The Artifice Of Ethics The Moorhouse Lectures:

Richard Hooker and Anglican Moral Theology A.J. Joyce, 2012-02-23 The first major study to examine Richard Hooker's foundational contribution to Anglican moral theology in detail

Living Medicine Margaret Turner-Warwick, 2005

The Church of England and Divorce in the Twentieth Century Ann Sumner Holmes, 2016-10-04 Attitudes towards divorce have changed considerably over the past two centuries As society has moved away from a Biblical definition of marriage as an indissoluble union to that of an individual and personal relationship secular laws have evolved as well Using unpublished sources and previously inaccessible private collections Holmes explores the significant role the Church of England has played in these changes as well as the impact this has had on ecclesiastical policies This timely study will be relevant to ongoing debates about the meaning and nature of marriage including the theological doctrines and ecclesiastical policies underlying current debates on same sex marriage

The Cult of the Market Lee Boldeman, 2007-10-01 The Cult of the Market Economic Fundamentalism and its Discontents disputes the practical value of the shallow all encompassing dogmatic economic fundamentalism espoused by policy elites in recent public policy debates along with their gross simplifications and sacred rules Economics cannot provide a convincing overarching theory of government action or of social action more generally Furthermore mainstream economics fails to get to grips with the economic system as it actually operates It advocates a more overtly experimental eclectic and pragmatic approach to policy development which takes more seriously the complex interdependent evolving nature of society and the economy Importantly it is an outlook that recognises the pervasive influence of asymmetries of wealth power and information on bargaining power and prospects throughout society The book advocates a major reform of the teaching of economics Provided by publisher

Preventing Corporate Accidents Robert Whittingham, 2012-06-25 The passing of the Corporate Manslaughter and Corporate Homicide Bill in the UK and increasing public and investor pressure for good Corporate Governance and Corporate Social Responsibility means organizations now more than ever need to ensure they do all they can to prevent major accidents However past experience shows that just implementing safety management systems is not enough and this book makes the case for a more holistic and ethical approach to improving corporate systems as a whole Preventing Corporate Accidents shows how major accidents can result from human error and defects in corporate systems The book describes accident prevention strategies from safety culture safety management systems foresight and planning to safety regulations corporate ethics corporate social responsibility and the learning organization Barry Whittingham illustrates with international case studies from various industries how and why these defences have failed in the past and more importantly how to strengthen corporate systems to prevent future major accidents The case studies include The loss of the space shuttle Columbia Infant heart surgery at Bristol Royal Infirmary The Davis Besse nuclear power plant incident The fire and explosion at the Conoco Phillips Humber oil refinery Herald of Free Enterprise and Southall rail accident manslaughter prosecutions This book is essential reading for all

those with a professional interest in health and safety management the control of major risk and accident prevention in particular for directors senior managers and health safety professionals in high hazard industries and public operations such as nuclear chemicals construction oil and gas energy manufacturing and transportation Barry Whittingham has worked as a senior manager design engineer and consultant for the chemical nuclear offshore oil and gas railway and aviation sectors He developed a career as a safety consultant specializing in the human factors aspects of accident causation Barry is a Fellow of the Safety and Reliability Society
