remembered ART OF STORY-TELLER Marie L. Shedlock,2016-08-24 *The Art of the Story-Teller ... Revised Edition* Marie L. SHEDLOCK,1936 The Art of Storytelling John D. Walsh,2003-01-01 Whether speaking in front of a small gathering or a large congregation public speaking strikes fear into the heart of the bravest person Plagued by stuttering and resultant school problems John Walsh still found himself called to be a preacher He has written The Art of Storytelling to encourage and teach anyone with a fear of public speaking how to speak successfully confidently and compellingly This book is especially relevant for anyone preparing any form of weekly Bible teaching **The Art of the Story-Teller - Primary Source Edition** Marie L. Shedlock,2014-02 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book The Art of the Story-Teller Marie L.
