## **The Arts Humanities 2024:**

**Humanities 2024** ,1996      **Invisible Cultural Policy in America** Eleonora Redaelli,2025-08-11 0      **Humanities 2024** Wocholz,1998      **Artists in Education** ,1983      **Reading Faces** Edward Higgs,2025-10-20 Reading Faces is the first book to discuss the historical contexts and theoretical underpinnings of the artificial intelligence AI systems that identify individuals or purport to ascribe emotions and characteristics to them based on their facial features It examines the direct impact of past research on the development of AI systems the way in which the past provides contexts which have predisposed people to accept outputs of AI systems as common sense how the role of politics and the changing nature of the state have led to the introduction of AI systems and their precursors how previous technologies led to the acceptance of the introduction of superficially similar AIs and how the outputs and biases such as purported associations between race and criminality of facial biometrics systems have been determined by the historical nature of the underlying datasets they analyze Reading Faces approaches these issues within the sweep of Western History how it has shaped conceptual categories about the application and ethics of AI and tried to foist those ideas and values on the Global South This book is essential reading for postgraduates scholars as well as non specialist readers such as booksellers and librarians interested in modern AI technology      *Casting the Art of Rhetoric with Theater and Drama* Adrienne E. Hacker Daniels,2025-06-12 Casting the Art of Rhetoric with Theater and Drama Taking Center Stage explores rhetoric and theater as they relate to one another developing the understanding of rhetoric as theory and praxis This book addresses rhetorical themes and cultural resonances as well as the oft overlooked symbiosis of rhetoric and theater Rather than addressing audiences as either observers of rhetorical artifacts or theatrical performance this work demonstrates the intersection of the two which strengthens theatrical events and their cultural significance Overall the volume showcases the many ways in which an understanding of the relationship between rhetorical and poetic theories can benefit dramatic convention and the breaking thereof      *Research and Development in British Theatre* Tom Cantrell,Katherine Graham,Karen Quigley,Mark Love-Smith,2025-05-29 This is the first book to explore the rich range of research and development R D practices in contemporary British theatremaking Featuring chapters by internationally recognised researchers as well as interviews with innovative theatremakers this book analyses the work of some of the most exciting theatre companies in Britain This collection draws on conversations with Selina Thompson Rosie Elnile Third Angel and many others offering hints and tips for your own creative practice The book argues passionately for the funding of R D recognising its enormous significance to British theatre making processes      Fostering Humanism in Surgery Fabrice Jotterand,Clara Bosco,2025-04-21 This book offers an examination of the importance of humanism in surgical education and practice As technology is increasingly dictating the way of being and doing in medicine there is an urgent need to re consider what medical humanism can offer to sustain the professional identity of surgeons and contribute to the training of future surgeons Bioethics usually considered as major source for the

professional identity of surgeons is ill suited for such a task as it has produced a process of moral reasoning that is less interested in questions of personal and professional identity and more devoted to principles of obligation concerning right actions and pragmatic considerations that optimize outcomes *Fostering Humanism in Surgical Practice* provides an intellectually robust medical ethics beyond bioethics and a vision of medicine qua surgery medical professionalism and medical humanism re oriented toward the promotion of character development compassionate care and human flourishing for both patients and surgeons This volume will be targeted at a wide scholarly audience including researchers from medicine philosophy of medicine the humanities philosophy of technology medical anthropology information robotics medical engineering law and others This text can be used in introductory or advanced courses in the philosophy of medicine science and technology studies and philosophy of technology
