Opoku-Ampomah, 1995 *The Fall of the Asante Empire* Robert B. Edgerton, 2010-06-15 For the first time anthropologist Robert Edgerton tells the story of the Hundred Year War from 1807 to 1900 between the British Empire and the Asante Kingdom from the Asante point of view In 1817 the first British envoy to meet the king of the Asante of West Africa was dazzled by his reception A group of 5 000 Asante soldiers many wearing immense caps topped with three foot eagle feathers and gold ram s horns engulfed him with a zeal bordering on phrensy shooting muskets into the air The envoy was escorted as no fewer than 100 bands played to the Asante king s palace and greeted by a tremendous throng of 30 000 noblemen and soldiers bedecked with so much gold that his party had to avert their eyes to avoid the blinding glare Some Asante elders wore gold ornaments so massive they had to be supported by attendants But a criminal being lead to his execution hands tied ears severed knives thrust through his cheeks and shoulder blades was also paraded before them as a warning of what would befall malefactors This first encounter set the stage for one of the longest and fiercest wars in all the European conquest of Africa At its height the Asante empire on the Gold Coast of Africa in present day Ghana comprised three million people and had its own highly sophisticated social political and military institutions Armed with European firearms the tenacious and disciplined Asante army inflicted heavy casualties on advancing British troops in some cases defeating them They won the respect and admiration of British commanders and displayed a unique willingness to adapt their traditional military tactics to counter superior British technology Even well after a British fort had been established in Kumase the Asante capital the indigenous culture stubbornly resisted Europeanization as long as the golden stool the sacred repository of royal power remained in Asante hands It was only after an entire century of fighting that resistance ultimately ceased **Britain at War**

The SAGE Encyclopedia of African Cultural Heritage in North America Mwalimu J. Shujaa, Kenya J. Shujaa, 2015-07-13 The Encyclopedia of African Cultural Heritage in North America provides an accessible ready reference on the retention and continuity of African culture within the United States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as transmitted from one person to another Second that African people continuously create their own cultural history as they move through time and space Third that African descended people living outside of Africa are also contributors to and participate in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable

to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic political and geographic issues that are the focus of similar recent reference works We also focus less on biographies of individuals and political and economic ties and more on processes and manifestations of African cultural heritage and continuity
